SRI VENKATESWARA COLLEGE OF ENGINEERING

DEPARTMENT OF INFORMATION TECHNOLOGY

Webinar Series
on
"Are U Agile"

A Report

The Department of Information Technology organized a webinar series on **"Are U Agile"** on 11th and 18th July, 2020. Department of Information Technology has taken it to train our students with the right skill set required in the workplace. This webinar series is thereby conducted in the quest of bringing out the talent within the students. The webinar series has been arranged for all the students of SVCE to give an exposure about the Agile Software Development methodology which is widely used in industries now a day.

The event started with the welcome address by Ms. N. Devi, AP/INT. The introduction of the chief guest was given by Mr. AR. Guru Gokul, AP/INT followed by a Key note address on the need for Agile Development was given by Dr. V. Vidhya, Head/INT.

The chief guest, Ms. Brindha Sankararaman, even amidst her busy schedule in US where she has been working delivered the talk over online mode. The first day of the webinar series comprised of Introduction and the need of various Software Engineering methodologies used in the industry. She also emphasized why Agile is being adopted as a development model in industries in recent days. It was useful as we were able to map the practical and theory topics together. At the end of Day 1, she gave a case study for the participants and asked to work on the same when they come for the next session.
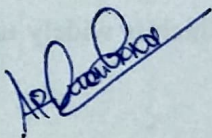

The second day of the webinar series started with the welcome address by Ms. P. Leela Rani, AP/INT. Few of the selected participants were asked to present the case study which they have submitted over the mail to the chief guest. Once the presentation by participants was completed, she delivered the session on how to develop an Agile project from the basics and provided more case
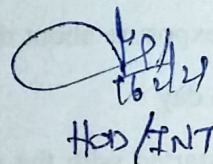

studies for the same.

Before the end of the programme, few participants came forward and very well appreciated the conduct of the programme and the benefits acquired from the webinar series. Ms. N. Devi delivered the Vote of Thanks and the session was adjourned. As a concluding note we express our heartfelt thanks to the Management and the Principal for their great support for the conduct of the programme.

Outcome of the workshop:

1] The participants of 2nd and 3rd year were able to map the concepts of Software Engineering with the real world.

2] Became familiar with various Software Development Models.

3] Learnt how to select a particular development model for a business problem.

4] Gained knowledge about Agile model of software development.
