

SRI VENKATESWARA COLLEGE OF ENGINEERING

MUSIC CLUB REPORT

ACADEMIC YEAR 2020-21

MYSTERY JAM EVENT

Music club of SVCE in association with the Manoke app conducted an online “MYSTERY JAM” competition on the 1st and 2nd August, 2020. Manoke is a popular and an award-winning App that has been there for 3+ years and provides access to some of the popular Indian music where one can learn and play their favourite songs on guitar, keyboard and drums. It gives access to the lyrics for the songs and frees you from maintaining notes using the traditional book and paper. They are very popular amongst the various colleges in Chennai. Manokè has been doing several creative events and competitions like these in the past years with several colleges.

Music Club of SVCE collaborated with Manoke to conduct the first ever 'Mystery Jam' competition for our students. This was a team event where students grouped themselves into teams of minimum of 4 members and virtually came together. The best teams were awarded prizes by Manoke. This is a unique event where the musicians did not know what the other musician is singing or playing. Totally 6 bands competed in this event. Basically a tempo and scale was given to all team members of a band and six hours were given for each team to come up with their final track. All the final videos were posted on music club SVCE’s social media channel. The winning band was chosen by the judges from Manoke app and the runner up team was decided on the basis of total number of likes and shares. The

winner were Team C lead by Ms. Divya Gurumoorthy, 4th year CSE department and the runner up team were Team D lead by Ms.Tanvee, 4th year ECE. The winning teams were given prizes worth 5k by the Manoke app.

ONLINE AUDITION EVENT

The Music club of SVCE organised an Online Audition event for the first year students of SVCE on May 16th, 2021 via Zoom. The music club is a great platform for students to showcase their talents in vocals and playing instruments. This one day audition event gave the first year students an opportunity to perform to the judges and to the other participants. The event was a grand success with around 60 students participating in the event. Out of this 25 students were evaluated by the judges and were selected as members of music club on various categories.
