## Introduction by resource person

## Resource person explaining about the 5G potential Technologies

**REPORT**  
**WEBINAR ON “CHALLENGES IN 4G AND 5G TECHNOLOGY”**

**Date:** 20/06/2020

**Time:** 9.00 am – 10.00 am

**Resource Person:** Mr. Ramasubramani Muthanapillai,  
R&D Manager, Maestronic Canada Inc.

**Objectives:**

- To understand the evolution of mobile technology.
- To learn about the Telecom network architecture.
- To explore the working principles of various technologies.
- To understand the differences and challenges between the 4G and 5G technology

**About the programme:**

The Department of Information Technology of SVCE organized a Webinar on “Challenges in 4G and 5G Technology” on 20<sup>th</sup> June 2020. Dr.V.Vidhya, HoD/INT, Students and Faculty members of SVCE and other colleges participated in the webinar. Dr.V.Vidhya, HoD/INT welcomed all the participants. The introductory speech about the speaker was rendered by Ms.Meenakshi.P, AP/INT. The speaker for the Webinar was Mr.Ramasubramani Muthanapillai, R&D Manager, Maestronic Canada Inc..

As mobile network is ruling the world, this webinar focussed on mobile technologies. The webinar is for better understanding about the “challenges in 4G and 5G technology”.

The speaker started the session by explaining the evolution of various mobile technology (1G,2G,3G,4G,5G) and their limitations, followed by architecture of LTE network. He then explained working of various technologies with flowchart which made us to understand how communication takes place in all technologies and differences between them. From this we could also understand the characteristics and limitations of each technology. He discussed about the 5G RAN functional units, use cases and drivers of 5G technology which emphasized the need of 5G technology.

Finally, he addressed the similarity and differences between 4G and 5G technology and challenges of 5G technology in areas like spectrum management, cell size, voice over IP, security and devices.

The Webinar came to an end with the Vote of Thanks by Ms.G.Sangeetha, AP/INT, Webinar Coordinator. Dr.V.Vidhya thanked the speaker for making wonderful presentation and hands-on all the participants for their active participation.

- Internal Participants:37
- External Participants:37

**Total Participants: 74**

Were participated in this online webinar

**Benefits:**

- Inferred the various mobile technologies and their architectures
- Insight into the working of 4G and 5G technology.
- Comprehend the need of 5G technology with an example use case
- Apprehend the major difficulties and setbacks in implementing the 5G technology.
- Cultured the limitations of implementing the 5G and how to overcome it.

**Coordinators:**

1. Ms.G.Sangeetha, Assistant Professor,/Information Technology
2. Ms.A.Indumathi, Assistant Professor,/Information Technology
3. Ms.P.Meenakshi, Assistant Professor,/Information Technology.
