Overview

The Association of Computer Engineers conducted its first ever hackathon Hackerrupt'20 on March 14th and 15th, 2020 at Guvi Geek Network Pvt. Ltd., IITM Research Park, Chennai. Students were asked to register online through Hackerrupt's website, www.hackerrupt.in, which was developed by the ACE members. A total of 74 teams from various Engineering colleges in the state registered, of which 20 were shortlisted based on their ideas. The event saw a total of 70 participants. Of the 20 teams, 8 teams were from SVCE and 12 were from other Engineering colleges.

Around 9AM on 14th of March 2020, the participants arrived at the venue. After registration, the participants were given a welcome address and were briefed about the event. The hackathon started at 11AM. The Idea Discussion and Mentoring round started at 2PM. Mentors from various fields in the industry overlooked the students' ideas and gave them valuable insights and suggestions on the features they can incorporate into their problem. They also clarified the doubts the participants had. This one-on-one mentoring really helped students realize their ideas into reality. The First Round of Judging by Industry Experts began at 9PM, where assessment of the projects took place. The feedback provided during the judging helped students refine their ideas and implementation. The mentoring and first round judging were done by the Alumni of the department and by the experts from Exeter Premedia services, Chennai.

The hackathon concluded at 11AM on 15th of March,2020. The Second round of Judging took place from 11 AM to 1.30 PM. During this session, a final review by experts from Exeter Premedia Services, Chennai and Adeprite Solutions Pvt Ltd., Chennai took place. Teams were scored based on their ideas, innovation, implementation and presentation. The Top 7 Teams out of the 20 teams were announced. The Final Pitch by the top 7 teams took place in front of all participants and judges. The teams were evaluated by the judges.

The judges and the participants were asked to say a few words about the event before prize distribution. The event was well appreciated by both the judges and participants. The participants gave very good feedback about the way the event was organised.

They also mentioned that the guidance and mentorship they received during the mentoring and judging sessions were very useful to them to progress.

At 4PM, the participation certificates were given and the winning teams were announced. The first place was bagged by Team Initiators from Rajalakshmi Engineering college, Thandalam and the second place by Team TechnoWizardzz from SVCE. The Best Content Award was presented to Trojan Hex from SRM University. Team Betago from Coimbatore Institute of technology was awarded the Best User Interface award. Team Appendly from Coimbatore Institute of technology was awarded for best innovative idea award. Also, internship interview opportunities were given to teams that won the best innovative idea and the best content by Exeter Premedia Services, Chennai and Adeprite Solutions Pvt Ltd., Chennai respectively. All the students were presented with goodie bags. The event concluded at 5PM.
