ACADEMIC YEAR 2021-2022**

Report of
"Blood donation and its benefits" - Webinar

Date: 05/03/2022

Venue: Google meet

The Red Ribbon Club of Sri Venkateswara College of Engineering organized a Webinar on "Blood donation and its benefits" - for the year 2021-2022. The programme was coordinated by the RRC coordinator Dr. G. Sudha and the RRC executive committee members of SVCE. The webinar was graced by Dr. K. S. Gowri Shankar, District Program Manager (DPM) of District AIDS and Prevention Control Unit of Tiruvallur District.

The program began with the prayer song. The coordinator Dr. G. Sudha gave the welcome address to all the participants present for the event. It was followed by the Blood donation and its benefits lecture given by Dr.K.S.Gowri Shankar, District Program Manager of District AIDS and Prevention Control Unit of Tiruvallur District.

The District Program Manager gave his vivid outline about the blood donation and the procedures that one donor has to follow before donating blood. He explained each and every step of a proper blood donation procedure in a detailed manner. He also gave insights about the right age and body condition to donate blood. During the session the students raised their doubts regarding blood donation and he explained it clearly to them. Eventually he gave awareness about drug abuse, drunken driving and finished his talk with the oath stating that everyone should donate blood at least once in their lifetime to save another life. Finally the session was followed by a vote of thanks given by Mr. B. Adithya, President of RRC. The event concluded with the national anthem being played.
