

SRI VENKATESWARA COLLEGE OF ENGINEERING
Pennalur, Sriperumbudur Tk. – 602 117

DEPARTMENT OF CHEMICAL ENGINEERING

In association with
ASSOCIATION OF CHEMICAL TECHNOLOGISTS
&
IICChE – SVCE STUDENTS CHAPTER

Cordially invite you for a guest lecture
On
Recent advances in Chemical Engineering

By
PROF. P. V. RAMACHANDRAN
Professor
Purdue university
West Lafayette, USA

Venue : Video Hall
Date & Time : 08.08.2017, 10.45 a.m

ALL ARE WELCOME !!!

DEPARTMENT OF CHEMICAL ENGINEERING

Report on Webinar: “RECENT ADVANCES IN CHEMICAL ENGINEERING”

DATE: 08th August,2017

TIME: 10:45AM

OBJECTIVES:

The main objective of the webinar was to understand the academia -Industry interaction and recent innovations in the field of chemical engineering. The Webinar was also focused on learning about the organization and networking with others in the Industry.

ABOUT THE PROGRAM:

A seminar on “**Recent advances in chemical engineering**” was organized by department of chemical engineering in association with ACT & IIChe- SVCE student chapter, Chennai on 08th August ,2017 .

The program started with the welcome address by the Office bearers of ACT & IIChe - SVCE Student Chapter, followed by introductory note about the speaker. Then the session was handed over to Prof. P. V. Ramachandran, Professor, Purdue university ,West Lafayette, USA for the guest lecture.

The speaker started his talk on how the world has moved forward in innovations especially in industry and how important it is to learn about the organization and the new technologies in the industry. He also talked about networking with others in the industry. He also insisted on developing industry mindset and need to know the right business language and how to translate ideas into marketable applications. Then, the session was opened for question and answer interaction. The speaker answered to all the queries raised by the participants. The session was ended with a vote of thanks.

BENEFITS:

The webinar helped the participants to understand the Career growth, along with the technology advances via interaction. It also helped participants to understand global trends and realities in general.
