## DEPARTMENT OF CHEMICAL ENGINEERING

### Report on Webinar: “Heat, Work and Energy and their relevance in Thermodynamics”

DATE: 07<sup>th</sup> March, 2018

TIME: 10.45 AM

#### **OBJECTIVES:**

The main objective of the webinar was to understand the basics of Thermodynamics. The webinar also focused on learning about the application and significance of Thermodynamics in the industry.

#### **ABOUT THE PROGRAM:**

A webinar on “Heat, Work and Energy and their relevance in Thermodynamics” was organized by faculty and student members of department of chemical engineering in association with IChE - SVCE Student Chapter Chennai on 07th March, 2018 in Video Hall.

The programme started with the Tamizhthai vazhthu followed by the introductory note about the speaker. Then the session was handed over to the speaker, Dr. D.SUBRAMANIAN, Retired Professor, Laxminarayan Institute of Technology, Nagpur University, Nagpur

The speaker started his talk on how to excel in an industry and how important it is to learn about the organization and the industry one works in. He also talked about the basics of Thermodynamics in detail and its unique applications. He also insisted on networking with others in the industry and need to know the right business language and how to translate ideas into marketable applications.

Then, the platform was opened for question and answer session. The speaker answered to all the queries raised by the participants. The session was ended with a vote of thanks.

#### **BENEFITS:**

The webinar helped the participants to understand the application of Thermodynamics in chemical sector via interaction. It also helped participants to understand global trends and realities, and the industry in general.
