

SRI VENKATESWARA COLLEGE OF ENGINEERING

DEPARTMENT OF CIVIL ENGINEERING

ESTABLISHMENT OF INDUSTRY SUPPORTED LABORATORY

Advanced Software Laboratory has been established in association with TechApps Consulting as a part of the Bentley Educational Program.

TechApps Consulting is the software distribution and training services company Infrastructure software products sales/training and support across India. Bentley BIM software academic training program from TechApps Consulting with the support of Bentley Systems with the world class access to Student Learning process and state of art training program to jumpstart students' talent pipeline.

- installing/licensing Bentley Academic Subscriptions software products in all the computer machines in the CAD lab/faculty systems.
- helping in setting up the laboratory, licensing support, installation support and providing training.
- Through Bentley STUDENT server, the students can utilize student home user licenses to practice the technologies 24/7.
- TechApps will coordinate with Bentley to issue "Course completion Certificate" to each of the students after completing the course successfully.
- TechApps shall assist the institution in every industry related coordination related to Bentley technology.

M/s. Bentley Education is the global leader dedicated to providing architects, engineers, geospatial professionals, constructors, and owner-operators with comprehensive software solutions for sustaining infrastructure. Bentley's Academic Program provides educators with the resources to prepare students for careers with great companies. Students can gain a competitive edge in the classroom and with potential employers. In turn, infrastructure industry professionals can recruit qualified applicants and higher quality talent.
