One Day National Level Conference on “Technological Innovation in Clean Energy Generation and Environmental Remediation”

**Event Name: Technological Innovation in Clean Energy Generation
and Environmental Remediation.**

Event date: 04th October, 2019

Number of Participants: 32

Total papers selected: 21

Total posters selected: 4

Reflection Report:

The department of Chemical Engineering, Sri Venkateswara College of engineering (SVCE), organized a national level Conference - **Technological Innovation in Clean Energy Generation and Environmental Remediation 2019** in association with SVCE student chapters of IChE, AIChE and ACT.

A total number of 32 participants have registered in this conference in which 21 papers are selected for presentation and 4 posters presentations were selected. The External participants are students from Chennai and other districts of Tamilnadu such as Erode Sengunthar College of Engineering, S.R.M University, Shri Andal alagar College of Engineering and internally students of SVCE from Bio-Technology and Physics departments also participated in this Conference.

The conference was inaugurated by Dr. S. P. Subramaniam, Deputy Controller of Patents & Designs, Guindy Patent office, and he shared all his experiences in Patenting under various categories. The Chief Guest also highlighted about the difficulties and gave an idea to overcome it legally in filing Patents. The participant also interacted and raised lot of queries and the session was very much exchanging each perspective. After the lecture the much awaited Paper presentation was started.

This conference had two Paper presentation sessions and also one Poster Presentation conducted in parallel sessions.

For the Paper Presentation, participants were short listed on the basis of their abstracts submitted by them before the due date. Short listed participants were allowed to present

during the first session and Time allotted for their presentation was a max of 5 minutes followed by questioning session for about 2 minutes. They were evaluated according to their way of presentation, novelty of the idea and for their experimental results.

Abstracts for the event Poster Track (Poster Presentation), were shortlisted and the finalists displayed their poster on the allotted table in their respective venue. Posters were examined by the judges and scored based upon presentation and understanding.

After the completion of all the events, results were analyzed and the participants assembled in the video hall for the valedictory function. Dr. S.Krishnan (Dean Academic) presided as chief guest for the valedictory function and distributed the Certificates for winners of Paper and Poster Presentations.
