Webinar on

Design and Develop your own High Power Audio Amplifier system for Home theatres without any ICs

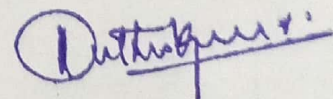

A webinar on the topic " Design and Develop your own High Power Audio Amplifier system for Home theatres without any ICs" was arranged for the Second and Third year students as well for the supporting staff of Electronics and Communication Engineering. The resource person being Mr. Sreeraj.S.V, Director, EMCOG SOLUTIONS, Chennai.

The speaker discussed on the significance of having a strong and sound knowledge in the basics of the course and how development of even small projects or products are highly sensible to acquire knowledge. He discussed on the design aspects of amplifiers and measurement of related parameters.

He discussed on the personalized design of the power amplifier for Home theatres and came out with the modeling of the same and explained its working. Students participated in the discussion and Q & A posted by the speaker very enthusiastically.

The webinar was an enjoyable learning and overall a grand success.

S. Kalyani
