YRC VALEDICTORY FUNCTION AND YOGA AWARENESS PROGRAMME

In the pandemic situation, it is observed that Yoga plays an important role in maintaining human body oxygen level. To promote the yoga practice, YRC SVCE Unit organised Yoga awareness programme on the topic “Yoga for Students” on 30th March, 2021 thro’ online mode for students with the speaker Dr. N. K. Mohanty, Professor, Department of EEE, SVCE. It is believed that it will help students to overcome the existing pandemic situation and to know more about the importance of Yoga in our day-to-day life. In the second session of the day, the valedictory function of YRC-SVCE Unit for this academic year 202-21 was held with the valedictory address by Prof. K.S.Badrinathan, Dean (educational Development) SVCE. At the end, all the office bearers were appreciated with the memento (shield) by the chief guest, YRC coordinator Dr.R.Govindarasu and Assistant Coordinator Dr.N.R.Sheela for their tireless work.
