YRC-SVCE UNIT

EYE DONATION AND SCREENING CAMP

Eye is the one of the most important organs of human body through which we can see this beautiful world created by God. So, it becomes necessary to take care of our eyes. YRC-SVCE unit organized an eye donation and screening camp on 4th January 2019 in Video Hall, SVCE. YRC Coordinator Dr. R. Govindarasu welcomed the Doctors and their team with boutique. Dr. M. Nishanth, the chief guest of the function gave a brief talk on the title “*Common Eye Problem and Importance of Eye donation*”. This talk was given among 120 students for an hour with great insight. After the talk Dr. N. Meyyappan, HOD of Chemical Engineering presented momento to the Chief guest and their team. Eye screening camp was initiated after the chief guest talk. During this camp, 103 students and staff members actively participated and screened their eyes. The camp was successfully completed with the coordination of Dr. R. Govindarasu, Dr. N.R. Sheela and the YRC volunteers.
