Dear Dr Meyappan,

Thanks for the positive response. I am planning to leave at around 9 AM from my residence (at Alwarpet next to Maitra Commodities) so if It is ok, we can plan the lecture at say around 11 AM for 1.5 - 2 hours. I hope this won't interfere with the student's lunch time.

Report on Guest lecture by Mr.M.N.Bhaskaran, Executive Director, Central Technical-Department, Sanmar group, Chennai on “ Some illustrations of practical challenges and solutions in operations”

DATE: 25th September, 2022 TIME: 11.00AM

OBJECTIVES:

The main objective of the lecture was to guide the students for challenges faced in industry and also to overcome the issues by design concepts. This guest lecture also focused on the various operations in industry and problems associated with various design operations.

ABOUT THE PROGRAM:

A guest lecture by Mr.M.N.Bhaskaran was organized by department of chemical engineering in association with IICHe- AICHe and ACT- SVCE on 25/03/2022 and the venue at the function hall- SVCE .

The programme started with welcome address by P.Vignesh, Vice President- IICHe- SVCE student chapter. Dr.N.Meyyappan, Professor & Head, Department of Chemical Engineering gave the introductory note about the speaker. Then the session was handed over to the speaker, Mr.M.N.Bhaskaran, Executive Director, Technical- Sanmar group, Chennai .

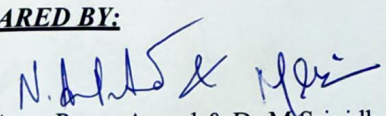

The speaker started his talk on various operations in industry and practical challenges in performing various operations. He talked about various cases in industrial operations and also insisted the students to study the fundamental concepts of fluid mechanics, Mass transfer and design concepts. He shared the different cases of practical challenges in industry and also explained the solution for those problems with the design concept.

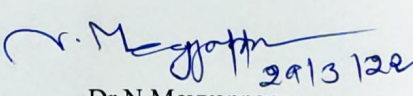

Then, the session was opened for question and answer session. The speaker answered to all the queries raised by the participants. The session was ended with a vote of thanks.

BENEFITS:

The guest lecture helped the participants to understand the practical challenges in industry. It also helped participants to understand how to solve the issues related to practical applications and also to find the solution for the problems and how to replace with the design concepts to overcome those difficulties in industry.
