### Report on Guest Lecture: "Chemical Engineer: A Strategic Problem Solver for Environmental Challenges"

DATE:12<sup>TH</sup> March, 2019 TIME:10:30AM TO 12:30PM

#### **OBJECTIVES:**

The main objective was to understand the role of a chemical engineer as a strategic problem solver for environmental challenges, also to understand the phenomena and consequences of climate change.

#### **ABOUT THE PROGRAMME:**

Guest lecture on "Chemical Engineer: A Strategic Problem Solver for Environmental Challenges" was organized by faculty and student members of department of chemical engineering in association with IICHE and AICHE SVCE Chennai on 19th March, 2019 at function hall in SVCE.

The programme started with Tamizhthai vaazhthu followed by introductory note about the guest. Then the session was handed over to the guest, Mr. C. Muthuraj, Assistant Engineer, Perundurai – SIPCOT, Tamil Nadu Control Board.

The guest started with a brief introduction about the role of a chemical engineer as a strategic problem solver for environmental challenges. He delivered an elaborate speech on the various environmental challenges faced and also how to tackle them effectively. The global warming and climate change were discussed in detail.

Then question and answer session was held. The guest answered to all the queries raised by the participants. The guest lecture was ended with vote of thanks.

#### **BENEFITS:**

The guest lecture helped participants to understand the role of a chemical engineer as a strategic problem solver for environmental challenges and motivated them to work towards a better environment.

#### PREPARED BY:

Dr. D. Swaminathan **Associate Professor**
