Report on Guest Lecture:” Controlling chemical processes – Challenges and strategies”

DATE:11th July, 2016

TIME:10:30AM TO 12:30PM

OBJECTIVES:

The main objective was to know about the controlling of chemical processes and what are all the challenges faced by industries and what are the strategies used to overcome it.

ABOUT THE PROGRAMME:

Guest lecture on “Controlling Chemical Processes – Challenges and Strategies” was organized by faculty and student members of department of chemical engineering in association with IICHE and ACT SVCE, Chennai on 11th July, 2016 at function hall in SVCE.

The programme started with Tamizhthai vaazhthu followed by introductory note about the guest. Then the session was handed over to the guest, Dr. S. Sundaramoorthy, Dean Academics & Professor of Chemical engineering, Pondicherry Engineering College, Puducherry.

The guest started with brief introductory about the Controlling of Chemical Processes and a presentation about the challenges and strategies on Controlling Chemical Processes and talked about how it was implemented in the industries and what are the ways they overcome in controlling chemical processes.

Then question and answer session was held. The guest answered to all the queries raised by the participants. The guest lecture was ended with vote of thanks followed by national anthem.

BENEFITS:

The guest lecture helped the participants to have a knowledge on controlling chemical processes and the challenges and strategy used in the industries to overcome it.
