

YRC-SVCE UNIT

ENVIRONMENT AWARENESS PROGRAMME

CARE Club of SVCE in association with YRC-SVCE Unit organized an environment awareness program on 27th of December 2018. Prof.T.Murugavel HOD, HSS Department, SVCE welcomed the chief guest Mr .Madhav Patil, an environmentalist from Mumbai and initiated the programme. Mr.Madhav Patil started the session with his ideology “BATHPILL” to the crowd. Literally, bathpill means “skip a bath”. But Mr. Madhav defines bathpill as “sacrifice, dedication & concern”. According to Madhav’s ideology, skipping a bath inversely helps our farmers. Because each human being spends around 20 litres of water daily for bath alone. If we do so, billion litres of water can be saved daily in the world. Then he introduced another concept of NAILFREE trees. He added that, It is not fair to nail a tree. He advised the gathering to preach the idea of nailfree trees to a maximum extent. YRC chair person Dr.R.Govindarasu gifted a drop of water to our guest. Members of YRC-SVCE rendered a great support to make the event a grand success. The event made the importance of environment and the need to preserve it for the future.
