(i) One Page write-up highlighting program objectives & Benefits.

This webinar is intended to help participants to better understand the MATLAB software. The agenda covers a brief overview of MATLAB with a specific focus to Mathematical Computation, Theoretical insight into the MATLAB commands, and a practical demonstration of basic MATLAB programs. The live demo was given during the webinar using the MATLAB software. This event held on 11th July 2020 between 10:00 a.m. to 11:30 a.m.

This event is jointly organized by Department of Mechanical Engineering and Internal Quality Assurance Cell (IQAC) of Sri Venkateswara College of Engineering. Besides internal participants, the faculty members, research scholars and students studying both UG and PG programs in other institutions across the country participated with lots of interest and around 330 participants benefited from this webinar.

Participants enriched their understanding of Matlab software and learned thoroughly the various sub-modules of the software to use the same in their research domain. The participant obtained the required clarifications by having an interactive session and enjoyed thoroughly all the discussions. The E-certificate issued by the organizers to all participants after the completion of the event
