REPORT ON MATLAB APPLICATIONS IN PROCESS SIMULATION AND CONTROL

Date: 23rd & 24th June, 2020

Time: 10:30 am to 12:30 pm.

Objectives (Maximum 50 words):

To give an insight into MATLAB applications in process simulation and control from basic concepts to advanced applications

About the programme (Min 500 words):

The department of Chemical Engineering, Sri Venkateswara College of engineering (SVCE), organized two day online workshop on “**MATLAB Applications in Process simulation and Control**” in association with SVCE student chapters of IChE and AIChE. This is the first webinar organized by department of Chemical Engineering during the COVID’19 lockdown period. The workshop was held on 23rd & 24th May, 2020 from 10:30 am to 12:30 pm.

In this workshop, participant’s registration was done via the Google form: <https://forms.gle/Qx7P11GH4Awscpfj7> and using the following YouTube live link the MATLAB workshop was conducted

Link for Day 1: 23rd May, 2020 (10:30 am – 12:30 pm): <https://youtu.be/awkmvk-i-fa>

Link for Day 2: 24th May, 2020 (10:30 am – 12:30 pm): <https://youtu.be/mtbfyz0ztl8>

A total number of 588 participants were registered for the workshop out of which 445 participants were attended the workshop. The participants attended the workshop are from all the parts of our country with the background of Chemical Engineering, Mechanical Engineering, Electrical and Electronics Engineering, Electronics and communication engineering, Instrumentation and Control, etc.

The two day workshops was inaugurated with the welcome speech of Dr.N.Meyyappan, Professor and HOD, Department of Chemical Engineering, SVCE and with an enlighten talk of Dr. G. Sakthivel, Professor, Department of Electronics and Instrumentation Engineering, Annamalai University,

Chidambaram who is an expert person in Process control and Automation. He had delivered wonderful lectures in both the days about the MATLAB applications in process simulation and control from basic concepts to advanced applications which were very much useful and more informative to all the participants. The participants were actively participated and with interaction.

The workshop was come to an end on second day of the workshop with the feedback from the entire participants and thanks note by Dr.R.Govindarasu, Associate Professor, Department of Chemical Engineering, SVCE. After receiving feedback from the participants, the e-certificate for participation in the workshop was sent to their registered email id.

Benefits (Maximum 50 words):

Participants gained valuable knowledge about process simulation and control using MATLAB with various industrial applications. This workshop is most useful to all the beginners to build their research in MATLAB based programming.
