CIRCUITRIX'21
REPORT

Circuitrix'21, a technical event conducted by IEEE Student Chapter, SVCE for people who delve deep into untangling the circuits day and night. The event was held to escalate passion towards decoding the beautiful yet messy circuits into working art of technology. It is an event which gave all tech enthusiasts a chance to unveil their zeal in the world "TRONICS".

Total No. of Participants   **: 123**
     Junior segment   : 65
     Senior segment   : 58

Winners
     Junior segment   : 2
     Senior segment   : 2

The event was held online on 31st of May (Monday) in three rounds:

-> Round 1: Technical Quiz

It consisted of multiple choice questions and fill ups based on technical topics. It was hosted on an online proctored website.

-> Round 2: Technical Adzap

The participant had to pitch the product to the judge convincingly and speak confidently about the product as if they had invented it. In other words, the participant had to sell the product to the judge and try to convince the judge to invest in it. The name 'Tech Adzap' is because they will be advertising a product and also every product in the list is a technical product.

-> Round 3: Circuit debugging

Questions were given and the solved answers were uploaded as document to ieeesvcesc@gmail.com.

The event was conducted in 2 segments- Junior & Senior. Junior segment was exclusively for 1st year students. Senior segment was for 2nd & 3rd year students. The above mentioned rounds were same for both yet varies in complexity.
