SRI VENKATESWARA COLLEGE OF ENGINEERING

Department of Information Technology

Ref.: SVCE/IT/Workshop/August 2018

27/08/2018

Submitted to the Principal:

Subject: Requisition of permission to conduct One day Workshop on Artificial Intelligence

It is proposed to conduct One Day Workshop on Artificial Intelligence for the students by the Department of Information Technology during 30th August 2018.

Objective

- To gain knowledge on various types of machine learning algorithms, mathematical concepts involved, deep learning introduction and real time applications of machine learning.
- To make students to understand and use machine learning tool Pandas Scikit Learn to build machine learning applications using Python.

Venue

Workshop will be conducted at the premises of Sri Venkateswara College of Engineering.

Target Audience

Internal Students/ Faculty/ Staff members.

Resource Person

- Sharma S Artificial Intelligence Director – agentz.ai company, having extensive intelligence in Artificial Intelligence, able to solve any complex problems in image and natural language processing. He had worked on face recognition of occlusive images and unsupervised Question and answer system.

Budget

Receipts:

Fee collected per participant : Rs.370/- /
Number of Students : 50 /
Total Fee Collected : 50*Rs. 370 / Rs .18,500/- /

Expenses:

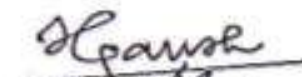

Honorarium to visiting Resource Person(includes Certificates) : Rs. 17,000/-
Stationary : Rs. 1000/-
Snacks & Tea (for all participants) : Rs. 500/-

Rs. 18,500/-

It is requested that the proposal may be kindly approved.

Coordinators

SRI VENKATESWARA COLLEGE OF ENGINEERING
DEPARTMENT OF INFORMATION TECHNOLOGY

28th August 2018

To
Sharma.S
Artificial Intelligence Director,
Agentz.ai.

Dear Sir,

Subject: Invitation – One day workshop on Artificial Intelligence – reg.

At the outset we would like to thank you for your graceful acceptance of our invitation for one day industry based hands on workshop on “**Artificial Intelligence**” on **30th August 2018** organized by department of IT.

Our department engages in several activities like Workshops, Expert Lectures, Symposia and Industrial visits aimed to benefit our faculty and students. IT department also aims to provide the students an insight into the software industry and its requirements with suitable expert talks and practical training. These activities equip them to hone their technical and organizational skills.

The main objective of the above workshop is to gain knowledge on various types of machine learning algorithms, mathematical concepts involved, deep learning introduction and real time applications of machine learning. Also it will make students to understand and use machine learning tool Pandas Scikit Learn to build machine learning applications using Python.

Department of Information Technology looks forward to your presence amongst our faculty & students and sharing of your valuable thoughts and hands on training on this topic will definitely benefit them.

We thank you once again for accepting our invitation. We eagerly await the interaction with you to enrich our faculty and students with your expertise.

Thank you.

Yours sincerely,

(Dr. V. Vidhya)
HoD i/c/Information Technology
SVCE.

AGENDA

DATE : 30.08.2018

TIME : 8.30 AM to 3.15 PM

- Prayer Song
- Welcome Address
- Introduction of Chief Guest
- Short note by HOD
- Technical Lecture & Hands on Session by Resource Person
- Feedback Session
- Certificate Distribution
- Vote of Thanks

Co-ordinators:

Ms. V.Saroja,AP/IT

DEPARTMENT OF INFORMATION TECHNOLOGY

One Day Workshop on Artificial Intelligence using Workshop

30th August 2018

A Report

The Department of Information Technology organized **One Day Industry based Hands-on Workshop on Artificial Intelligence using Python on 30th August, 2018**. The resource person for the workshop was Mr. S Sharma, Director from Agentz.ai. Ms.V.Saroja, Assistant Professor, Department of Information Technology welcomed all participants and the resource person from Agentz.ai. Dr.V.Vidhya, Head-Incharge, IT gave an introductory talk emphasizing the importance of the workshop and also motivated the students and faculty members to make use of this opportunity. The chief guest introduction was given by Ms Nithyashree from III year IT.

After inauguration, the resource person started the session with a short note on Artificial Intelligence, Machine learning and Deep Learning. After the introduction, he elaborated about the workshop agenda to the participants. He explained about supervised learning, unsupervised learning and reinforcement learning algorithms with suitable examples. In supervised learning, he briefly explained Classification and Regression. In unsupervised learning he explained clustering in detail and also he elaborated on those algorithms with python packages like Pandas, Scikit, NumPy packages to implement machine learning algorithms.

This workshop was intended to provide opportunity for faculty members and students for upgrading their knowledge in the area of Artificial Intelligence, Machine Learning and Python. The workshop was conducted with 54 students (47 students from IT & 7 students from Mechanical) and 11 faculty members (8faculty members from IT & 3faculty members from CS). The program was very well received by the participants, as all the sessions were practical. The workshop was very much appreciated by the participants. As a concluding note we express our heartfelt thanks to our Management, Principal and HoD for their great support for the conduct of the programme.
