**Dear Participant,**

**Greetings from SVCE,**

**This mail finds you in good health and prosperity.**

**Thank you for registering to the expert live webinar on "Unmanned Aerial Vehicle – Sky Boon", organized by the Quality Management Center(QMC), Department of**

**Mechanical Engineering, Sri Venkateswara College of Engineering, Sriperumbudur – 602 117, on 04-07-2020 between 5.00 PM and 6.30 PM.**

The webinar platform is **Google Meet (G-Meet)** and meeting id is

**<https://meet.google.com/gzh-qzxm-hiu?hs=122&authuser=0>**

**Participants are requested to:**

1. Login into your Gmail (use join meeting option).
2. Enter the meeting id (G-Meet) / link , which is mentioned above.
3. Kindly join the meeting 10 mins before the scheduled time.
4. **Mute both microphone and video** while joining the G-Meet for smooth conduction and remain muted till the end of the session.
5. Participants are requested to post **queries in the chat box (in G-Meet)**, all queries will be addressed by the expert at the end of the session.
6. Participants are requested to avoid posting your personal identity in the chat box (in G-Meet ).
7. The feedback and certificate registration form will be circulated at the end of the session in the chat box (in G-Meet)
8. Participants are requested to fill the form with all credentials and will receive the E-Certificate in email before the end of the day.

Please note that your feedback is mandatory to get your certificates.

Looking forward to your active participation and brainstorming interactions.

With regards

**Organizing Committee**

**Dr.S.Gopinath , Professor/MEC**

**Mr.M.Nishal (9677120751) , AP/MEC**

**Mr.K.Ram Prasad (8248107726) , AP/MEC**

**Mr.J. Sivaramapandian, AP/MEC**

One Star Performer from Student: Ms.Selvi,8778493644, Selvierulappan1009@gmail.com

**One Page Writeup & Benifits:**

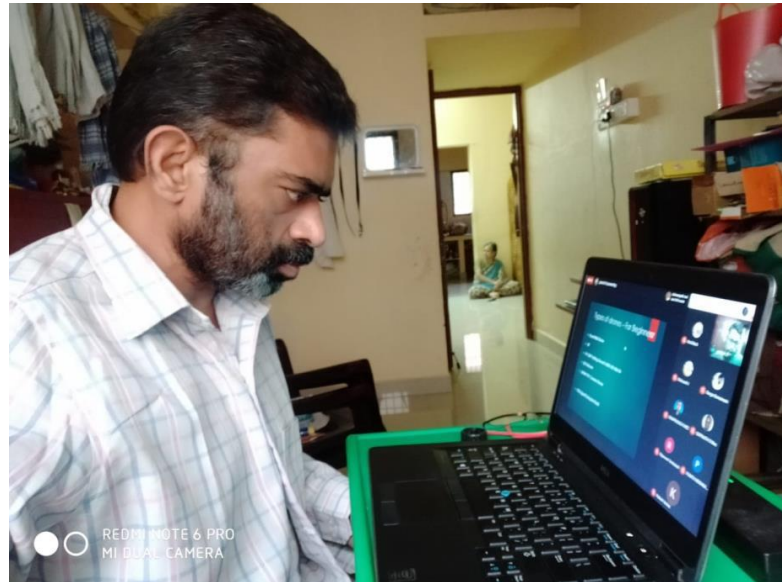

The main objective of this webinar was to give students and participants across various disciplines a clear insight about the basics of drones and its functions.The resource person Mr.Ganesh Subramanian is a certified FAA drone pilot who also has 10+ years of work experience as Professor in Panimalar Engineering College. Various types of drones and their respective functioning of components were discussed in detail with special focus on Industrial purpose drones. The procedure to get a drone license and its legal restrictions were presented to the students. The students were highly satisfied with the contents and the delivery through which they were able to ask various questions to the resource person.

The major beneficiaries from this program could be the students across various disciplines who came to know the various applications of drones and the importance of cross functional working across departments, which is very much required for fabrication of a successful drone.
