Guest Lecture Report

Date: 23/10/2020

Time: 2.30 p.m.- 3.30 p.m

Guest Name: . Mr. Venkatesan Nagarajan, M.E Senior Manager, Panther Motocorp Chennai.

Topic: Bridging the Gap between Academia & Industry

Objectives.

This webinar will provide you knowledge on Current and future trends for a career in the Automotive Industry. The needs of industry from the student.

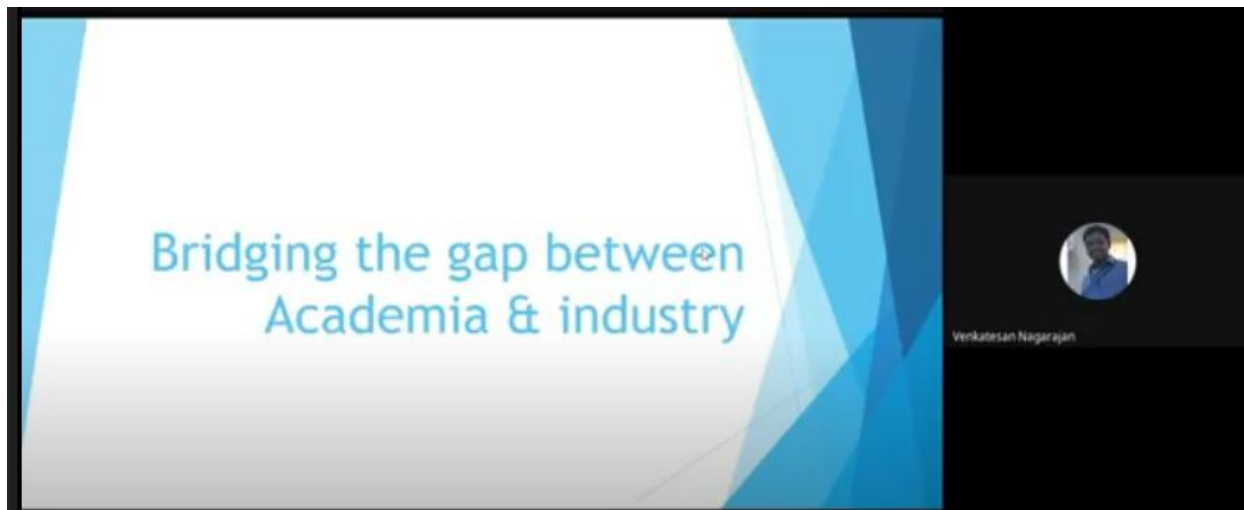

About the programme:

The Head of the department inaugurated the talk and around 50 students from the second, third years have participated the guest lecture. The chief guest introduction was given the Mr.G. Ravi, Assistant Professor, and Department of Automobile Engineering. After Chief Guest introduction, the guest shared his experience in designing of the two wheeler motor cycle (Royal Enfield). The speaker emphasized the influence of technological advances in the future of automotive companies. The following points were discussed by the chief guest.

- Internships works very well to bridge the gap between academia and industry, some of the universities in India has already made it mandatory as a part of engineering curriculum.
- Academia and Industry are two different worlds which operate on different pedestals. Both have different purposes and different ideologies. However, the rapid pace of change in the outside environment is compelling these two different worlds to come together to address and solve some of the real-world challenges.
- Alignment of curriculum with industry requirements
- Emphasis on skill-based education
- Workplace exposure through internships, live projects, and corporate interactions
- Up-skilling the faculty

Finally the session ended at 4.00 PM and the guest requested the students to ask the questions. Students asked several questions and the chief guest answered for all the questions.
