DEPARTMENT OF CIVIL ENGINEERING

Report of the Guest Lecture on "Importance of Planning in Construction"

Date : 29.03.2022 (Tuesday)

Time : 10.00 A.M to 12.00 P.M

Mode : Offline

Venue : Video Hall, SVCE

Speaker

Er. S. G. Ashok Kumar

Founder & CEO,

Construction Management Training Institute, Bengaluru

Member Advisory board – Green Education India,

Indian Green Building Council

Convenor & Organizing Secretary

Dr. R. Kumutha, Professor & Head/Civil Engineering

Coordinator

Mr. A. Vijay Vignesh, Assistant Professor/Civil Engineering

Target Audience: Students and Faculty members

Number of Participants benefited: 68

UG Students : 59

Faculty : 9

Total No of Internal Participants – 68

Students – 59, Faculties – 9, Lab technicians – 0

Total No of External Participants – 0

Students – 0, Faculties – 0, Others - 0

Civil Engineering

PROFILE OF THE SPEAKER

Er. S. G. Ashok Kumar who is currently designated as the Founder and CEO, Construction Management Training Institute, Bengaluru and also an Advisory Committee Member, Green Education India, Indian Green Building Council. He has around 25 years of experience in Project Management and worked in various mega projects across India. He presently into Training and Development of Civil Engineers & Architects as per the industry requirements on various domains of Construction. He is an official training partner for Larsen & Toubro and many more organizations in India. In the past three years, he has groomed and placed around 1000 Civil Engineers across Pan India.

BRIEF REPORT OF THE PROGRAM

Mr. A. Vijay Vignesh, Assistant Professor, Department of Civil Engineering, Sri Venkateswara College of Engineering has delivered the welcome address and introduced the speaker Er. S. G. Ashok Kumar, to all the participants. The memento was presented to the speaker by Dr. R. Kumutha, Professor & Head/Civil Engineering.

The speaker welcomed the gathering and gave a brief overview on Project planning and its advantages in construction projects. He raised the question, “Why Projects come about?” and students understand the needs of the customers. He also explained about the various Stakeholders like contractor, owner, engineers, architects etc. The speaker explained in brief about importance of Planning and its process in construction projects. He stated that the planning is iterative, concurrent and ongoing process. Later, he differentiated about the different types of contracts like Lump sum contract, Item rate contract in construction sector. He also highlighted the key terminologies like Milestone, Risk, Quality, Variance, S-Curve, OBS, EPS, WBS, etc. He briefed about the typical organizational structure of construction project which involves project manager, safety engineer, quality engineer, site engineer, planning engineer etc.

The speaker explained the various job profiles for civil engineering graduates which categorized into various departments like planning department, contract department, billing department, structural engineering department etc.,

The speaker concluded the session and discussed on the queries from the participants. The speaker conducted an online quiz for all the participants and prizes were given for students scoring highest marks in the quiz.

The session was interactive, and the questions raised by the participants were answered by the speaker. The session ended with a vote of thanks delivered by Ms.A. Jenisha, Third Year Student, Department of Civil Engineering. The participants also had appreciated the guest lecture.

SNAPSHOTS OF THE PROGRAM

Program Objectives

The objectives of the program are:

- To impart knowledge on importance of Project Planning in construction projects among the students and faculty members.
- To create awareness on various job profiles and industry-oriented skills required for civil engineering graduate.

The following Program Outcomes (POs) and Program Specific Outcomes (PSOs) are addressed for the Guest Lecture on “Importance of Planning in Construction”

Particulars	PO1	PO2	PO3	PO4	PO5	PO6	PO7	PO8	PO9	PO10	PO11	PO12	PSO1	PSO2
Importance of Planning in Construction	✓										✓		✓	

SUMMARY OF FEEDBACK

Total Number of respondents: 68

Feedback	Strongly Agree	Agree	Neutral	Disagree
The session delivered the information I expected to receive.	51	16	1	0
The subject matter was presented effectively.	46	21	1	0
The pace and duration of the program was satisfactory.	49	16	3	0
The resource person is knowledgeable.	50	17	1	0
The resource person presented the information in a clear and logical manner	51	15	2	0
Sufficient time was given for interaction	50	17	1	0
The program was well organized	51	15	2	0
As a result of this program, I gained new knowledge	49	16	3	0
