**DEPARTMENT OF CHEMICAL ENGINEERING****Report on Guest Lecture: “MARINE ORGANISMS: DEVILS OR ANGELS?”**DATE: 9<sup>th</sup> October, 2018

TIME: 10:30AM

**OBJECTIVES:**

The main objective was to know about the characteristics of Marine organisms and understand the various effects of marine organisms on human life.

**ABOUT THE PROGRAMME:**

Guest lecture on “MARINE ORGANISMS: DEVILS OR ANGELS?” was organized by faculty and student members of department of chemical engineering in association with ACT and IICHE- SVCE students chapter Chennai on 9<sup>th</sup> October, 2018 at SVCE video hall.

The programme started with Tamizhthai vaazhthu followed by introductory note about the guest. Then the session was handed over to the guest, Dr Kanagarajan Umapathi Scientist-Institute of Marine Microbes and Ecospheres & State Key Laboratory of Marine Environmental Science China.

The guest started the lecture with an introduction on marine organisms, the various aquatic life forms and then it was elaborated in detail on how impactful this was on human life. The presentation went on to become more interesting when the speaker explained several facts about marine life and it's effect on the ecosystem.

Then question and answer session was held. The guest answered to all the queries raised by the participants. The guest lecture was ended with vote of thanks.

**BENEFITS:**

The guest lecture helped the students to understand the importance of marine life and to perceive the consequences of their existence on human life.

**PREPARED BY:**

Dr D. Swaminathan  
Associate professor  
Department of Chemical Engineering  
Sri Venkateswara college of Engineering.
