Department of Applied Physics

One Day Webinar on “MOOC for Educators-Transition to E-Learning”
(1st of June 2020)

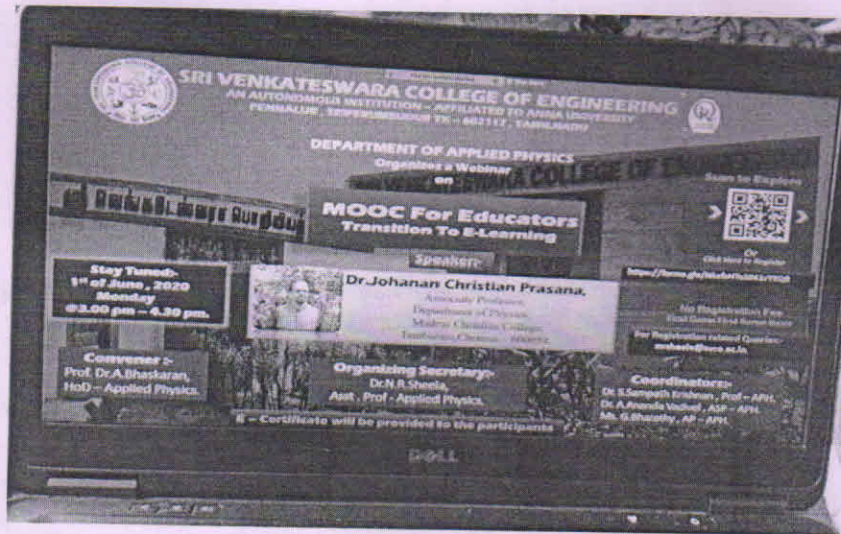

A first One Day Webinar on “MOOC for Educators-Transition to E-Learning” Online was organized by The Department of Applied Physics using CISCO Webex Platform on 1st of June 2020. An astonishing response shown towards this webinar by the participants from different states. A total of 150 participants attended the webinar.

Inaugural and welcome address was given by Dr.N.R.Sheela Organising secretary of this program and after the chief guest introduction, the session was handled by Dr. Johanan Christian Prasana. Associate Professor, Department of Physic, Madras Christian College, Tambaram, Chennai.

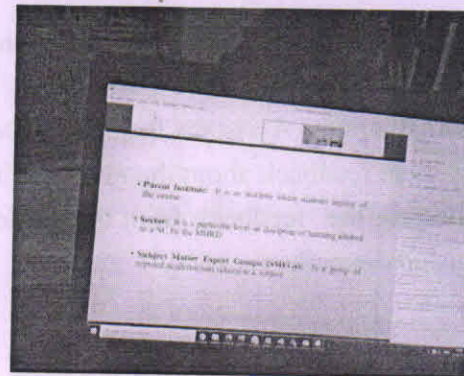

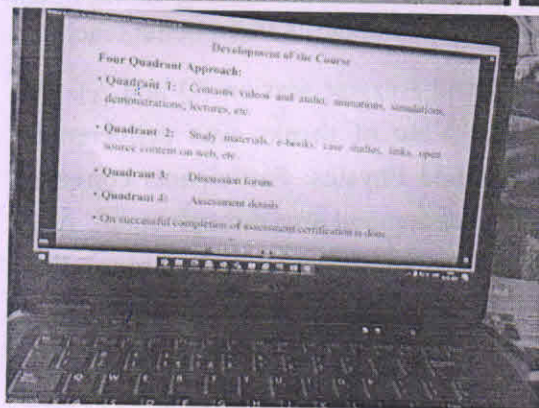

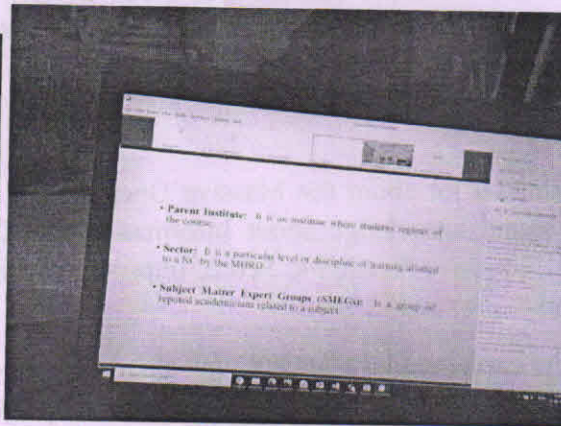

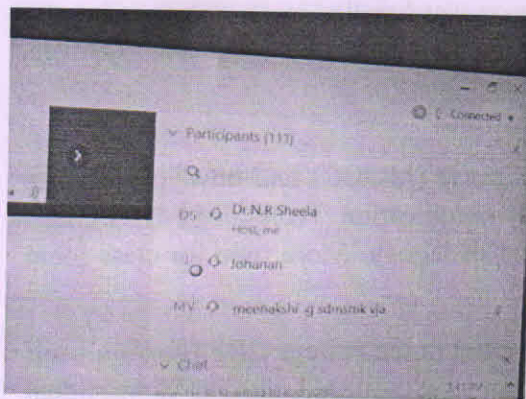

He explained a lot about the Massive Open Online Course (MOOC) and how it is used to develop sound knowledge about Information and Communication Technology (ICT),Self-Appraisal, Improve Academic Score, Improve teaching pedagogy, More time for class room discussion.

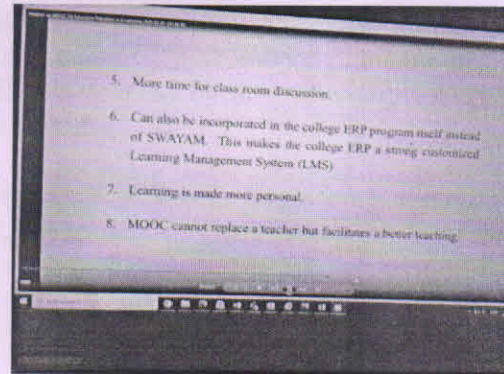

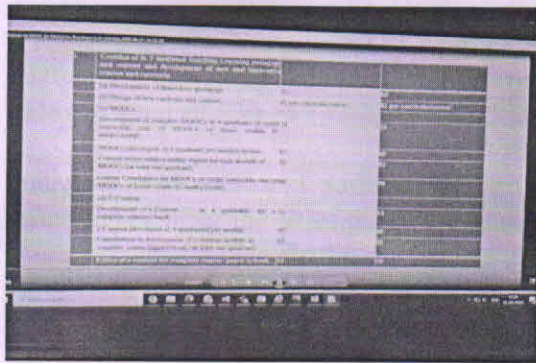

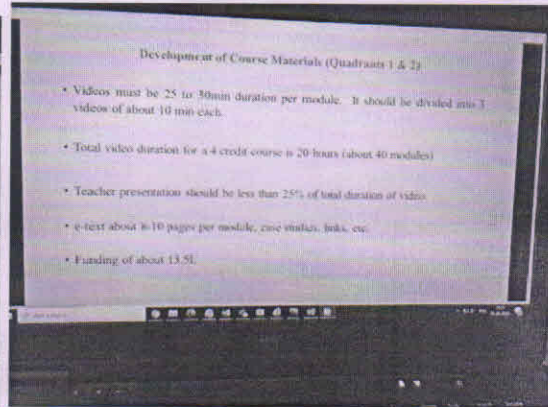

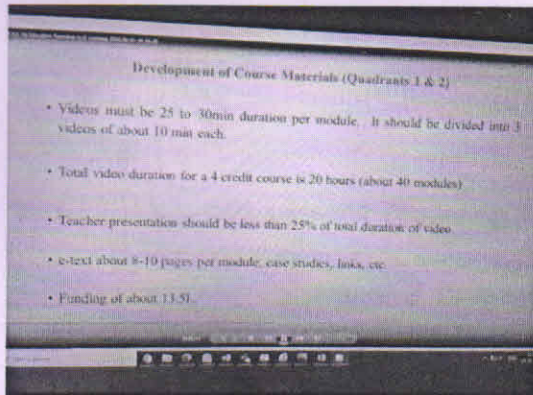

Further, he explained how MOOC can also be incorporated in the college ERP program itself instead of SWAYAM. This makes the college ERP a strong customized Learning Management System (LMS) and concludes MOOC cannot replace a teacher but facilitates a better teaching.

After chief guest talk the floor is opened for Question and Answer session (Q and A). The speaker answered to the participants queries and The Vote of thanks was delivered by Ms.G.Bharathy Assistant Professor, Department of Applied Physics. Participants conveyed Excellent feedback about the event during their Q and A session and also through email. After collecting the feedback from the participants, E-certificates were sent to them through their registered email.

During Webniar session on “MOOC for Educators Transition to E-learning” by Dr. Johanan Christian Prasanna.
