Respected Sir and Ma'am,

The Electronics and Communication Engineers Association, the Institution of Electronics and Telecommunication Engineers Student Forum and the Robotics and Artificial Intelligence Club have been able to engage the students actively throughout the academic year 2020-2021. All activities were made possible because of the encouragement and great support extended by our college and since you have entrusted a great freedom and trust on us.

We feel extremely happy to bring to your kind attention the proposal to organize a one day workshop on “**PCB design**” to be conducted by Ms. Premalatha.R , Alumni of ECE department, SVCE , a technical treasure hunt “**Tech-Mystery**” and a one on one debate “**Tug of Word’s war**” on latest technologies. The events are planned to be held online, the workshop on 23rd oct 2021, and the 2 technical contests on 24th oct 2021. . The workshop is planned for the second and third year students of the ECE Department and the contests are planned for all the circuit branch students to enhance their technical knowledge on circuit designing, IoT and give them a brief idea of the latest trends and real-time applications. Given an opportunity and with your never-ending support, we are confident the event will offer a platform for the students to discover the excitement of learning technical skills. Kindly consider the above proposal.
