# Sri Venkateswara College of Engineering

(Autonomous - Affiliated to Anna University)

Pennalur, Sriperumbudur - 602 117

Department of Computer Science and Engineering

18.02.2022

## Submitted to HoD/CSE

Respected Madam,

**Sub:** Requesting permission for conducting an online FDP on "Insight into Emerging Research Areas - Concepts, Challenges and Opportunities" – Reg.

On behalf of the CSE department, we would like to organize a five days online FDP on "Insight into Emerging Research Areas - Concepts, Challenges and Opportunities" and the tentative dates are from 2<sup>nd</sup> March 2022 to 7<sup>th</sup> March 2022.

This FDP is aimed to promote interest in research and provide insight on emerging areas of Information and Communication engineering. This FDP is proposed to deliver the research inputs for the researchers at various levels. The major focus is to highlight the opportunities in the recent domains. The details of resource persons for the FDP are given below. We kindly request your approval for conducting this FDP.

S. No.	Name of the resource person	Topics
1.	Dr. R. Anitha, Professor and Head, Department of CSE, SVCE.	Cloud Computing and Virtualization Techniques
2	Dr. J. M. Gnanasekar, Professor, Department of CSE, SVCE.	Information Retrieval Techniques
3.	Dr. C. Jayakumar, Professor, Department of CSE, SVCE.	Data Science Process Model
4.	Dr. N. Rajeswari, Associate Professor, Department of CSE, SVCE.	Kernel methods for Pattern Analysis

To: Co-Ordinators:  
Approved.  
18/2/22

5.	Dr. N. Rajganesh, Associate Professor, Department of CSE, SVCE.	Research and Publication
6.	Dr. E. A. Mary Anita, Professor, Computer Science and Engineering, School of Engineering and Technology, Christ University, Bangalore.	Security in IoT using ML
7.	Dr. K. Anitha, Assistant Professor (SG): Department of Mathematics, SRM Institute of Science and Technology, Ramapuram Campus.	Role of Statistics in Scientific Research
8.	Dr. T. Ramkumar, Associate Professor, SITE School, Vellore Institute of Technology, Vellore.	Analyzing Healthcare Big Data Sources : Challenges and Opportunities
9.	Mr. Y. Mohamed Sirajudeen, Assistant Professor, School of Computer Science and Engineering, VIT University, Amaravati Campus	Patents - Registration and Publication
10.	Dr.A.Abirami, Assistant Professor-OG, SRM Institute of Science and Technology, Kattankulathur.	Cyber Physical Systems Security

Thanking you,

Yours Sincerely,

Dr. N. Rajganesh, ASP/CSE

Mrs.D.Vinodha AP/CSE

Mrs.V.Radha AP/CSE

Mrs. T. Padmavathy, AP/CSE

(Coordinators)

**Fwd: FDP ON Insight into Emerging Research Areas (IERA) - Concepts, Challenges and Opportunities**

1 message

**HoD-CSE** <hodcs@svce.ac.in>

Thu, Feb 24, 2022 at 7:53 PM

To: Principal SVCE &lt;principal@svce.ac.in&gt;, Faculty Group &lt;svcefaculty@svce.ac.in&gt;

----- Forwarded message -----

From: **Rajganesh Nagarajan CSE** <rajganeshn@svce.ac.in>

Date: Thu, 24 Feb 2022, 4:40 pm

Subject: FDP ON Insight into Emerging Research Areas (IERA) - Concepts, Challenges and Opportunities

To: HOD CS &lt;hodcs@svce.ac.in&gt;

Respected Madam,

Kindly approve and share this FDP brochure among our Faculty Members and other Groups.

Last date for the registration is 28.02.2022

Date Of commencement of FDP is 02.03.2022

-----  
Sir/Madam,The Department of CSE, SVCE is going to organize an online FDP on "**Insight into Emerging Research Areas (IERA) - Concepts, Challenges and Opportunities**" for the benefit of the Teaching community.

The FDP is organized to help in imparting insights into emerging research domains in the field of information and communication engineering. The objective of this FDP is to present a clear understanding for today's technologies based on the next generation smart computing paradigm. Prominent interactive sessions with experts will be conducted in different domains of research such as Cloud Computing and its Services, Internet-of-Things, Big Data & Analytics, Artificial Intelligence and many more. The technical program will include state-of-the-art lectures, discussion/presentation sessions, specifically focused on the concepts, challenges and opportunities in emerging research areas. The participants from academics/industry will be benefited immensely and help them to carry out their research activities. Also, the programme helps the participants to enrich their knowledge to develop a research model which can address real time issues that may ease our day to day and real-life activities.

Hence, I request you to make use of this FDP and also share this to your friends circle.

## DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

### FDP on Insight into Emerging Research Areas - Concepts,

### Challenges and Opportunities

2<sup>nd</sup> March, 2022 – 7<sup>th</sup> March, 2022

### AGENDA

DAY	DATE	SESSION	NAME OF THE RESOURCE PERSON	TOPICS
1	02.03.22	FN	Dr. R. Anitha, Professor and Head, Department of CSE, SVCE.	Cloud Computing and Virtualization Techniques
		AN	Dr. N. Rajganes, Associate Professor, Department of CSE, SVCE.	Research and Publication
2	03.03.22	FN	Dr. N. Rajeswari, Associate Professor, Department of CSE, SVCE.	Kernel methods for Pattern Analysis
		AN	Dr. C. Jayakumar, Professor, Department of CSE, SVCE.	Data Science Process Model
3	04.03.22	FN	Dr. G. Abirami, Assistant Professor-OG, SRM Institute of Science and Technology, Kattankulathur.	Cyber Physical Systems Security
		AN	Dr. E. A. Mary Anita, Professor, Computer Science and Engineering, School of Engineering and Technology, Christ University, Bangalore.	Security in IoT using ML
4	05.03.22	FN	Dr. P. Geetha, Assistant Professor, Department of CSE, SVCE.	Green Cloud Computing – The Sustainable way to use the Cloud
		AN	Dr. K. Anitha, Assistant Professor (SG): Department of Mathematics, SRM Institute of Science and Technology, Ramapuram Campus	Role of Statistics in Scientific Research
5	07.03.22	FN	Dr. T. Ramkumar, Associate Professor, SITE School, Vellore Institute of Technology, Vellore.	Analyzing Healthcare Big Data Sources: Challenges and Opportunities
		AN	Mr. Y. Mohamed Sirajudeen, Assistant Professor, School of Computer Science and Engineering, VIT University, Amaravati Campus	Patents - Registration and Publication

## Online Faculty Development Programme

on

### *Insight into Emerging Research Areas (IERA) - Concepts, Challenges and Opportunities*

**02-03-2022 to 07-03-2022**

**Organized by:**

**Department of Computer Science and  
Engineering  
Sri Venkateswara College of Engineering  
(Autonomous, Affiliated to Anna  
University),  
Pennalur, Sriperumbudur-602117**

### ***ABOUT THE COLLEGE***

Sri Venkateswara College of Engineering (SVCE), a premier self - financing engineering college was started in the year 1985 and is managed by Sri Venkateswara Educational and Health Trust. The college conducts 11 B.E / B.Tech Degree courses and 8 PG courses in engineering. The college has 10 Research Centers approved by Anna University cater to MS (by Research) and PhD programmes. The courses are approved by AICTE and affiliated to Anna University, Chennai. The college received Autonomous status in 2016. The college is accredited by National Assessment and Accreditation Council (NAAC). The college is situated in a serene environment about 37 km from Chennai and situated on the way of Chennai – Bangalore National Highway (NH4) at Pennalur, Sriperumbudur, in Kanchipuram district.

### ***ABOUT CSE DEPARTMENT***

The Department of Computer Science and Engineering was established in 1985. Over the past few years, the department has acquired national and international importance. This has been achieved by the collective and responsive effort of the faculty, the supporting staff and the students. The department is well equipped with excellent computing facilities, and has highly qualified faculty specialized in areas like Cloud Computing, Artificial Intelligence, Data Analytics, Networking, Data Mining etc.

### ***ABOUT THE FDP***

The FDP is organized to help in imparting insights into emerging research domains in the field of information and communication engineering. The objective of this

FDP is to present a clear understanding for today's technologies based on next generation smart computing paradigm. Prominent interactive sessions with experts will be conducted in different domains of research such as Cloud Computing and its Services, Internet-of-Things, Big Data & Analytics, Artificial Intelligence and many more. The technical program will include state-of-the-art lectures, discussion/presentation sessions, specifically focused on the concepts, challenges and opportunities in emerging research areas. The participants from academics/industry will be benefited immensely and help them to carry out their research activities. Also, the programme helps the participants to enrich their knowledge to develop a research model which can address real time issues that may ease our day to day and real-life activities.

*Platform: Google Meet*

### ***FACULTY DEVELOPMENT PROGRAMME CONTENT***

*Expert lectures cover following topics:*

- *Cloud Computing and Virtualization Techniques*
- *Information Retrieval Techniques*
- *Data Science Process Model*
- *Kernel methods for Pattern Analysis*
- *Research and Publication*
- *Security in IoT using ML*
- *Role of Statistics in Scientific Research*
- *Analyzing Healthcare Big Data Sources: Challenges and Opportunities*
- *Patents - Registration and Publication*
- *Cyber Physical Systems Security*

### ***ADVISORY COMMITTEE***

Dr. M. SIVANANDHAM, Secretary,  
Sri Venkateswara Educational & Health Trust

Dr. S. GANESH VAIDYANATHAN  
Principal, SVCE

### ***CONVENOR***

Dr. R. Anitha,  
HoD/CSE, SVCE

### ***CO-ORDINATORS***

Dr. N. Rajganes, ASP/CSE, SVCE  
Ms. D. Vinodha, AP/CSE, SVCE  
Ms. V. Radha, AP/CSE, SVCE  
Ms. T. Padmavathy, AP/CSE, SVCE

### ***RESOURCE PERSONS***

Dr. R. Anitha, Professor and Head,  
Department of CSE, SVCE.

Dr. C. Jayakumar, Professor,  
Department of CSE, SVCE.

Dr. N. Rajeswari, Associate Professor,  
Department of CSE, SVCE.

Dr. N. Rajganes, Associate Professor,  
Department of CSE, SVCE.

Dr. P. Geetha, Assistant Professor,  
Department of CSE, SVCE.

Dr. E. A. Mary Anita, Professor,  
Department of CSE, School of Engineering  
and Technology, Christ University,  
Bangalore.

Dr. T. Ramkumar, Associate Professor,  
SITE School, Vellore Institute of  
Technology, Vellore.

Dr. K. Anitha, Assistant Professor (SG),  
Department of Mathematics, SRM Institute  
of Science and Technology, Ramapuram  
Campus.

Dr. G. Abirami, Assistant Professor - OG,  
SRM Institute of Science and Technology,  
Kattankulathur.

Mr. Y. Mohamed Sirajudeen, Assistant  
Professor, School of Computer Science and  
Engineering, VIT University,  
Amaravati Campus.

### ***REGISTRATION PORTAL***

<https://forms.gle/ysV7n9vCwL46ghM99>

### ***NO REGISTRATION FEE***

### ***EXPECTED AUDIENCE***

- Faculty, Research Scholars, PG Students

### ***LAST DATE OF REGISTRATION***

- **28<sup>th</sup> Feb 2022**
- **E-Certificate of participation will be provided .**

**Confirmation mail to Participants-FDP on "Insight into Emerging Research Areas (IERA) - Concepts, Challenges and Opportunities"**

1 message

**VINODHA D CSE** <dvinodha@svce.ac.in>

Mon, Feb 28, 2022 at 7:08 PM

To: Rajganesh Nagarajan CSE &lt;rajganeshn@svce.ac.in&gt;, RADHA V CSE &lt;radhav@svce.ac.in&gt;, PADMAVATHY T CSE &lt;padmavathy@svce.ac.in&gt;

Dear Sir/Madam,

Greetings!!!

Thank you for registering for a 5-days online FDP on "**Insight into Emerging Research Areas (IERA) - Concepts, Challenges and Opportunities**" which has been scheduled from 02-03-2022 to 07-03-2022.

The program details:

**Google meet link:** <https://meet.google.com/jic-visc-rxx>**Timings :**

FN session: 10.00 am – 11.30 am

AN session: 01.00 pm - 2.30 pm

I have attached the FDP Brochure and Agenda with this mail for your kind reference. Please let me know if you need any further information.

Looking forward to your active participation.

Thanks and Regards,  
Co-Ordinators (IERA),  
Dept. of CSE,  
SVCE.  
Pennalur – Sriperumbudur 602117.

**Name: Dr. R. Anitha**

**Qualification: M.E., Ph.D**

**Address: Professor & Head of the Department,  
Department of Computer Science and Engineering  
Sri Venkateswara College of Engineering  
Sriperumbudur. 602117**

**Email: [hodcs@svce.ac.in](mailto:hodcs@svce.ac.in), [anitabalajim@gmail.com](mailto:anitabalajim@gmail.com)**

**Phone Number: 9952337212**

**Bio data in brief:**

Profile of Dr. R. Anitha

With an experience of 21 years in Teaching & Research, Dr. R. Anitha is currently working at Sri Venkateswara College of Engineering, Sriperumbudur as Professor & Head in the Department of Computer Science & Engineering. Dr. Anitha received her B.E from Bharathidasan University and her M.E and Ph.D in the niche area Cloud Computing from Anna University, Chennai-25. She was a meritorious candidate during her entire course of studies. She was a Silver Medalists in her UG degree and Anna University Gold Medalists in her PG studies. During her Ph.D, she has received Senior Research Fellowship under meritorious scheme from UGC-New Delhi. Her primary research interests are in the field of Grid & Cloud Computing, Big Data Analytics, Software defined networking and Artificial Intelligence & Deep Learning. Specifically, she is interested in Cloud Security & Data storage in large scale distributed databases and Data Analytics. As recognition towards her research work Dr. Anitha has received Financial Grants of Rs. 1.0 lakhs from CSIR-New Delhi to present her research work in University of Washington, Seattle, USA in the year 2013. She has also presented her research work in the prestigious research meet at Malaysia in the year 2013. She has published over 40 research papers in various refereed international journals and in the international conferences. Anitha's professional interests focus on guiding many fellows towards their Ph.D. At present she is guiding seven scholars under Anna University. As a principal investigator, she is currently involved in funded project of worth Rs. 24 lakhs from DST-SERB, New Delhi Project titled "DigiCert: Data Security in Federated DigiCloud Environment using Homomorphic Technique". Recently Dr. Anitha has received a funded project from AICTE of worth Rs. 22 lakhs in the area of Artificial Intelligence. She has also received fund from TNSCST to complete her project in Green Cloud Computing. She has also published one patent under IPR, India, titled: Search and Place Filter (SPF) – A probabilistic Data Structure for Virtualization Environment. Two of her project proposals are under review at DRDO & Department of Science & Technology (DST). She is reviewer in many reputed journals.

## Curriculum Vitae

**Dr. N. Rajganesh** is presently working as Associate Professor in the Department of Computer Science and Engineering, Sri Venkateswara College of Engineering (Autonomous), Tamilnadu, India. He obtained Ph. D degree from Anna University during the year 2018 for his thesis entitled “Fuzzy based Intelligent Semantic Cloud Service Discovery for Effective Utilization of Services”. Having 15.10 years of experience in Teaching and contributes research findings in various reputed international Journals. During his career, he has attended more than 15 Faculty Development Program/Workshop/Seminar, which are sponsored by AICTE, UGC, ISTE, and Anna University. He has functioned as resource person in more than 10 Faculty Development Programme and organized seminars and workshops. He is functioning as an active reviewer for top-notch journals from IEEE, Springer, Elsevier, and other publishers.

Dr C JAYAKUMAR *BE, ME, PhD, FIE, MISTE, MCSI, MIACSIT*

Professor

Department of Computer Science and Engineering

Sri Venkateswara College of Engineering

Pennalur, Sriperumbudur Tk

Kancheepuram Dt

Tamilnadu-602117

Landline(office)044-27152000 extn: 302

Mobile 09884217734

Email: [cjayakumar2007@gmail.com](mailto:cjayakumar2007@gmail.com)

[cjayakumar@svce.ac.in](mailto:cjayakumar@svce.ac.in)

**Area of expertise:** Deep Learning, Semantic Web, Mobile

Adhoc Network, Wireless Sensor network

Dr C JAYAKUMAR has a career with more than 23 years of experience in teaching and research. After doing his Postgraduate in M.E in Computer Science and Engineering at College of engineering, Guindy, he pursued his Ph.D research in Computer Science and Engineering at Anna University, Chennai. He has Received Rs 24.4 Lakhs Grant from AICTE for many RPS Project and Staff Development Program. He has guided 26 Phd students under various universities (Anna University Chennai-15 No, Sathyabama University-4 No, Bharathiyar university-3 No and Bharath University-4 No). He has published 14 research papers in SCI and 25 in Scopus Journals. He is guiding a number of research scholars in the areas of Ad hoc Network, Security in Sensor Networks, Machine Learning under Anna University, Sathayabama University and Bharathiyar University. He was the Advisor and Technical Committee Member for many international and national conferences. He had the honour of chairing innumerable sessions at various International Conferences, National level Conferences, Staff development Program and workshop spreading the beauty of computer science and education. He had the honour of working as a coordinator for National Board of Accreditation, Anna University Affiliation, Anna University Research Nodal Centre and TCS Accreditation at various colleges. He was a member of the Anna University Inspection Committee for Affiliated Colleges during the academic year 2008-09. He held the vital member in Governing Body in Sri Venkateswara College Of Engineering. He had the honour of being the Chairman for the Faculty of CS and IT Board in Sri Venkateswara College Of Engineering, Board of Studies member in Meenakshi University, Chennai, Technical Committee member in SRM University and SRM Arts and Science, Chennai. He has conducted various national conferences, Staff Development Program, Workshops, Seminars in association with industries like Infosys and TCS. Currently he is working as Professor in the Department of Computer Science and Engineering, Sri Venkateswara College of Engineering.

**Dr. N. Rajeswari,  
Associate Professor,  
Department of CSE, SVCE.**

Dr. N. Rajeswari is working as an Associate Professor in CS department at Sri Venkateswara College of Engineering. She has 21 years of teaching experience. She received her doctoral degree from Anna University for the research on 'Dysarthric Speech Recognition'. Her great intrigues are mainly pattern recognition, machine learning, deep learning in speech and vision. She has published several papers in International and National journals including IEEE transactions and Elsevier. She has also reviewed papers of national and international conferences. Dr. Rajeswari is a recognized supervisor for guiding research scholars of Anna University. She is an active member of Institution of Engineers. She has been recognised as a chartered engineer by The Institution of engineers India.

## **PROFILE**

**Dr. G. ABIRAMI** is working as an Assistant Professor for 12 years in the Department of Computing Technologies, School of computing, SRMIST, Kattankulathur. She completed her Ph.D. at SRM Institute of Science and Technology, in the area Access Control Mechanisms of Network Security in the year 2021. She is having more than 15 research papers in reputed journals and Conferences. She is a professional member in IET, ACM, and IEEE. She is one of the reviewers in IEEE conferences. She did her M.E in computer science at Annamalai University in the year 2008. She has been awarded as a topper in her PG. Also, she was a GATE scorer in the year 2003. She completed her B.E Computer Science and Engineering in Bharathidasan University, Tiruchirappalli in the year 2003. Her research area includes Network Security, Cyber physical system, and Artificial intelligence.

Dr MARY ANITA E A

BE, ME, PhD

COMPUTER SCIENCE AND ENGINEERING

SCHOOL OF ENGINEERING AND TECHNOLOGY

BANGALORE KENGERI CAMPUS

Dr E. A. Mary Anita holds a B.E in Electrical and Electronics Engineering and M.E in Computer Science & Engineering, both from Government College of Engineering, Tirunelveli, India and a Ph.D. in Information and Communication from Anna University, Chennai. She is presently Professor in Computer Science and Engineering Department of Christ (Deemed to be University), Bangalore, also coordinating the PhD course of the department

She has over 30 years of teaching experience and has published more than 80 research papers in International, national journals and conferences and 2 patents to her credit.. She has guided 4 PhDs and currently guiding 10 scholars.

She is an active researcher and received grants worth around 65 lakhs from various funding agencies. She has completed one Research Project for CVRDE, DRDO, Chennai. Her main research interests are in the field of wireless networks, security and privacy

## CURRICULAM VITAE

Dr.K.Anitha, M.Sc.,M.Phil.,Ph.D.,SET

Assistant Professor (Selection Grade)  
Department of Mathematics,  
SRM Institute of Science & Technology,  
Ramapuram-Campus,  
Chennai- 600 089.

Mobile Number:9941135577.

**Objective:** Aim to be an associative within a progressive organization that gives me scope to update my knowledge and skills in accordance with the latest trends and be part of a team that dynamically works towards growth of organization and gains satisfaction

**Area of Research:** Machine Learning Techniques with Rough Sets, Rough Graphs, Algebraic Structures, Number Theory

**Teaching(Research) Experience:** 15.3 Years

**Research Profile:**

1.	Total Number of Scholars Pursuing Ph.d	05 Anna University : 01 SRM IST :04
2.	Total Number of Conferences organized	3 (National )
3.	Total Number of Papers Published	30
4.	Total Number of Papers Presented in National/International Conferences	23
5.	Conferences Papers presented in Foreign Countries	03(China,Singapore, Malaysia)
6.	Total Number of Books Published	04
7.	Total Number of Book Chapters Published	03
8.	Project Grant Received	
	1. STTP on Applied Mathematics for Scientific Computation in Engineering, AICTE-2.92 Lakhs, 2019	
	2. ICMR-Adhoc Scheme. Rs.6,81,619/-,2021	

**EDUCATIONAL QUALIFICATION:**

S.NO	NAME OF THE DEGREE		NAME OF THE UNIVERSITY
1.	State level Eligibility Test - MATHEMATICAL SCIENCES -2017		REG.NO: 28124494
2.	Ph.D- Mathematics-Statistics- January 2016		Manonmaniam Sundaranar University
3.	M.Phil -Mathematics-2007		Madurai Kamarajar University
4.	M.Sc.,- Mathematics-2004		Madurai Kamarajar University
5.	B.Sc., - Mathematics-1997		Bharadhidasan University
6.	SUPERVISORSHIP IN ANNA UNIVERSITY Computational Mathematics- Statistics	REF.NO: 2970098 1- Scholar pursuing Ph.d., in Full Time	ANNA UNIVERSITY
7.	SUPERVISORSHIP IN SRM UNIVERSITY Mathematics- Statistics	R/tap.11619Esst./202 0/57 4- Scholars Pursuing Ph.D (3-Full Time, 1-Part Time)	SRM University Ramapuram- Campus Chennai

**SOFTWARE KNOWN: MATLAB, R, SPSS, SCILAB, PYTHON, C, C++**

**WORKING EXPERIENCE:**

Total Years of Experience in Teaching: 15.3 Years

Post Ph.d Experience : 5.9Years

### INVITED TALKS

S.NO	NAME OF THE EVENT & VENUE
1.	Delivered Keynote talk on National Webinar "ESSENTIAL MATHEMATICS FOR MACHINE LEARNING" - GURU NANAK COLLEGE (AUTONOMOUS) GURU NANAK SALAI, VELACHERY, Chennai-600042 - 3.8.2021
2.	Delivered Keynote talk on "DECODING THE ART OF WRITING HIGH INDEXED RESEARCH PAPERS" - Shri Krishnaswamy College for Women, Chennai - 27.06.2021
3.	Delivered Keynote talk on "MATHEMATICAL APPLICATIONS OF ROUGH SETS IN DECISION MAKING" - Kongunadu College of Engineering and Technology, Trichy - 23.12.2020
4.	Delivered Keynote talk on "APPLICATIONS OF ROUGH SETS IN DATA ANALYSIS" - Sri Sai Ram Engineering College, Chennai- 31.10.2020
5.	Delivered Keynote Address: "International Virtual Conference on Recent Trends and Technology of Mathematics and Science- titled ROUGH SET THEORY AND ITS APPLICATIONS" Queens College of Arts & Science , Tanjavur 7 <sup>th</sup> & 8 <sup>th</sup> October, 2020
6.	Delivered for Webinar on "MATHEMATICS FOR MACHINE LEARNING" - Queens College of Arts & Science for Women, Thanjavur- 20.6.2020
7.	Delivered for Webinar on "MATHEMATICAL METHODS IN SOFTCOMPUTING" - Hindustan College of Engineering and Technology, Coimbatore-11.6.2020
8.	Delivered Guest Lecture on "ROLE OF SET THEORY IN SOFT COMPUTING: - JNN Arts & Science Women's College, Chennai on 21.02.2020
9.	Delivered Guest Lecture on "ENGINEERING MATHEMATICS-II " at SVIST, Chennai on 13.03.2018
10.	Delivered Guest Lecture on "APPLICATIONS OF CALCULUS IN ENGINEERING"- VIT -Chennai campus, 06.11.2017
11.	IEEE SPONSERED WORKSHOP ON "MATHEMATICAL MODELLING OF WIRELESS SENSOR NETWORKS- S.A.ENGINEERING COLLEGE- JULY 28' 2016

## MEMBERSHIP IN INTERNATIONAL SOCIETY

S.No	Institution	Type of membership
1.	The Indian Society for Technical Education	Life(LM 85747)
2.	International Rough Set Society	Life
3.	International Association of Engineers	Life(197428)
4.	National Foundation For Entrepreneurship Development	Life(MEM/LM/NEFD/58/12/2017)
5.	FATER Academy of India	FAI/LM/TN.931/2019

## OTHER ROLES

S.No	Name of the Role	Details
1.	REVIEWER	(i) Annals Of Fuzzy-Journal (ii) Cogent Maths
2.	CO-ORDINATOR	National Conference On "Advances in Humanities, Physical & Mathematical Sciences- April '2016"- S.A.Engineering College, 6 <sup>th</sup> April, 2016
3.	PROGRAMME COMMITTEE MEMBER	6 <sup>TH</sup> & 7 <sup>TH</sup> Annual International Conference On Computational Mathematics, Computational Geometry & Statistics (CMCGS 2017)-Global Science And Technology Forum, Singapore,6 & 7 <sup>th</sup> February-2017
4.	SESSION CHAIR	The 5th International Conference on Computer Engineering and Mathematical Sciences (ICCEMS2016) 15th-16th December, Kuala Lumpur, Malaysia
5.	CONVENER	National Conference On "Emerging Trends In Mathematical Sciences" S.A.Engineering College, December- 22'2016
6.	CONVENER	Second National Conference On "Emerging Trends In Mathematical Sciences", S.A.Engineering College, December- 22', 2017
7.	CONVENER	Third National Conference On "Emerging Trends In Mathematical Sciences",S.A.Engineering College,December- 20', 2018
8.	EDITORIAL BOARD MEMBER	IOSRD - International Journal Of Applied Mathematics

## AWARDS RECEIVED

- Distinguished women Educator & Scholar By National Foundation for Entrepreneurship Development - March 8,2018
- Young Women Scientist-2017 By Dr.Kalam Educational Trust- April 12, 2018
- Women's Women By AMN Global Group- March 8, 2016

**DECLARATION**

I do hereby declare that the information furnished above is true to the best of my knowledge.

**DATE: 01.03.2022**

**Yours faithfully**

**PLACE: CHENNAI**

  
**(Dr. K.Anitha)**

1-SCI, 2-Wos, 2-Scopus indexed papers Published.

2 Book Chapters Published in Springer. 2 Papers Published in International Conference proceedings, 3 Papers Presented in International Conference, 2 NPTEL Courses Completed, 273 Coursera Courses Completed, 4 Project Proposal Submitted. Delivered 5 Keynote talk in various Institutions. Guiding 4 Research Scholars (3- Full Time, 1-Part Time) in SRM-IST Ramapuram.

## Curriculum Vitae

**Dr. T. Ramkumar** is presently working as Associate Professor in School of Information Technology & Engineering, Vellore Institute of Technology, Vellore, India. He obtained Ph.D degree from Anna University in the year 2010 for the thesis entitled “Synthesizing Global Association Rules in Multi-Database Mining”. Having 20 years of experience in Higher education & research, regularly he contributes research findings in various reputed international Journals. Some of his research works have been published in journals from Springer, Elsevier, Wiley, World-Scientific and other publishers. He has functioned as resource person in more than 20 Faculty Development Programme and organized seminars and workshops which are funded by ISTE, AICTE and others. He has successfully guided three research scholars lead to Ph. D degree.

**Mr. Mohamed Sirajudeen**  
**Assistant Professor,**  
**School of Computer Science and Engineering,**  
**VIT University, Amaravati Campus**

Mr. Mohamed Sirajudeen received his Under-Graduation B. Tech (Information Technology) and Post-Graduation M.E (Computer Science and Engineering) from Anna University in the year 2013 and 2015 respectively. He has submitted his Ph.D. Thesis on “Improving the Security and Efficiency of Electronic Document Management System (E-DMS)” recently in Anna University. His entire Ph.D. research work was sponsored by the Science and Engineering Research Board (SERB), Department of Science and Technology (DST), Government of India. He has two years of experience as a Junior Research Fellow and one year of experience as Senior Research Fellow in the DST-Cloud Research Lab, Sri Venkateswara College of Engineering, Chennai. His area of research is Cloud computing, Big data, Blockchain, and the Internet of Things. He has more than 20 quality research papers indexed in SCI, Web of Science, and Scopus.

While pursuing his Ph.D., he has guided several UG and PG students to participate in the international and national level hackathon competition and the students have won several prizes. In addition to it, he is personally training an 8<sup>th</sup> Standard CBSE student Mr. Nufail to participate in competitions conducted by the ISRO and NASA.

Apart from research activities, he is also a registered patent agent in the Indian Patent Office. Having a passion towards law, he appeared for the patent agent exam and cleared it in the year 2019. Currently, he is working as an Assistant Professor in the School of Computer Science and Engineering (SCOPE), VIT University, Amaravati Campus, Andhra Pradesh.

Being a teacher and a registered patent, he is guiding the faculty members, researchers, and students throughout India to register Indian patents as well as international patents.

# Report on FDP on Insight into Emerging Research Areas - Concepts, Challenges and Opportunities

02/03/2022 to 07/03/2022

-----

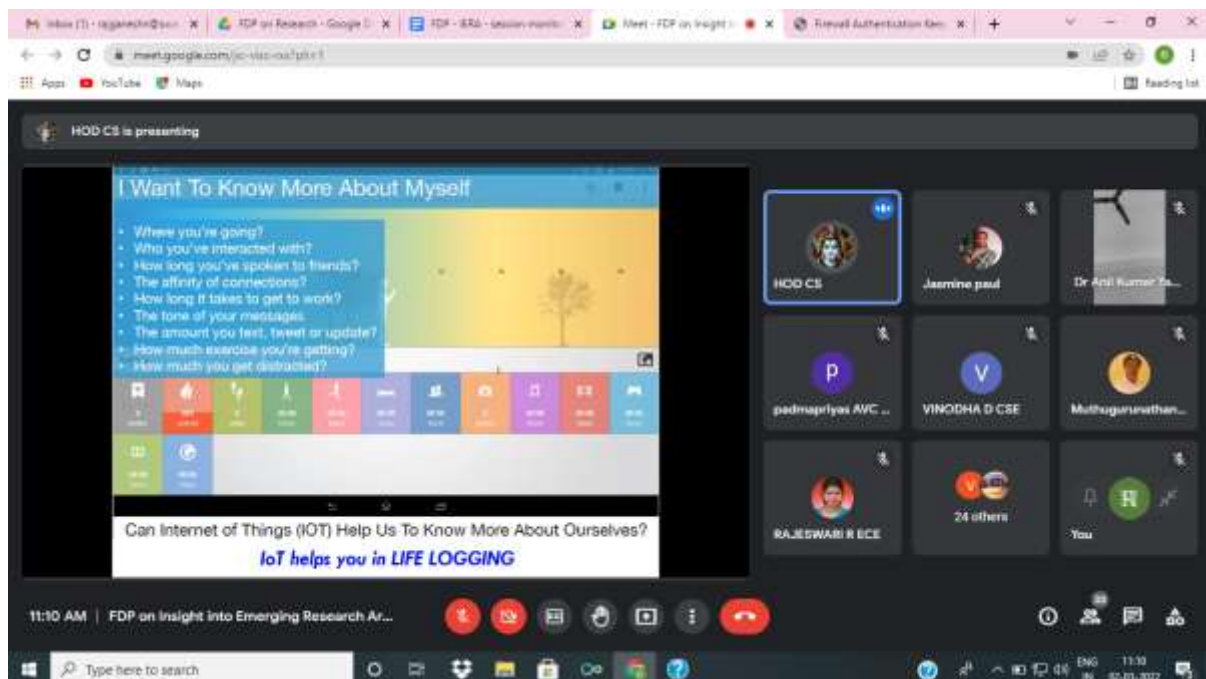

## Day 1 [02/03/2022] – Session 1- Cloud Computing and Virtualization Techniques

**Resource Person: Dr. R. Anitha, Professor and Head, Department of CSE, SVCE.**

The inaugural session is hosted by Mrs. D. Vinodha, Assistant Professor / CSE. She also welcomed the gathering. Forenoon session is handled by Dr. R. Anitha, Professor and Head / CSE.

Dr Anitha madam elaborated her views in the domain of Cloud computing and Virtualization Techniques. She also narrated the issues and the challenges in the cloud domain with respect to the research aspects.

Madam has highlighted the research opportunities in the domain of cloud computing and provided the guidelines to pick the problem statement for the research work. The participant asked their doubts and the same is addressed by the resource person. Finally, the session ended with the Vote of thanks by Dr. N. Rajganesh, Associate Professor, CSE.

**Presentation of Forenoon Session – IoT need**

The screenshot shows a Zoom meeting interface. The main window displays a slide titled "Data Related Security". The slide contains two bullet points:

- Data Recovery:** Sometimes server may break down and cause damage or loss to users data. To avoid this, data should be backed up to be recovered in future
- Data Locality:** In SaaS model of cloud environment, the user doesn't know where the data is stored which may be an issue. The issue can be solved by creating secure SaaS model which can provide reliability to the customer on the location of the data of the user.

The right side of the screen shows a grid of participant avatars, including HOD CS, Jasmine paul, Dr. Anil Kumar, padmapriya AVC..., VINODHA D CSE, Muthugurusethan..., RAJESWAR R ECE, 24 others, and You. The bottom status bar shows the time as 11:12 AM and the meeting title "FDP on Insight Into Emerging Research Are...".

**Issues and the opportunities in the Data Related Security**

The screenshot shows a Zoom meeting interface. The main window displays a slide titled "Approaches of Mobile Cloud Computing". The slide contains the following text:

2. Other mobile devices themselves use as resource providers of the cloud making up a mobile peer-to-peer network.

Thus, the collective resources of the various mobile devices in the local vicinity, and other stationary devices too if available, will be utilized as shown in Fig. 2.

The slide includes a diagram showing a central cloud icon connected to several mobile devices (labeled A, B, C, D, E) and a stationary device (labeled F). The diagram illustrates how these devices can act as resource providers for the cloud.

The right side of the screen shows a grid of participant avatars, including HOD CS, Jasmine paul, Dr. Anil Kumar, padmapriya AVC..., VINODHA D CSE, Muthugurusethan..., VINOTHYALAKSHI..., 24 others, and You. The bottom status bar shows the time as 11:19 AM and the meeting title "FDP on Insight Into Emerging Research Are...".

**Topic on Mobile Cloud Computing**

## Day 1 [02/03/2022] – Session 2- Research and Publication

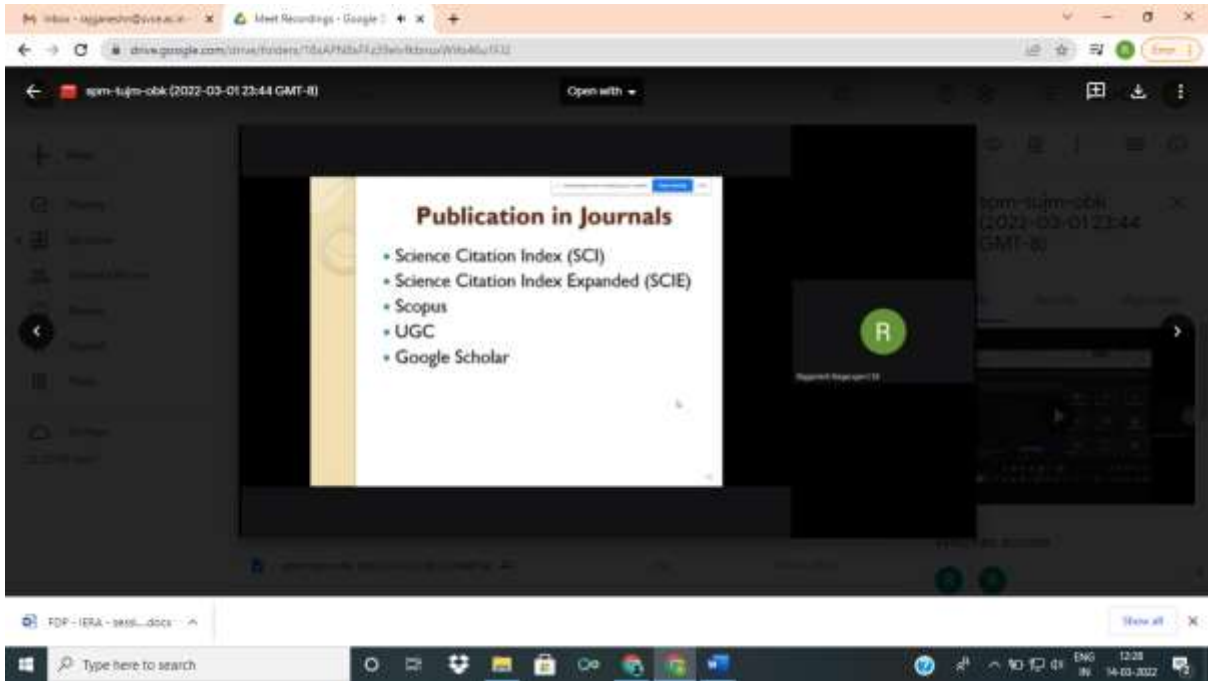

**Resource Person: Dr. N. Rajganesh, Associate Professor, Department of CSE, SVCE.**

The session is initiated and the welcome address is given by Mrs. V. Radha, Assistant Professor/CSE. The session is handled by Dr. N. Rajganesh, Associate Professor, CSE, SVCE. In this session the need for the research and its importance is highlighted. Dr Rajanesh has given the idea about to utilize the various platform available to obtain the research information such as google scholar, Sci-hub.

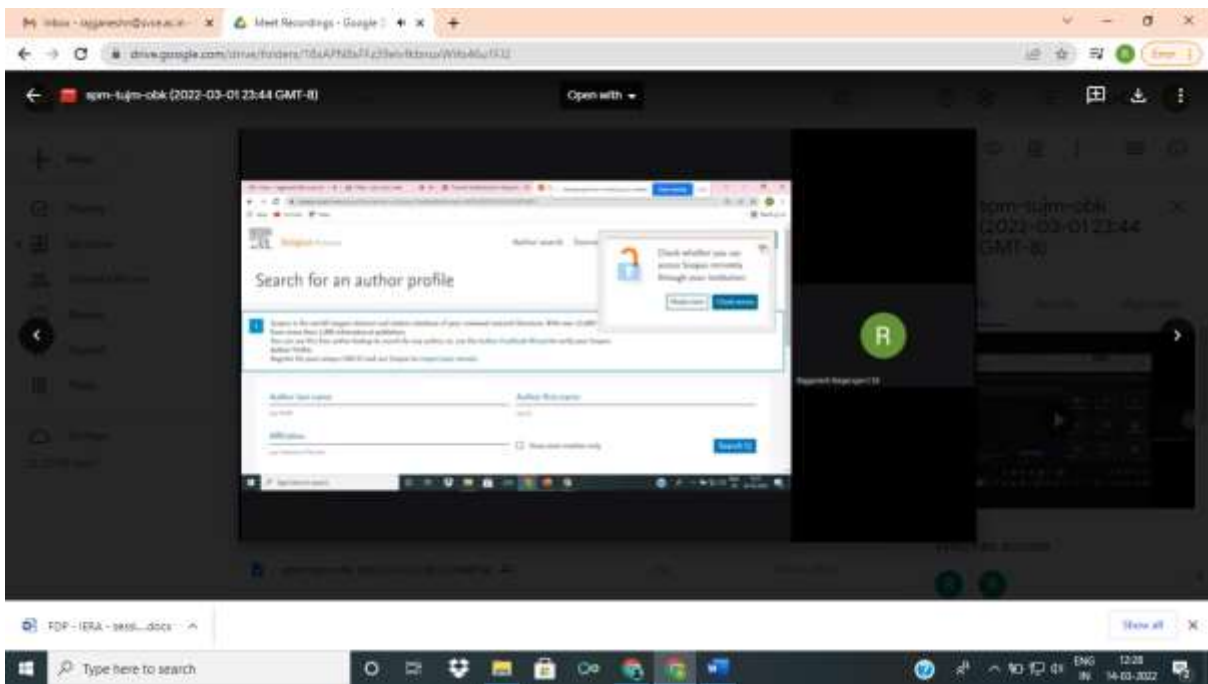

Sir also discussed the importance of H-index, I-10 index, Journals impact factor and the identification of journals for the publication. The profile creation with the Scopus, Researcher Id, Research Gate, Google Scholar and its impact is also discussed. Finally, the session is ended with the vote of thanks by Mrs. T. Padmavathy, Assistant Professor/ CSE, SVCE.

**Topic on Research and Publication by Dr. N. Rajganesh**

### Details related to the Publications by Dr. N. Rajganesh

### Profile building with Scopus

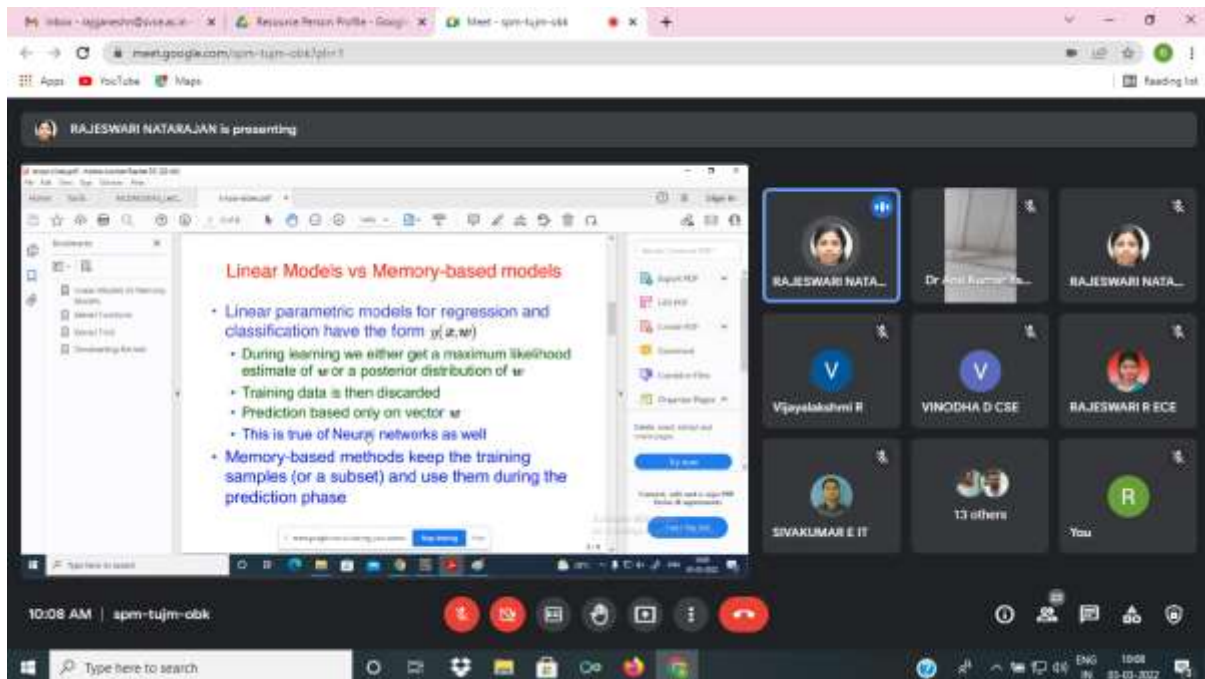

## Day 2 [03/03/2022] – Session 3- Kernel methods for Pattern Analysis

**Resource Person: Dr. N. Rajeswari, Associate Professor, Department of CSE, SVCE.**

The session is welcomed by Dr. N. Rajganesh, Associate Professor/CSE. He welcomed the gathering and introduced the resource person Dr. N. Rajeswari, Associate Professor/CSE, SVCE. Madam has given the topic on kernel methods for pattern analysis. She also given the real time examples with a hands-on session.

The participants got an idea about the pattern analysis and its importance through this lecture. The challenges and the research opportunities in pattern analysis has been given by the resource person with the detailed state of art. Finally, the session ended with the vote of thanks by Dr. N. Rajganesh.

The screenshot shows a Google Meet interface during a presentation. The main window displays a slide with the following content:

### Linear Models vs Memory-based models

- Linear parametric models for regression and classification have the form  $y(z, w)$
- During learning we either get a maximum likelihood estimate of  $w$  or a posterior distribution of  $w$
- Training data is then discarded
- Prediction based only on vector  $z$
- This is true of Neural networks as well
- Memory-based methods keep the training samples (or a subset) and use them during the prediction phase

The slide also includes a 'Go Home' button and a 'Close' button. The Meet interface shows a grid of participants, including RAJESWARI NATARAJAN, Dr. N. Rajganesh, RAJESWARI NATARAJAN, V. Jayalakshmi R, VINODHA D CSE, RAJESWARI R ECE, SIVAKUMAR E IT, 13 others, and You. The bottom status bar shows the time as 10:08 AM and the meeting ID as apm-tujm-obk.

**Lecture on Linear Models by Dr N. Rajeswari**

**Kernel Functions**

- Linear models can be re-cast into equivalent dual where predictions are based on kernel functions evaluated at training points
- Kernel function is given by  $k(x, x') = \phi(x)^T \phi(x')$ 
  - where  $\phi(x)$  is a fixed nonlinear mapping (basis function)
- Kernel is a symmetric function of its arguments  $k(x, x') = k(x', x)$
- Kernel can be interpreted as similarity of  $x$  and  $x'$ 
  - Simplest is identity mapping in feature space  $\phi(x) = x$
  - In which case  $k(x, x') = x^T x'$ 
    - Called Linear Kernel

Lecture on Kernel Functions by Dr N. Rajeswari

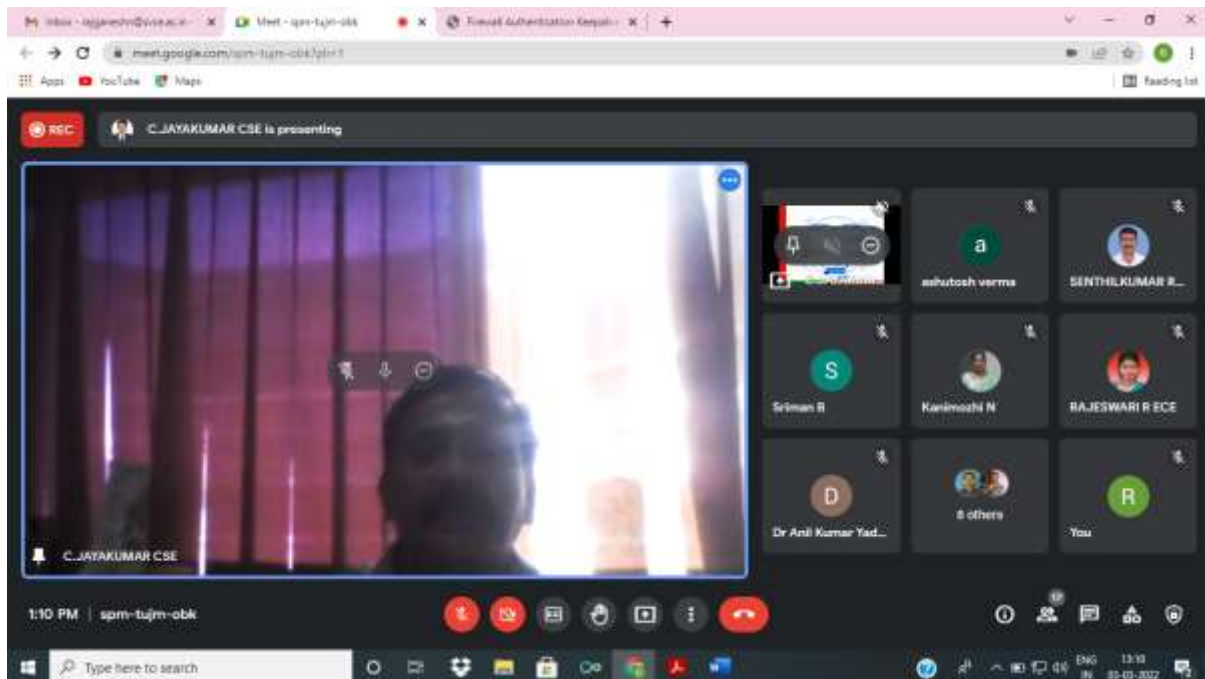

The graph shows a 2D plot with a horizontal x-axis and a vertical y-axis. Several data points are scattered across the plot, with some colored orange and others green. A straight line is drawn across the plot, representing a linear decision boundary. The axes have tick marks at -1 and 1.

Lecture on Linear Models by Dr N. Rajeswari – Example Demonstration

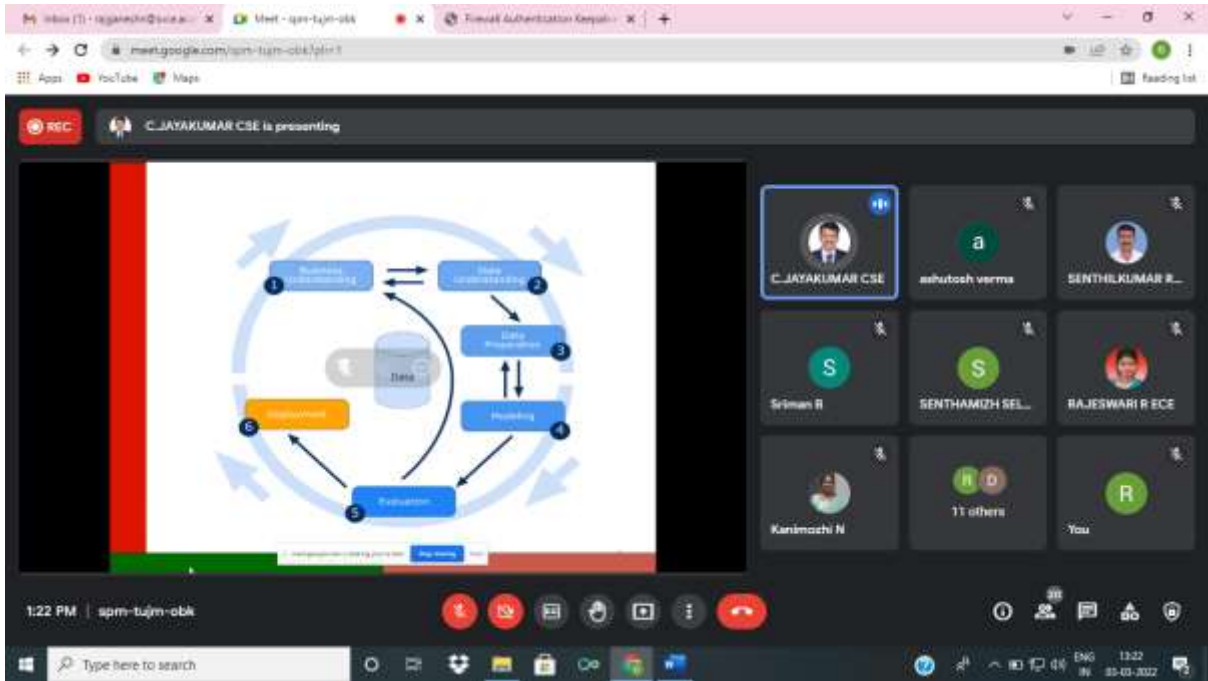

## Day 2 [03/03/2022] – Session 4- Data Science Process Model

**Resource Person: Dr. C. Jayakumar, Professor, Department of CSE, SVCE.**

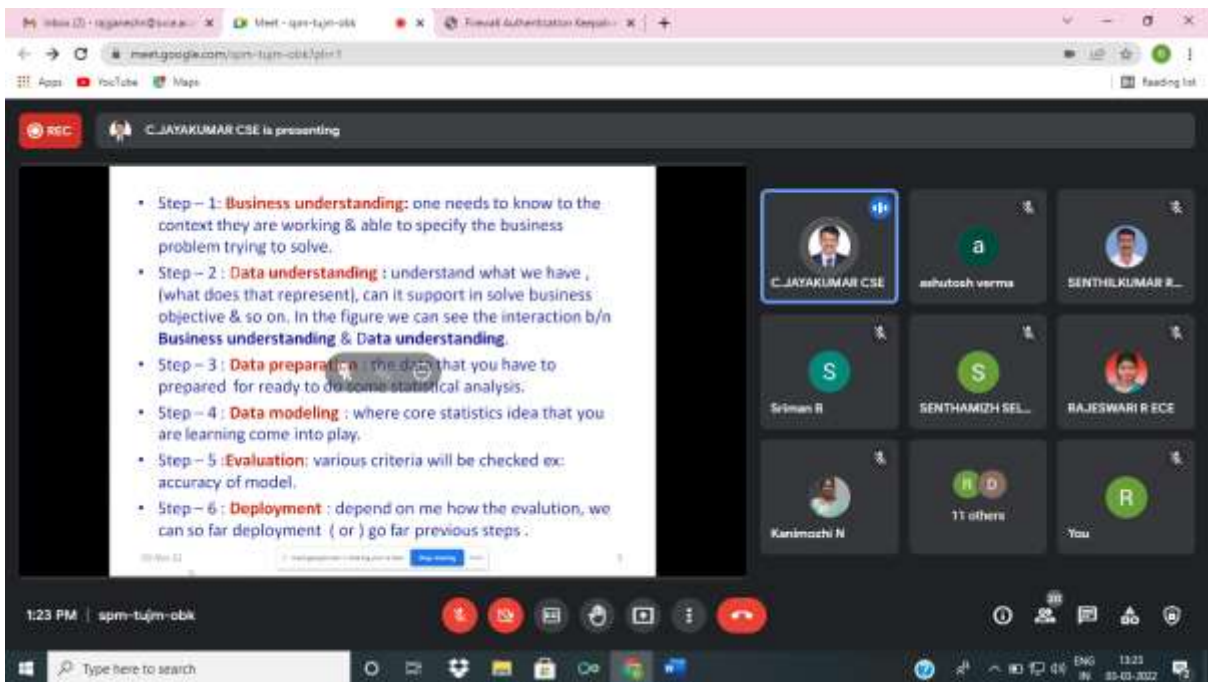

The session is welcomed by Dr. N. Rajganesh, Associate Professor/CSE. He welcomed the gathering and introduced the resource person Dr. C. Jayakumar, Professor/CSE, SVCE. The session started with the rehearsal of Software Engineering process model. The participants have shared their views about the software engineering life cycle model. The resource person has given the introduction about the waterfall model and then highlighted the data science process model. Finally, the session ended with the vote of thanks by Mrs. V. Radha, Assistant Professor/CSE.

**Dr. C. Jayakumar, Professor/CSE addressing the Participants**

Dr. C. Jayakumar, Professor/CSE explaining the Data Process Model

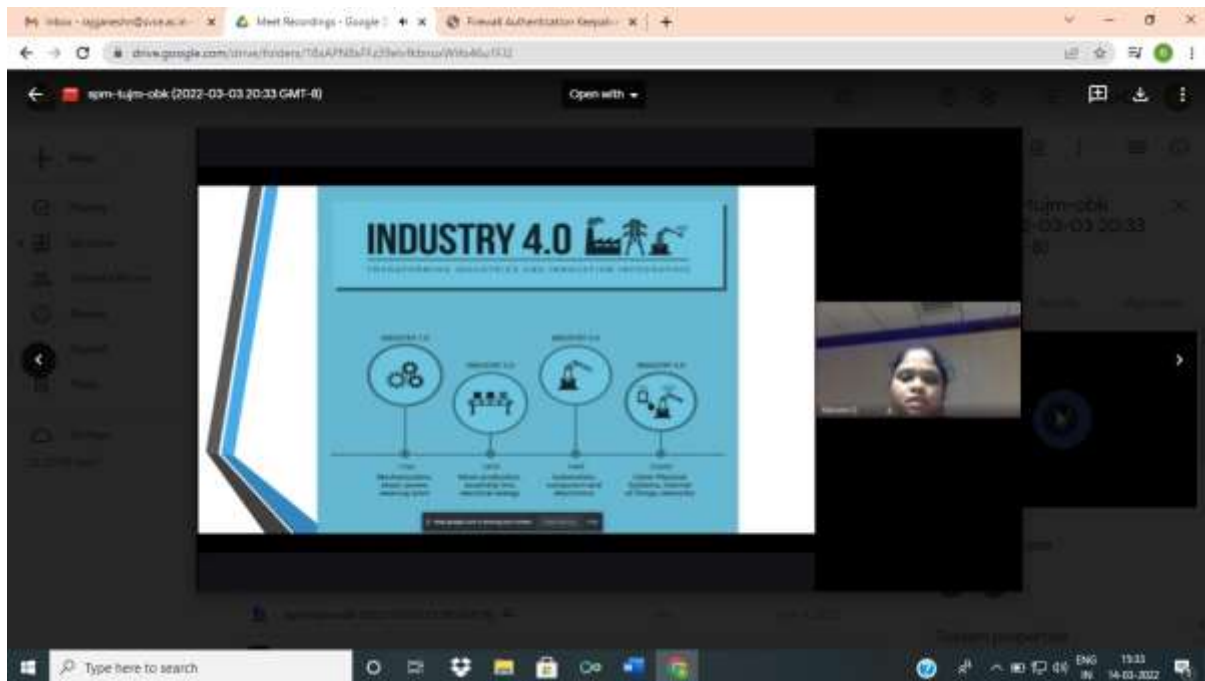

Dr. C. Jayakumar, Professor/CSE explaining the Data Process Model Steps

## Day 3 [04/03/2022] – Session 5 - Cyber Physical Systems Security

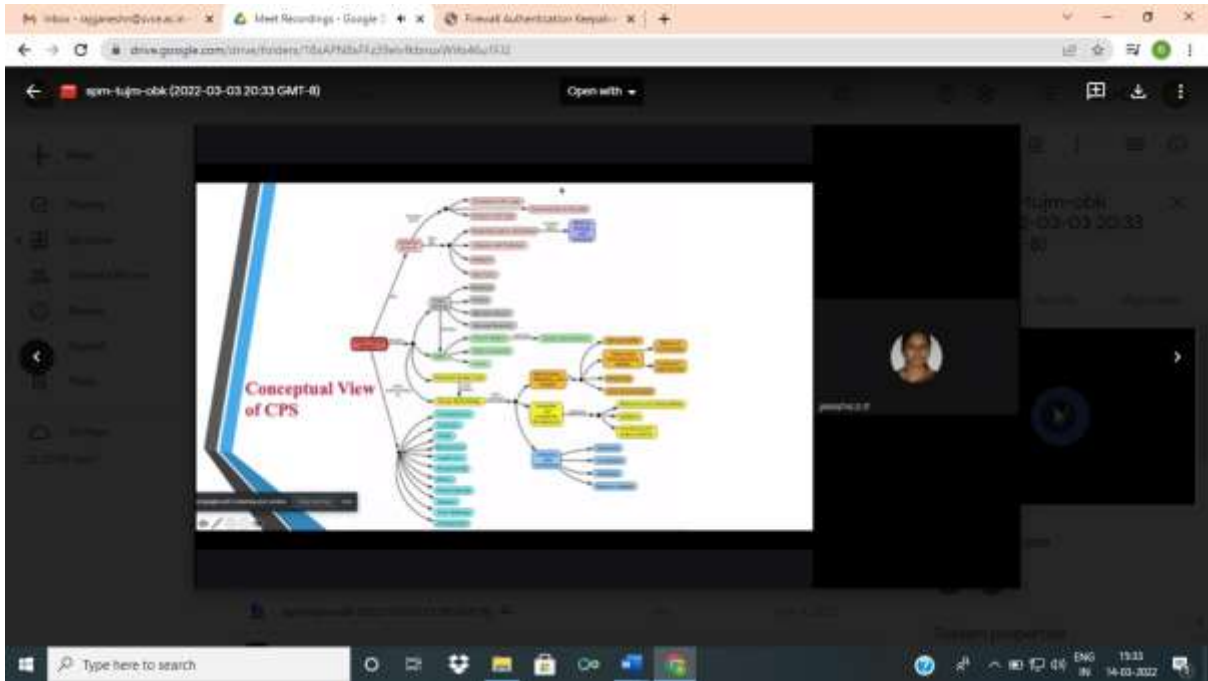

**Resource Person: Dr. G. Abirami, Assistant Professor-OG, SRM Institute of Science and Technology, Kattankulathur.**

The session started with the welcome address by Mrs. D. Vinodha, Assistant Professor/CSE. Followed that resource person introduction. The forenoon session is handled by Dr. G. Abirami, Assistant Professor [OG], Department of CSE, SRM Institute of Science and Technology, Kattankulathur. Madam has given the lecture on the topic of Cyber Physical System. The lecture highlights the industry 4.0 and needs. Also, madam has elaborated the need for IoT devices in the Cyber Physical System.

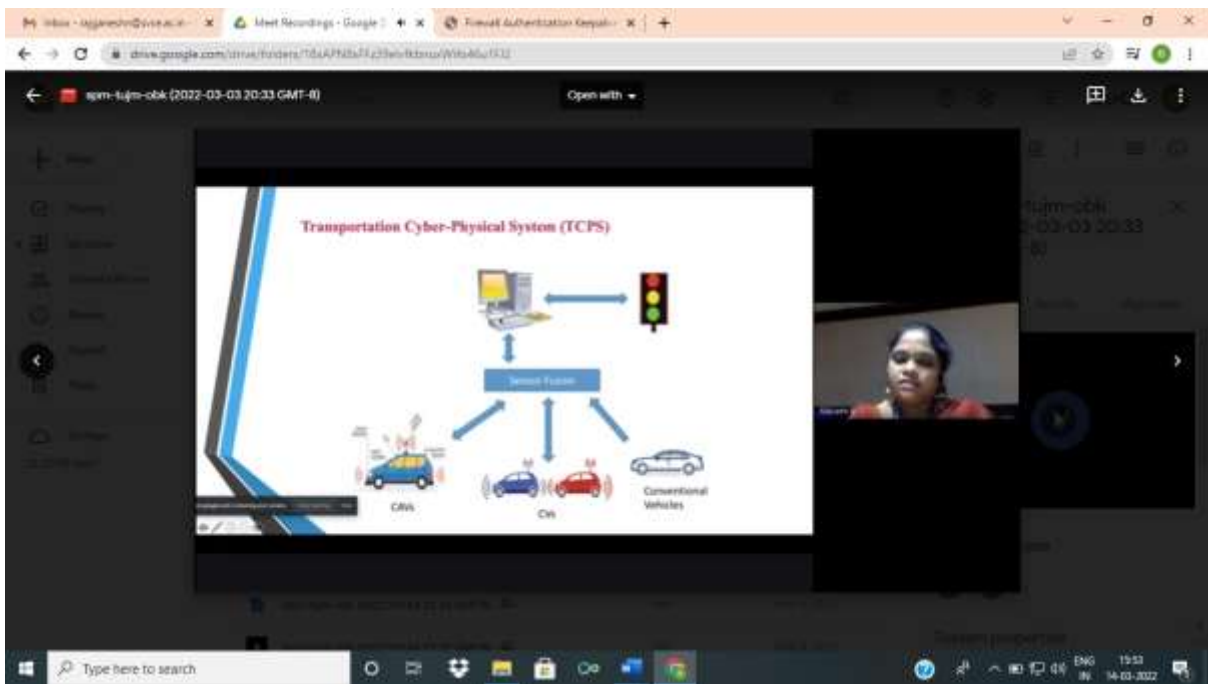

The benefits of cyber physical system and its challenges in the perspective of research openings have been discussed by the resource person. Finally, the session is ended with the vote of thanks by Mrs. D. Vinodha, AP/CSE.

**Dr. G. Abirami talks about the Introduction to Cyber Physical System**

**Dr. G. Abirami responding to Participants Queries**

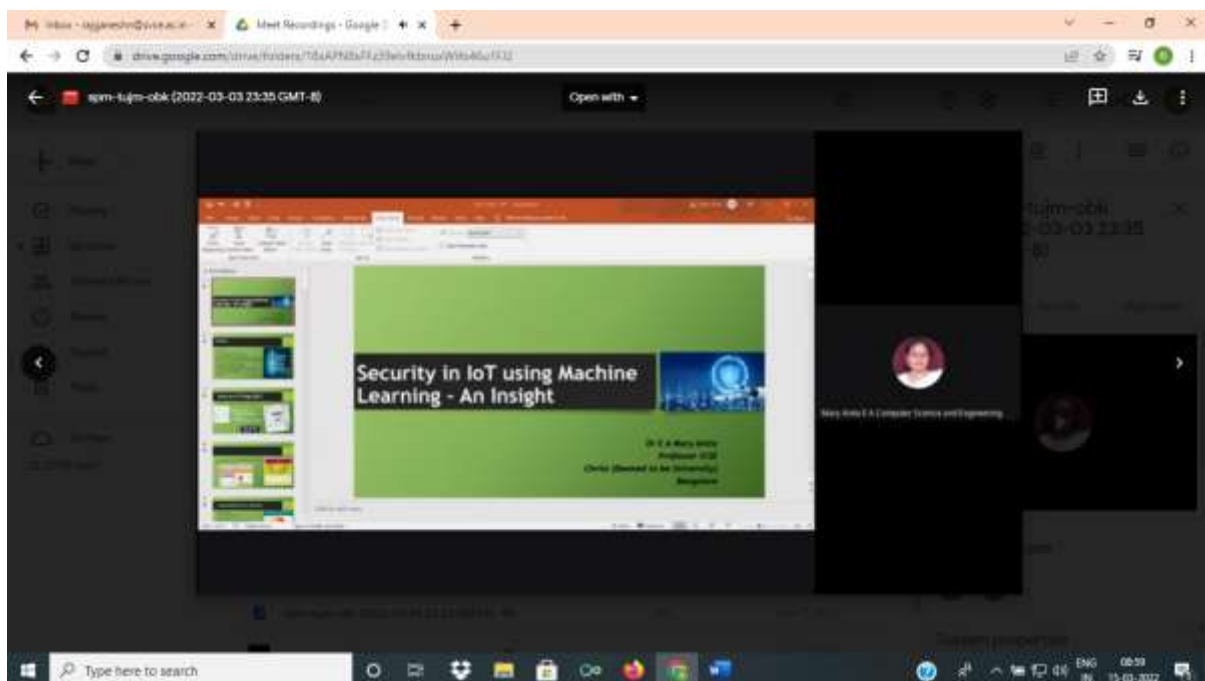

**Dr. G. Abirami explain about Transportation Cyber-Physical System**

### Day 3 [04/03/2022] – Session 6 - Security in IoT using ML

**Resource Person: Dr. E. A. Mary Anita, Professor, Computer Science and Engineering, School of Engineering and Technology, Christ University, Bangalore.**

This Session started with the welcome address and Resource person introduction by Mrs. D. Vinodha, AP/CSE, SVCE. Dr Mary Anita madam presented her view on using machine learning to provide the security in IoT. Her view began with the introduction part in IoT then she discussed about the characteristics of IoT networks. In addition to that, madam also discussed the solution to the security challenges.

Madam has given the different kinds of attacks in layered approach with a neat diagram. At the end the NS2 simulation and hands-on session is conducted by the resource person which is really very interesting from the purview of the participants. Finally, the session ended with the vote of thanks by Mrs. V. Radha, AP/CSE, SVCE.

**Dr. E. A. Mary Anita – Presenting her view on Security in IoT**

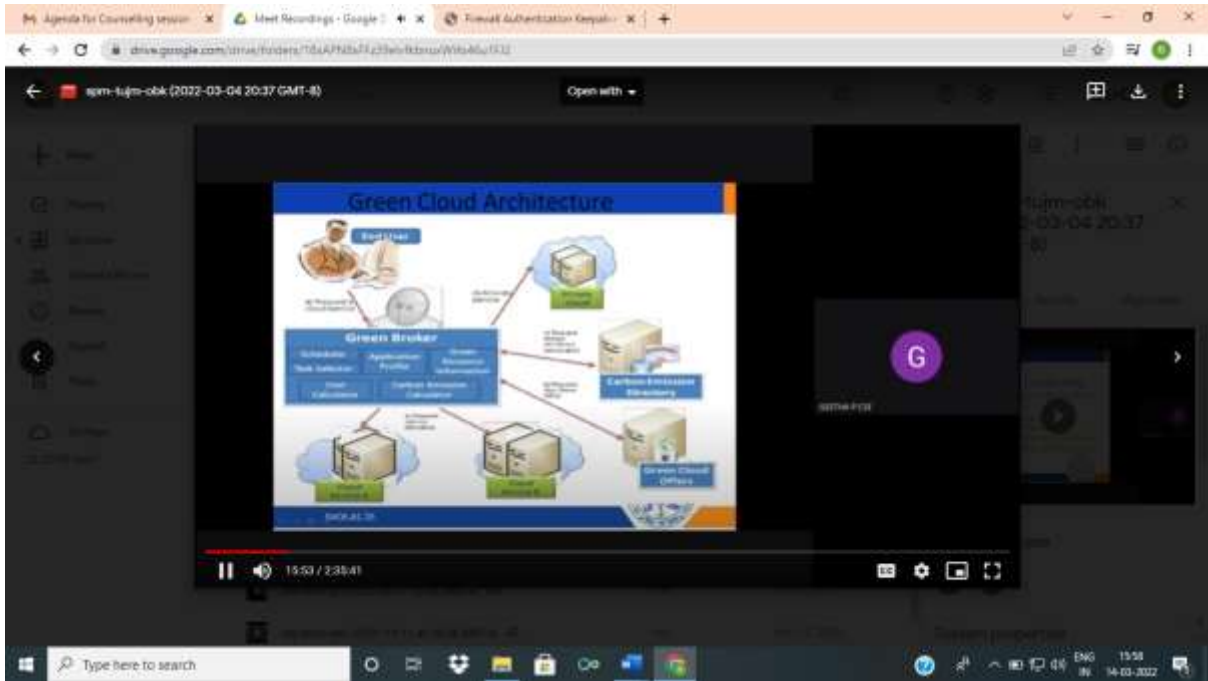

## Day 4 [05/03/2022] – Session 7 - Green Cloud Computing – The Sustainable way to use the Cloud

**Resource Person: Dr P Geetha, Assistant Professor/CSE, SVCE.**

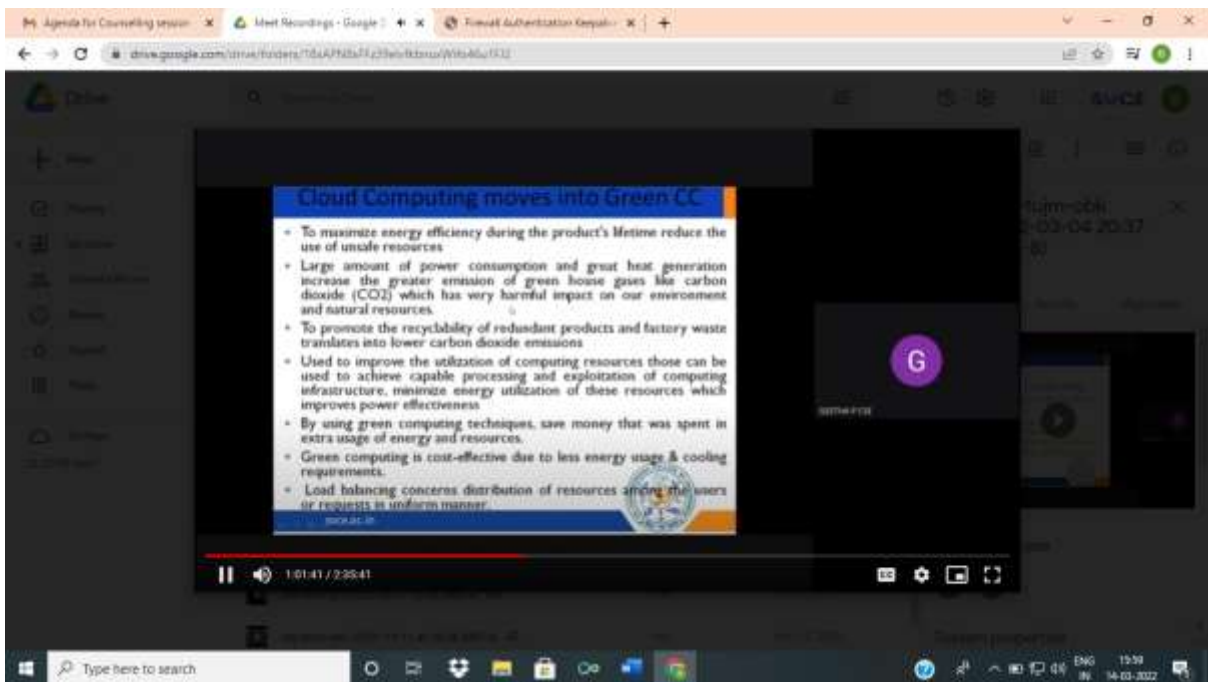

The session is welcomed by Dr. N.Rajganesh, Associate Professor/CSE, SVCE. The introduction of resource person is also done. Dr P. Geetha started to explain the cloud computing and then she emphasized the need of green cloud computing. Madam also discussed the techniques used in the green cloud computing. The various components of green computing architecture is explained and the participants were interacted to clear their doubts during the session. At the end, the benefits of the green cloud computing and the open research challenges are discussed. Finally, the session is ended with vote of thanks by Mrs. V. Radha, AP/CSE, SVCE.

**Dr. P. Geetha Addressing the Participants on Green Cloud Computing**

**Dr. P. Geetha explaining the Architecture of Green Cloud Computing**

**Dr. P. Geetha delivering the lecture on Green Cloud Computing**

## Day 4 [05/03/2022] – Session 8 - Role of Statistics in Scientific Research

**Resource Person: Dr. K. Anitha, Assistant Professor (SG): Department of Mathematics, SRM Institute of Science and Technology, Ramapuram Campus.**

Mrs. D. Vinodha, AP/CSE, SVCE welcomed the gathering and has given the resource person introduction in the beginning of the session. Dr. K. Anitha has given her lecture in the topic of Role of statistics in Scientific Research. Madam has started to deliver the contents from the statistics in research, then she continued on descriptive statistics, inferential statistics, testing of hypothesis and its procedure.

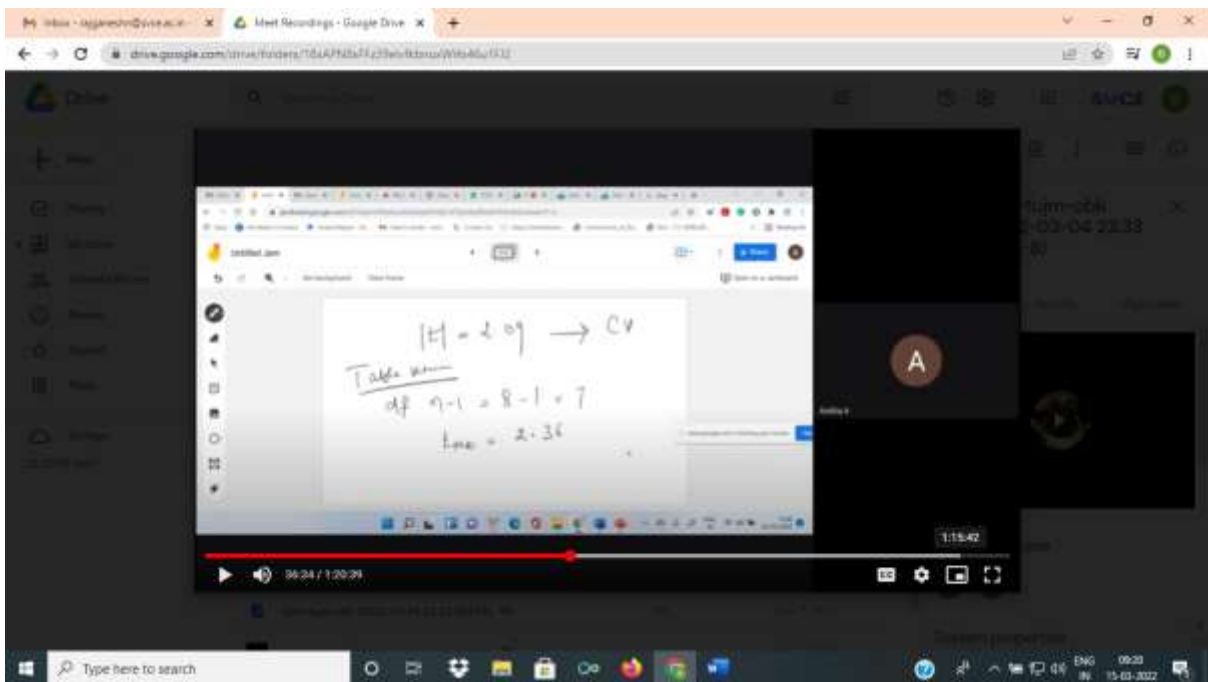

The testing of hypothesis using Anova is explained by the resource person and she also narrated the testing procedure by her example. Finally, the session is ended with the vote of thanks by Mrs. V. Radha, AP/CSE, SVCE.

**Dr. K. Anitha – Delivery of the Topic in Role of Statistics in Scientific Research**

**Dr. K. Anitha presenting the testing model categories using ANOVA**

**Dr. K. Anitha explaining the working example of Role of Statistics in Scientific Research**

## Day 5 [07/03/2022] – Session 9 - Analyzing Healthcare Big Data Sources: Challenges and Opportunities

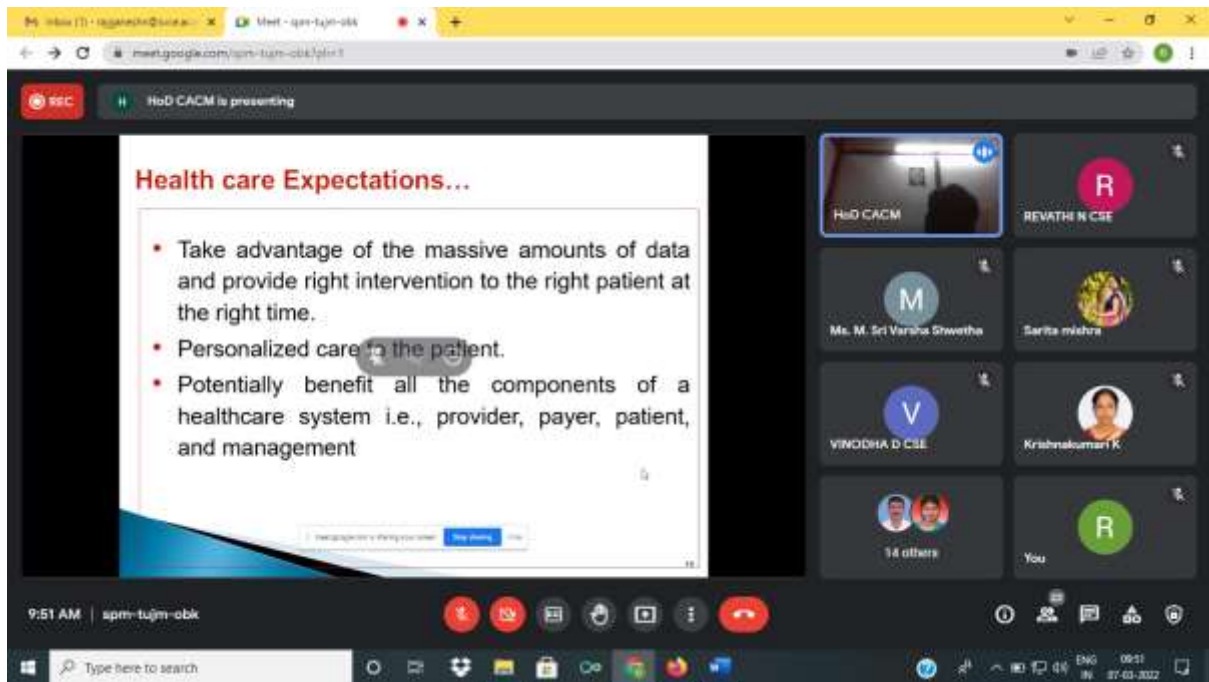

**Resource Person: Dr. T. Ramkumar, Associate Professor, SITE School, Vellore Institute of Technology, Vellore.**

Dr. N. Rajganesh, Associate Professor/CSE welcomed the gathering and introduced the resource person Dr. T. Ramkumar, Associate Professor, SITE School, VIT - Vellore. Today session started with the topic of Healthcare Big Data Sources. Followed that, the resource person highlighted the challenges involved in the healthcare big data sources.

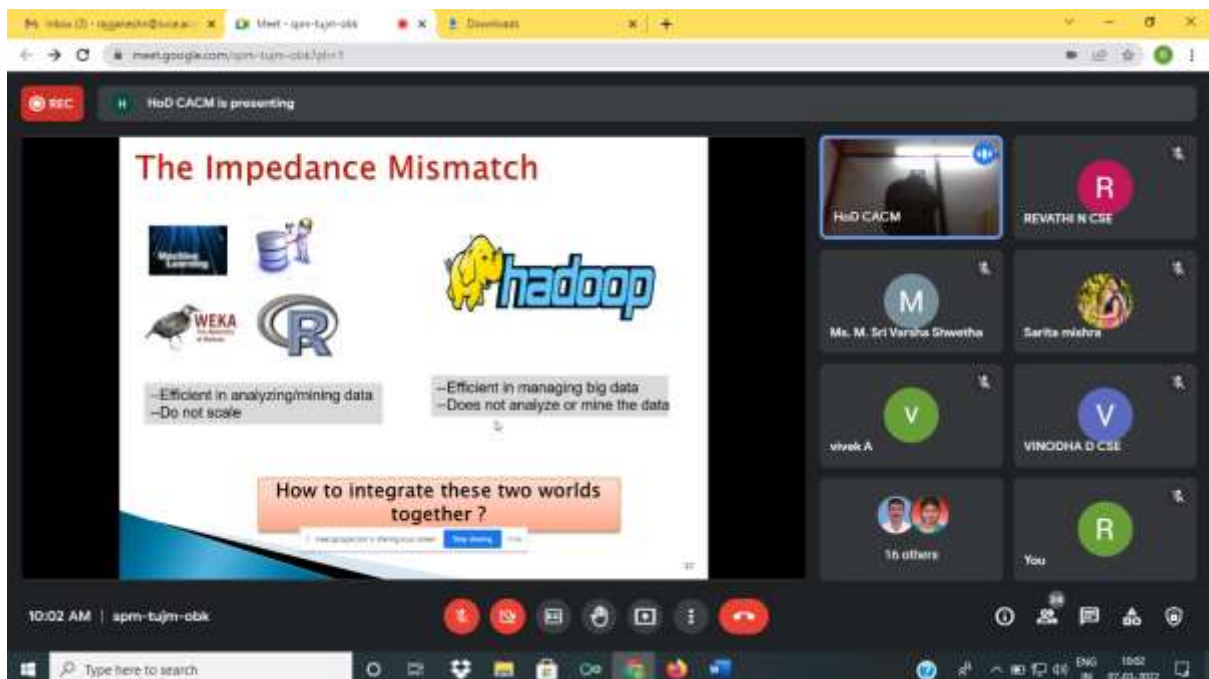

The session covers the topics such as cross domain research, Healthcare Bigdata Challenges, Healthcare data sources, Clinical data, Image data, Device data, Social Data, and Omics data Sources. Sir also discussed the topics of data analytics and its types. As an extension to these informations, sir has also discussed the research issues and the challenges along with the opportunities in the healthcare domain. At last the session is ended with the vote of thanks by Dr. N. Rajganesh.

The screenshot shows a Google Meet interface. The main content is a presentation slide titled "Health care Analytical challenges – A Layered perspective". The slide features a central diagram with a "Big Data Mining Platform" at its core. This platform is surrounded by four interconnected components: "Mining Complex and Dynamic Data" (top-left), "Information Sharing and Data Privacy" (top), "Local Learning and Model Fusion" (top-right), and "Big Data Applications and Knowledge" (bottom). A large green arrow on the left points upwards, and a large red arrow on the right points downwards, suggesting a flow or cycle. Below the diagram, the text "Uncertain, and Incomplete Data" is visible. The meeting interface includes a grid of participant video thumbnails on the right, a toolbar at the bottom with icons for mute, video, chat, and other functions, and a Windows taskbar at the very bottom.

**Dr. T. Ramkumar presented his view on Healthcare Analytical Challenges.**

**Dr. T. Ramkumar presented his view on Healthcare Expectations.**

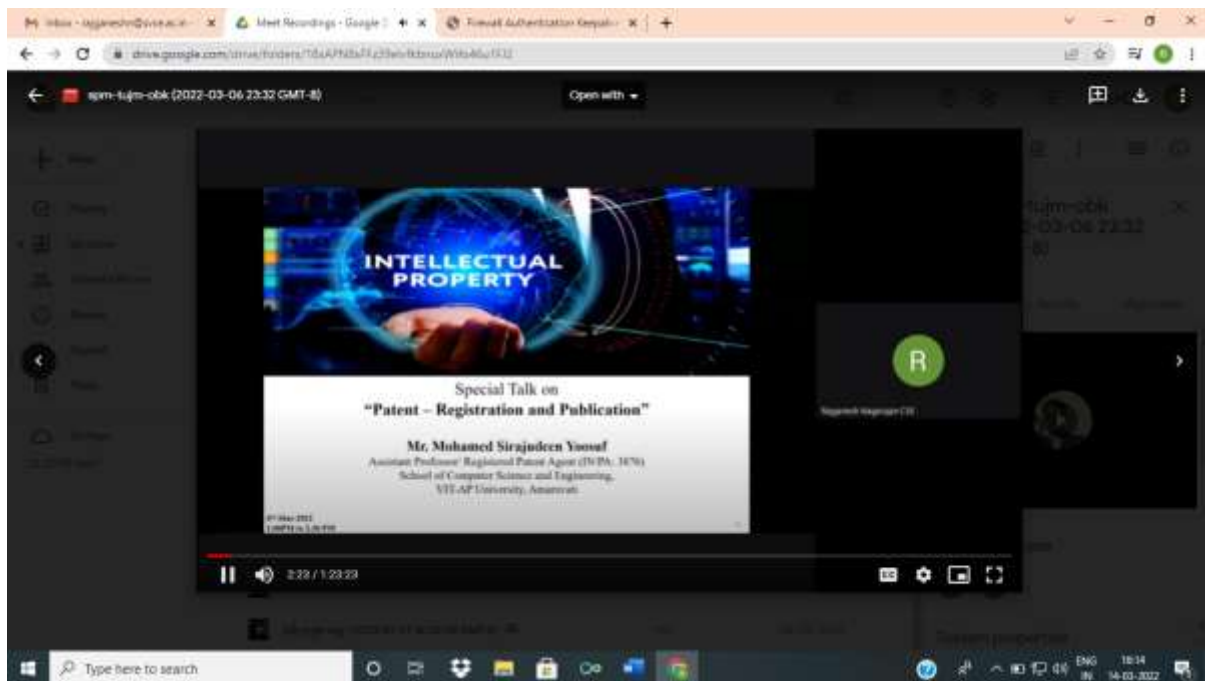

**Dr. T. Ramkumar explained the impedance mismatch with an example.**

## Day 5 [07/03/2022] – Session 10 - Patents - Registration and Publication

**Resource Person: Mr. Y. Mohamed Sirajudeen, Assistant Professor, School of Computer Science and Engineering, VIT University, Amaravati Campus.**

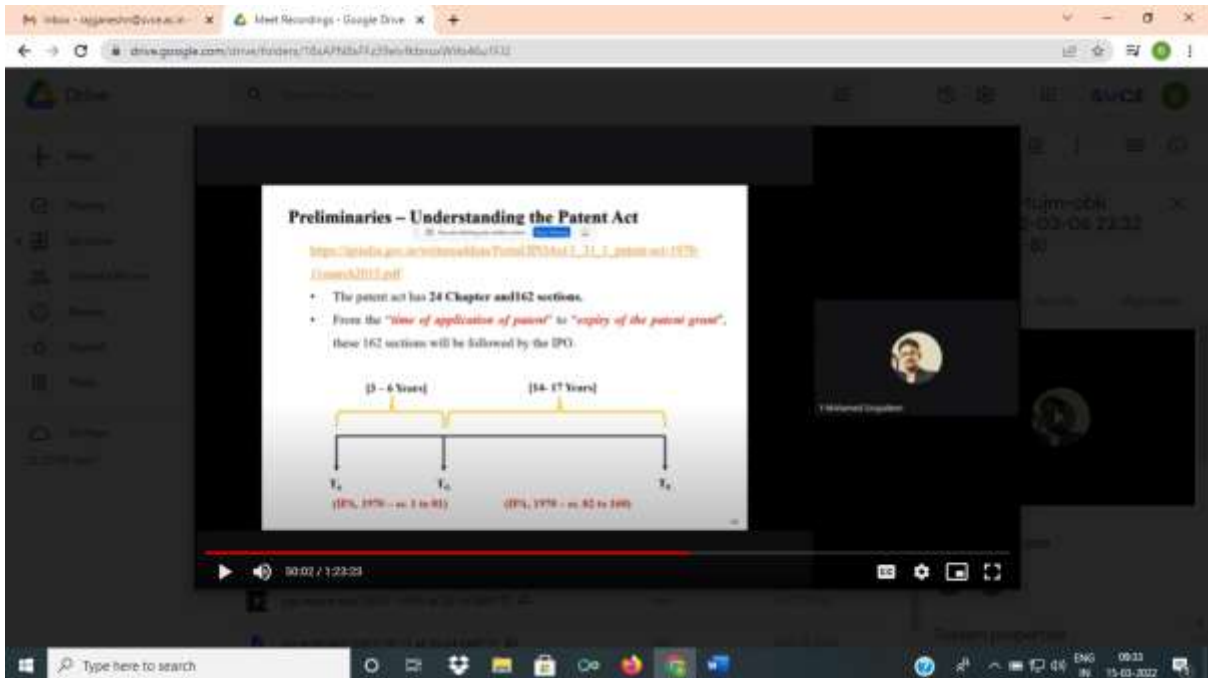

The session started with the welcome address by Mrs. V. Radha, AP/CSE, SVCE and then she introduced the resource person Mr. Y. Mohamed Sirajudeen. The lecture gave an overview about the importance of the patent and its publication process. The resource person has given the elaborated view on the Patenting process. He also insisted to convert the research work into a valuable patent. He has given a lot of ideas and the example about the drafting of the patents. He also given the details about the patent organizations such as USPTO, EPO, IPO, JPO, WIPO. His presentation explains the types of patents with a suitable example for the easy understanding of the patent process. Mr Sirajudeen explained the invention and its importance. He has given a lot of examples about the inventions that are patentable and not patentable. Finally, the session ended with the vote of thanks by Mrs. V. Radha, AP/CSE, SVCE.

**Mr. Y. Mohamed Sirajudeen presenting his topic on Patent**

**Mr. Y. Mohamed Sirajudeen explains about the Indian Patent Office and its Functioning**

**Mr. Y. Mohamed Sirajudeen delivering the details on Patent Act**

**SRI VENKATESWARA COLLEGE OF ENGINEERING (SVCE)  
PENNALUR, SRIPERUMBUDUR-602117**

**OUTCOME**

After the completion of the FDP, the participants able to:

- ✓ Identify the research domain as per their interest.
- ✓ Make use of the coverage of broad areas with the challenges and the opportunities.
- ✓ Obtain the clear picture about the definition of their research problem.
- ✓ Practice the new kinds of techniques which are given as hands on during the sessions.
- ✓ Identify and publish their research works with a well reputed journal.
- ✓ Convert their findings into Patent.

**SRI VENKATESWARA COLLEGE OF ENGINEERING (SVCE) PENNALUR,  
SRIPERUMBUDUR-602117**

**Report  
on  
FDP on Insight into Emerging Research Areas - Concepts, Challenges and  
Opportunities**

**Date: 02/03/2022 to 07/03/2022**

**Time: 10.00 am – 11.30 am & 1.00 pm to 2.30 pm**

**Objectives (Maximum 50 words):**

The objective of this Faculty Development Programme is to impart the need of research among the Faculties and PG Students. The FDP is planned to provide the emerging research areas in the recent domains such as Cloud Computing and Virtualization Techniques, Information Retrieval Techniques, Data Science Process Model, Kernel methods for Pattern Analysis, Research and Publication, Security in IoT using ML, Role of Statistics in Scientific Research, Analyzing Healthcare Big Data Sources: Challenges and Opportunities, Patents - Registration and Publication, Cyber Physical Systems Security.

**About the programme (Min 500 words):**

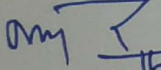

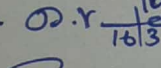

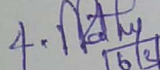

The FDP is organized to help in imparting insights into emerging research domains in the field of information and communication engineering. The objective of this FDP is to present a clear understanding for today's technologies based on next generation smart computing paradigm. Prominent interactive sessions with experts will be conducted in different domains of research such as Cloud Computing and its Services, Internet-of-Things, Big Data & Analytics, Artificial Intelligence and many more. The technical program will include state-of-the-art lectures, discussion/presentation sessions, specifically focused on the concepts, challenges and opportunities in emerging research areas. The

participants from academics/industry will be benefited immensely and help them to carry out their research activities. Also, the programme helps the participants to enrich their knowledge to develop a research model which can address real time issues that may ease our day to day and real-life activities

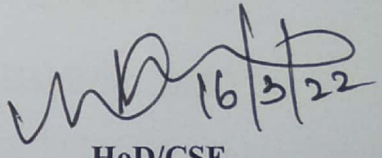

**Benefits (Maximum 50 words):**

After the completion of the FDP, the Participants can identify the research domain as per their interest. They can start and narrow down their research as per their need. The coverage of broad areas with the challenges and the opportunities certainly helps the participants to have a clear picture about the definition of their research problem.

Similarly, they can able to practice the new kinds of techniques which are given as hands on during the sessions. Especially, the participants can able to identify and publish their research works with a well reputed journal. Also, they can convert their findings into Patent.

SRI VENKATESWARA COLLEGE OF ENGINEERING  
FEEDBACK FROM THE SPEAKER - GUEST LECTURE

DEPARTMENT : CSE

Name of the Speaker	: Dr. T. Ramkuamr
Designation	: Associate Professor
Institution/University/Organisation	: Vellore Institute of Technology, Vellore
Mobile / E-mail	: ramkumar.thirunavukarasu@vit.ac.in
Title of the Lecture	: Analyzing Healthcare Big Data Sources: Challenges and Opportunities
Date	: 07/03/2022
Time	: 9.00 am – 10.30 am
Venue	: Online [Google Meet]
Comments by the Speaker	: <ul style="list-style-type: none"><li>• Good response from the audience.</li><li>• Better interactions from the participants.</li><li>• Proper arrangements have been done.</li></ul>
Suggestions for improvement	: Nil
Signature of the Speaker	: 

  
Signature of Coordinator

  
Signature of HOD
