He also co-authored books like “Concrete Technology” and “Repair and Rehabilitation of Structures” by ARS Publishers, Chennai. He has published many papers and articles and paper presentation in conference for the past three years.

## **BRIEF REPORT OF THE WEBINAR**

Dr. R. Sathia, Associate Professor, Department of Civil Engineering, Sri Venkateswara College of Engineering has delivered the welcome address and Ms. A. Jenisha (Third Year Student/Department of Civil Engineering) introduced the speaker, Dr. J.S. Sudarsan, to all the participants.

The speaker welcomed the gathering and gave a brief overview on Construction and Infrastructure sector in India. In this regard, he stated the various opportunities in different sectors and advise the participants to expertise the particular area of interest in order to shine in any sector. He also stated Construction & Infrastructure is the 2<sup>nd</sup> highest growing industry (2000 – 2020) and received 2<sup>nd</sup> highest foreign direct investment (FDI). He also said that Real estate sector contributes around 13% of India's GDP, impact of RERA in construction and measures taken by our government to promote the green building practices. He later explained the various industry growth drivers like demand for housing, demand for infrastructure services (energy/power, road, railways, smart cities, etc.), demand for warehousing space.

The speaker highlighted the various government of India policy initiatives (Smart Cities Mission, Pradhan Mantri Gramin Sadak Yojana, Jawaharlal Nehru National Solar Session) on Infrastructure sectors. He later given a brief overview on various challenges in Construction industry such as delay in projects, Cost Overrun, etc. He also stated that India will need 70 lakh skilled project managers in the next ten years in roads, railways and other infrastructure so that there will be huge demand for civil engineers in near future. The speaker highlighted the various career opportunities for civil engineers in construction and Infrastructure sectors.

The speaker concluded the session and discussed on the queries from the participants.

The session was interactive, and the questions raised by the participants were answered by the speaker. The session ended with a vote of thanks delivered by Mr. D. Laleeth Kumar, Third Year Student, Department of Civil Engineering. The participants also had appreciated the webinar.
