

# *A Reflection Report*

**Webinar**

**On**

**“Mobile Application Development in 2020”**

**Organized by**

**Department of Computer Science and  
Engineering**

**July 16, 2020**

## **Co-ordinators**

**Ms.S.Rajalakshmi AP/CS**

**Ms.R.Bhuvaneshwari AP/CS**

**Ms.J.Buvana AP/CS**

**Mr.A.Sowmyanarayanan AP/CS**

## **Contents**

- 1. Report on Event**
- 2. Invitation and Agenda**
- 3. Details of the participants**
- 4. Feedback from participants**

## **Report on Event**

The event started with the Welcome Address by Dr. R. Anitha, Professor & Head/CSE. She introduced the Guest Speaker Mr.Dineshswamy Paranthaman, Senior Software Engineer, noon.com.

She handed over the session to Mr. Dineshswamy Paranthaman. The Speaker briefed about the Mobile App Development in various field and their market trends. Also he compared the popularity of App between Andriod and iOS platform along with the languages which has been used to build in. He has explained well enough with the problems with Native App Development. He has provided with the information about the cross platform frameworks (React native) that we use. He has explained why HTML5 has failed on App development. He has briefed about the architecture of React native, Flutter. Also he briefed about the languages that get use in React native and Flutter.

He has given a demo through his mobile with a small Native app. Through which he has explained how much memory, energy, network have been utilized by the running App. He also clarified the doubts of the audience about the risk involved in development of Mobile App.

The Vote of Thanks was presented by Ms.S.Rajalakshmi, Assistant Professor, CSE. The event then ended successfully.
