

A Reflection Report

Two Day FDP

On

Recent Trends in Google Cloud

Organized by

**Department of Computer Science and
Engineering**

Date: 20th & 21st July 2020 (Monday & Tuesday)

Time: 4:30 P.M – 5.45 P.M

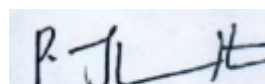

Co-ordinators

Dr.P.Janarthanan Assoc.Prof/CSE

Mr.K.Srinivasan AP/CSE

Mr.P.Selvamani AP/CSE

Mr.M.P.Lakshmana Kumar AP/CSE

Dr. P. Janarthanan

Approved by,
Dr. R. Anitha,
HOD - CSE

Contents

- 1. Report on Event**
- 2. Invitation and Agenda**
- 3. Acceptance from Speaker**
- 3. Details of the participants**
- 4. Feedback from participants**

Report on Event

The event started with the Welcome Address by Dr. P.Janarthanan, Associate Professor,CSE. He introduced the Guest Speaker Mr.A.SathyaNarayanan,Senior Google Cloud Consultant from Capegemini, Chennai. He is an Prominent Alumnae MCA (2013-batch) of our pride institution.

Day:1

Then he handed over the session to Mr.A.Sathya Narayanan. The Speaker briefed about the recent developments in Google cloud with his experience gained from various projects. He also emphasized the Google platform in cloud data storage and the challenges facing while migrating the data from the server. He also briefed about the distinguishing features of Google Cloud Platform that he is handling in the field of cloud data structure along with the experiments involved in it. Also he added the techniques and approach of how to handle the challenges also. Also, he discussed the importance of how Google Cloud Platform fare against competitors like AWS. Also he has given some key ideas to start developing the application in Google Right Way.

Day:2

On continuing his Day 2 session with how the Google data flows in batch Processing and streaming of the data with GCP. Also he narrated the way data can be

accessed by using Big Query and Cloud Functions. finally he ended up the session with how to develop an app with zero coding and also he clarifies the queries asked from participants.

Dr.R.Anitha, Professor Head, Dept. of CSE, has shared their inputs that they have gained in the 2 Day FDP. With the vote of thanks from Mr.K.Srinivasan, Assistant Professor, Dept. of CSE the event came to an end successfully.

Hello Sir

Thanks for the invitation. I am glad to take part in this event. Please consider this mail as my acceptance for the same.

Regards

Sathya

[Quoted text hidden]

Agenda

Day - 1

1. Need of Cloud Computing
2. What is Cloud Computing
3. Cloud Services and Providers
4. What Google Cloud Platform is and why you'd use it
5. Distinguishing features in GCP
6. Automating the deployment of modern applications
7. Services of Google Cloud Platform
8. How does Google Cloud Platform fare against competitors?
9. Google Cloud Platform Vs Other Cloud
10. Powering possibilities with Google Cloud
11. Certifications path in Google Cloud
12. Tips and tricks to start developing the application with Google Right away
13. GCP Demo's
14. Q&A Session

Day - 2 (Data Engineering with GCP)

1. Batch Processing with Google Dataflow
2. Streaming Data with GCP
3. Google BigQuery
4. Cloud Function
5. Google Dataproc
6. Develop app with Zero Coding
7. Q&A Session

Google Cloud Platform

- Sathya Narayanan Anbu,
Senior Cloud Consultant

Breadth-First Technologies

1:11 / 1:23:53

What is Cloud Computing

Cloud computing is the delivery of on-demand computing services – from applications to storage and processing power – typically over the internet and on a pay-as-you-go basis.

Services - IaaS, PaaS, SaaS.
