

**DEPARTMENT OF
ELECTRONICS AND COMMUNICATION ENGINEERING**

Cordially invites you for a webinar on

**” INTRODUCTION TO DEEP LEARNING -
TENSOR FLOW BASIC - HANDS ON ”**

DR. SREE RATHNA LAKSHMI
Professor, Agni College of Technology

CONVENOR:

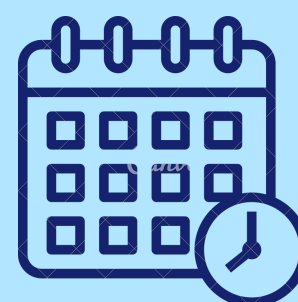

Dr.S.Muthukumar, HOD, ECE

COORDINATORS:

Dr.S.R.Malathi, Associate Professor, ECE

Mr.M Athappan, Assistant Professor, ECE

Mrs.S M Mehzabeen, Assistant Professor, ECE

**19TH JULY 2021
10 AM**

Saralquiz – Tech, Quiz & Art

I am Dr. Sree Rathna Lakshmi NVS, Professor, Agni College of Technology, Department of Electronics and Communication, Teaching is my passion. I have been teaching since late 90's. Sharing knowledge, empowering and encouraging young minds is my priority. Off late I am exploring ways to encourage children with learning disabilities.

Pursued PhD in the field of image processing. Supervising two candidates.
Published more than 15 international journals in reputed journals.

Acted as Resource person in many workshops and conducted many hands on training for both students and faculties.

I try to introduce varied art, craft forms and technologies to children. To help them and their parents to identify talents and interests. A huge step for the child parent duo. This sure will help them to identify interests, talents and to nurture them. A huge decisive step for the child parent duo. A sincere effort to identify, develop & build confidence to take on the future. I have adopted the online way to reach out to people across boundaries.

Conducting simple contests in wide range of art forms help me to connect with a larger audience. I have been teaching young adults all through, but teaching kids is my current passion. Trying to cultivate Patience, Reasoning, a little bit of technology in to young minds, is what I am exploring. Kids are amazing when they find their interest and seeing results motivates me to keep going.

At Saralquiz art, We introduce varied art forms month on month in our “ Learn a new art form series...”. We provide a brief history, samples and encourage our participants to search, explore, try and participate essential to develop an alert and capable mind to take on the world of abundant opportunities.

Started as a humble initiative to encourage kids, it's now spread across all age groups. Elders are happy to connect with lost opportunities and passion.

Saralquiz has conducted 22 different free art contests month on month till July 2021. With thousands of participation spread across 5 continents, 13 countries, 21 Indian states and 85 districts from across all age group.

Quiz

We have a decent collection of quiz in various forms on our YouTube channel Saralquiz and on our Website. Our collection includes, Python, HTML, General knowledge, Engineering, Aptitude etc.

Tech

Our Tech courses are designed in such a way that at end of the course, We provide them an opportunity to publish their projects online, A recurring costed activity we provide for free just to encourage these little wonderful juniors to come out of their inhibitions and be proud of their creativity. All this is possible only when there is a good teacher Student bonding. We encourage students to talk, ask questions get clarifications and make them try.

Our courses cover a wide range of skills for young kids and young adults as well.

Some tech courses include - web design, HTML, CSS, JavaScript, Database, PHP, scratch, Mobile app development, Python basics, Python advanced, R, MATLAB, LABview and many more.

Do visit our site to enjoy the collections of art, projects and quiz

Art - Saralquiz on Facebook & YouTube

Tech - www.Saralquiz.com/projects

Quiz - www.Saralquiz.com & on YouTube: Saralquiz

Thanks and Regards

Dr.N.V.S.Sree Rathna Lakshmi

A Report on
Webinar on “INTRODUCTION TO DEEP LEARNING-TENSOR FLOW BASIC -
HANDS ON”

Organized on 19th July 2021, by the Department of ECE

Event - Webinar on “Introduction to Deep Learning – Tensor Flow Basic – Hands on

Date - 19-07-2021

Time - 10.00 AM to 12.00 PM (2 hours)

Resource Person - Dr. Sree Rathna Lakshmi, Professor, from Agni College of Technology

Number of participants - 125

Objective –

- 1) To introduce the participants to the open-source platform ‘TensorFlow’ – tools, libraries and other resources
- 2) Hands on practice in TensorFlow

Coordinators - Dr.S.R.Malathi, Associate Professor Mr. M. Athappan, and Mrs. S.M. Mehzabeen, Assistant Professors, Department of ECE

The Department of ECE organized, a **Webinar on “Introduction to Deep Learning – Tensor Flow Basic – Hands on”** from 10.00 AM to 12.00 PM (2 hours)

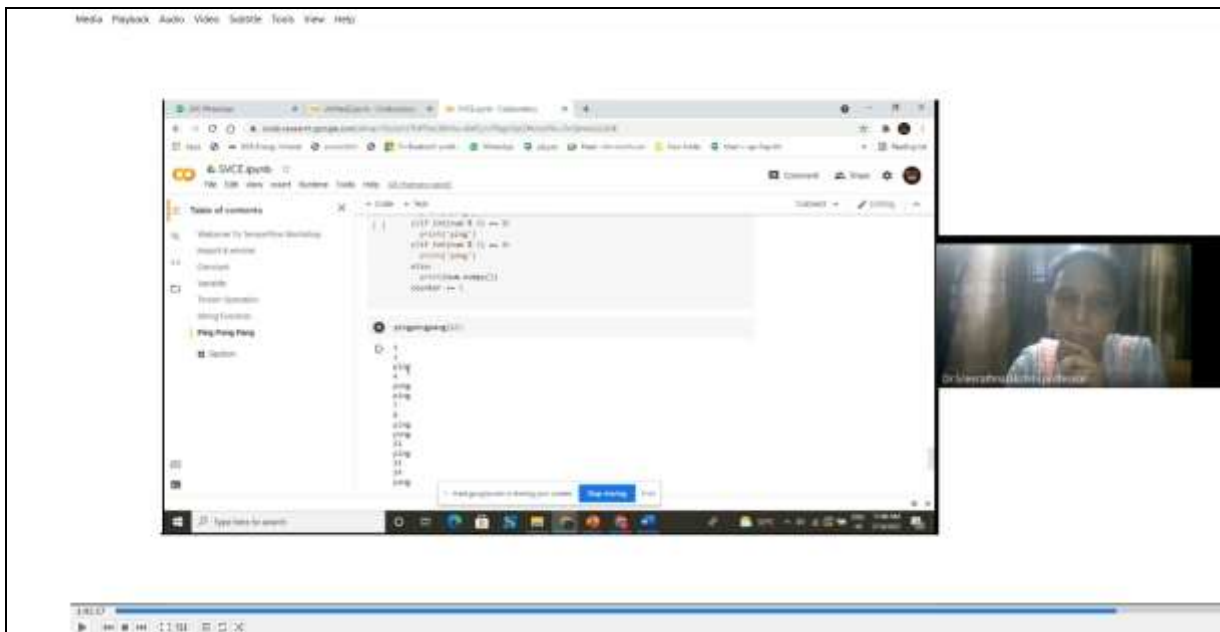

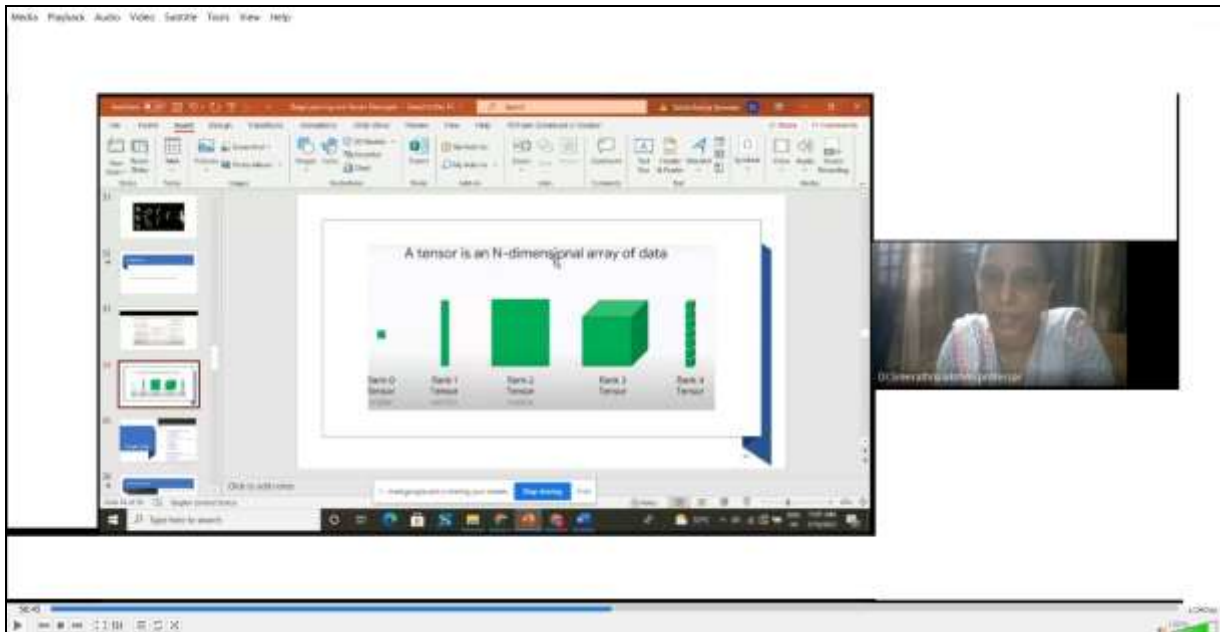

The event convenor was Dr. S.Muthukumar, Head – Dept. of ECE. The event was Coordinated and Organized by Dr.S.R.Malathi, Associate Professor Mr. M. Athappan, and Mrs. S.M. Mehzabeen, Assistant Professors, Department of ECE.

Dr. S.Muthukumar, Head – Dept. of ECE, gave the welcome address and gave a brief introduction about the webinar.

The resource person Dr. Sree Rathna Lakshmi, Professor, from Agni College of Technology started the session along with an illustration, to explain the - need for GPU-Graphic Processing Unit, Neural network, Basics of Artificial Intelligence, Machine Learning Concepts and Deep Learning Concepts. She also explained about representing data as an N dimensional array in TensorFlow and gave Hands on practice with Google Colab.

About 125 participants, which includes faculty members and students from SVCE and also from other engineering colleges attended the webinar enthusiastically.

All the participants gave positive feedback about the content and the presentation. The webinar was concluded with vote of thanks by the coordinators.

Dr.S.R.Malathi

Dr.S.Muthukumar
HOD-EC
