# Cyber Security Essentials Webinar

**5 December 2021**

**3-5 PM**

A complete guide to brightening  
your advanced threat intelligence  
to help you manage risk and  
protect against Cyberattacks.

Join us and don't miss out on this  
wonderful opportunity!!

**Open to all year students**

**REPORT OF WEBINAR**

DATE:05-12-2021

TIME:3.00-5.00 pm

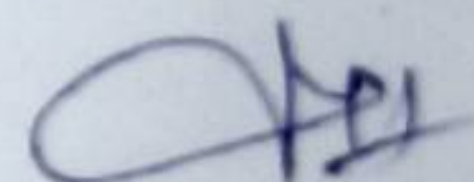

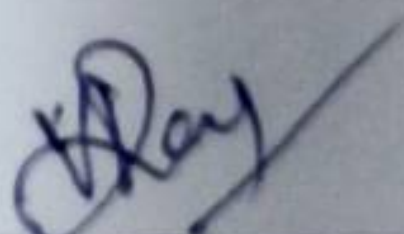

**OBJECTIVES :**

- To provide a thorough understanding of the fundamentals of cybersecurity as well as a comprehensive picture of cybersecurity job opportunities.
- To present an overview of a security analyst's daily tasks and the competencies needed to become a security expert.

**ABOUT THE PROGRAMME:**

On the 5th of December 2021, the Computer Society of India - SVCE Student Chapter hosted a webinar on "Cybersecurity Essentials." It was graced by our alumni and chief guest, Mr. Rakesh Elamaran, security analyst temenos. The event began with a welcome address from Ms. Poonam B, CSI's Secretary. Ms. Keerthana Jaiganesh, Chairman of CSI, then hosted the occasion.

Ms. Harshavardhini, Joint Secretary of CSI, gave an introduction presentation regarding our esteemed and valued chief guest, in which she spoke about his expertise, successes, and innovative practices. Following that, Dr. V. Vidhya, CSI Student Chapter Counselor and Head of Department of Information Technology, addressed the audience and conveyed the relevance of CSI by highlighting the Computer Society of India's beneficial outcomes and works. The student branch counselor also gave important insights about the PG programme in Cybersecurity and the career opportunities after the course was complimented by the speaker

**SRI VENKATESWARA COLLEGE OF ENGINEERING**  
**(Autonomous, Affiliated to Anna University)**  
**Pennalur, Sriperumbudur-602117**

Upon that, Mr. Rakesh Elamaran, our valued speaker, delivered an insightful and thought-provoking speech on "Cybersecurity." During his address, he discussed the most prevalent networking fundamentals as well as the goals of security procedures, emphasizing the importance and necessity of securing networks and data. Furthermore, he spoke on the mindset behind becoming a security professional, discussing the benefits and drawbacks of the industry as well as tips on how to find chances from various angles. He provided us with in-depth understanding of the entire process of ethical hacking, including the many sorts of threats, phases, and degrees involved. This speech provided a very clear picture and comprehension of what a software tester does, as well as testing and its process. Then he also engaged the students with a live demonstration of a security threat and how the intruder tries to break into commercial sites.

Mr. Gokulnath, Vice Chairman of CSI, gave the valedictory address. He applauded the chief guest's efforts in delivering the thought-provoking discussion. He also expressed his gratitude to the management, CSI coordinators, and office bearers for helping to make the event a big success. The feedback forms were circulated and live feedbacks were obtained from the participants

**The Outcome of the Program:**

- The speaker gave the students with interactive webinar that provided a complete understanding of the duties of a security professional, including the foundations of networking, ethical hacking, and security practices. He also provided with insights into the real time security practices scenarios and latest security techniques used in corporates
- The speaker also shared his thoughts on how to prepare for placements for the cyber security and also discusses the various career opportunities of the domain
