Report on Webinar: “Transitioning from academia to industry”

DATE: 30th January,2021

TIME: 2PM

OBJECTIVES:

The main objective of the webinar was to understand the academia -Industry interaction. The webinar also focussed on learning about the organization and networking with others in the industry.

ABOUT THE PROGRAM:

A webinar on “**Transitioning from academia to industry**” was organized by department of chemical engineering in association with IIC- SVCE Chennai on 30th January ,2021 through google meet.

The programme started with introductory note about the speaker. Then the session was handed over to the speaker, Mr.S. Goutham, Senior Process Engineer, Technip India Limited, Chennai,

The speaker started his talk on how to excel in an industry job and how important it is to learn about the organization and the industry one works in. He also talked about networking with others in the industry. He also insisted on developing industry mindset and need to know the right business language and how to translate ideas into marketable applications.

Then, the online platform was opened for question and answer session. The speaker answered to all the queries raised by the participants. The session was ended with a vote of thanks.

BENEFITS:

The webinar helped the participants to understand the academia-industry interaction. It also helped participants to understand global trends and realities, and the industry news in general.
