Webinar Report

Role of IPR in Biotechnology

A Webinar (SBF- BioAcademy, Bio Talks Series) on “Role of IPR in Biotechnology” was organized by Department of Biotechnology, Sri Venkateswara College of Engineering, Sriperumbudur on 29th December 2021 at 11:30 AM through Google meet. The webinar was organized for the course BT18011 IPR and Ethical issues on Biotechnology. Dr. K. Divakar, Associate Professor Department of Biotechnology organised/coordinated to conduct the webinar. This was organized as part of Bio Talks Series, Bioacademy, Student Biotech Forum.

The session was started with a welcome address by Dr. V. Sumitha, Head, In Charge, Department of Biotechnology. Ms. Sowmiya V, 2nd year M. Tech Student introduced the guest speaker Dr. Ramjee Pallela, Chief Operations Officer-ATAL Incubation Centre, Centre for Cellular and Molecular Biology, Hyderabad. The guest speaker enlightened the audience about importance of IPR in biotechnology and process of filing patent in biotechnology field. Also he discussed about the funding opportunities available in biotechnology sector, exclusively for startups.

Participants including UG, PG students, faculty members from Department of Biotechnology, SVCE attended the event. During question and answer/interaction session the guest speaker, Dr. Ramjee Pallela addressed the questions raised by the participants and interacted with the participants. In this webinar 62 participants (52 students and 9 faculty members) attended and got benefited.

The session ended with a vote of thanks delivered by Ms. Sanhana G, Student of 3rd year B.Tech Biotechnology Department of Biotechnology, SVCE. Guest speaker, Dr. Ramjee Pallela thanked the organizers and the management of SVCE for organizing this event. The program was very well received by the participants and it was well appreciated. Students gained knowledge on filing a patent for biotechnology related products, startup schemes and funding opportunities available in India.
