**SRI VENKATESWARA COLLEGE OF ENGINEERING**  
**DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING**  
**TWO DAY WORKSHOP ON**  
**“PYTHON PROGRAMMING”**

**10/3/18 and 17/3/18**

A workshop on Python Programming was planned and conducted for two days on 10/3/18 and 17/03/18 for the second year and third year students of ECE department. The workshop was scheduled on weekends and there was a overwhelming response from the students. About 45 students from second and year third attended the program and got benefitted.

The workshop was planned owing to its importance in improving the employability skill of the students considering the current scenario. Python has gained importance in most of the coding methods for which the students got an insight. Simultaneous hands on session helped them to understand the nuances of programming in a better manner.

The resource persons are Mr. Sandeep and Mr. Ragavendran Thiruvengadam of Final year ECE. An Introduction to Python Programming was given by Mr. Ragavendran, which later on continued with hands on session covering the various programming aspects. On the second day, Mr. Sandeep handled sessions on Machine learning techniques using Python Programming along with simultaneous hands on sessions.

The workshop met the requirements and expectations of the students in its best way and is therefore a success as justified by the feedback from the participants.
