Subject: Invitation for a Guest Lecture and Valedictory of Association of Computer Engineers - Dept. of CSE

To: HOD CS <hodcs@svce.ac.in>

Respected madam,

Forward this mail to SVCE Faculty group.

Dear Sir/Madam,

The Association of Computer Engineers (ACE), Department of Computer Science and Engineering is glad to invite you for a Guest Lecture by

Mr. L. Ashok, Founder & CEO, Futurenet Tech, Chennai, and the Valedictory Function of the Association of Computer Engineers (ACE) for the academic year 2017-18 on 27th March, 2018 from 9:30 am - 11:30 am at the Function Hall.

--

Thanks & Regards,

ACE team

Mr. L. Ashok, Founder & CEO

An entrepreneur & technocrat with 25 years of experience, Mr Ashok set up Futurenet Technologies in 1996 to focus on IT services. As an expert in IT Infrastructure and related services, Mr Ashok assists customers in aligning IT with their business. He provides consulting services to corporate in areas such as Bullet proofing IT Infrastructure (High Security & High Availability), blue print for cloud migration including business benefits, cost saving and risk mitigation. He lends his expertise to businesses with capacity to convert business/ functional requirements into bullet proof IT infrastructure and also advices on cyber forensics and information security.

With over 27 years of exposure and understanding of various models of IT Infrastructure, Mr Ashok as an L7 Consulting expert, heads teams that focuses on conducting detailed study of an existing IT landscape, conducts user group dialogues to understand where a business is headed and arrives at a composite plan to meet business objectives. The methodologies and deliverables for the engagement are the basis for a project plan or blueprint. This approach is accompanied by a unique engagement model that addresses the customer's specific business strategies and includes expansion of monitoring footprint to accommodate growth. Mr Ashok has vast experience in building Data Center, Local Area Networking, Wide Area networking, Virtualization and business continuity planning.

Mr Ashok is a well-recognized orator who has delivered noteworthy speeches on Leadership at renowned technology and human resource development forums including the HR Caucus 2013 organized by Voltech HR as a panelist on the topic "Bridging the Industry & Institutional Skills Gap". (HR Caucus is a triangular forum of Academicians, Corporate HRs & Students), National Conference of Community Colleges organized by Swami Vivekananda Rural Community College (SVRCC), speaking on the topic "Industrial Partnership". He has also addressed Cloud Connect 2013 organized by UBM Media Group as a panellist on the topic "Cloud Delivery Models- What works for your business". He has also addressed several career guidance programmes for students on subjects such as "Readying for IT & Business Transformation" and "How to Choose Right Career".

Reflection Report of Guest Lecture on “Emerging trends in IT and how to become a successful entrepreneur & valedictory function”

The Association of Computer Engineers (ACE) and the Department of Computer Science & Engineering, Sri Venkateswara College of Engineering organized a Guest Lecture on “Emerging trends in IT and how to become a successful entrepreneur“ & valedictory function”on 27th March, 2018 in the Function Hall. The guest speaker was Mr. L. Ashok, Founder & CEO, Futurenet Tech, Chennai. The event started with a Prayer song followed by the welcome address by Ms. K. Chandini, Tresurer, ACE.

Dr. R. Anitha, HoD/CS, welcomed the chief guest and the gathering. She congratulated the ACE team for the successful organization of several events for academic year 2017-18. She pointed out several interesting events conducted by ACE like guest lectures, workshops, symposium and hackathon. She invited the chief guest for delighting the event.

Mr. Ashok started his lecture from 9.40 A.M to 11.00 A.M and enclosed everyone by the out of ordinary lecture. He started his lecture by introducing himself, the important emerging trend in IT & his own experience in becoming a successful entrepreneur.

In his talk, he emphasized everyone to concentrate in Artificial Intelligence, Cloud Computing and in the Data Analytics fields. He told that “We are drowning in data and starving for knowledge given by the data”. He also mentioned that in order to get the knowledge, the Data Analytics, AI and ML will be assisting us. As a well-organized orator, he explained the ups and

downs of the above mentioned fields and the career opportunities in those fields. He also gave confidence to the students by his wonderful speech on successful entrepreneur. He shared his own experience and thoughts to the hall. He also insisted the students to study a book called “How to win friends and influence people” by Dale Carnegie. He ended up his lecture by a short confident building story. The HoD/CS also mentioned a website called bridge.ictacademy.in and asked the students to refer for the recent trends and development.

The guest was honored by the HoD/CS and the prizes were distributed by the chief guest to the following winners of various events.

Coding Competition

II Year

- 1st Place - Renuka Cs C
- 2nd Place - Harini A Cs A
- 3rd Place - Karthi Cs B

I Year

- 1st Place – Mahalakshmi
- 2nd Place – Priyadarshini
- 3rd Place - Madhan, Rahul, Sugith

Code Relay Winners

***First Position* :**

- 1. Sindhura K S
- 2. Renuka J

***Second Position*:**

- 1. Sandhya Rao
- 2. Sangeetha.C

***Third Position*:**

- 1. Ganesh Prabhu V
- 2. Balaji J

The students of ACE team honored the staff members of the ACE team at the end. Mr.Charan, Secretary of ACE reported on the events conducted by ACE and thanked the ACE
