- 3. Webinar links**
- 4. List of participants**

Report on Event

The event started with the Welcome Address by Dr. R. Anitha, Professor & Head/CSE & Ms. P. Vinothiyalakshmi AP/CSE introduced the Guest Speaker Dr. Ruso, Associate Consultant, Wipro Limited, Chennai.

After the welcome address Ms. P. Vinothiyalakshmi has briefed about the Object oriented programming importance. He handed over the session to Dr. Ruso. The Speaker briefed on the importance of Java programming. He explained about the java packages. He explained about the various tools like Maven, Spring suite etc.

He stated that the Java is a programming language which is compatible with any platforms. He said that once the java classes are created we shall be able to execute the class in any operating system. He explained the importance of Java Virtual Machine (JVM). He also explained briefly about java programming fundamentals (day 1), collection framework and multithreading (day 2), java I/O stream (day 3), database connectivity and core java random test (day 4).

He explained about his experience of using Java programming in various domains. At the end of his talk, he also conveys that it is very easy to implement using Java programming language. Then, at the last session the students were written the core java random test also.

The Vote of Thanks was presented by Ms. P. Vinothiyalakshmi AP/CSE. The event then ended successfully.
