

Industrial Visit (AY - 2022-23)

Semester &	Date of Visit	No of students	Place of the Visit	Outcomes of the visit	Mapping to the Subject
II -A	03.06.2022	52	National Agro Foundation, Sunguvarchatram	The students would aware of environmental maintenance and able to maintain.	GE18251- Environmental Science and Engineering
II- B	08.06.2022	50	National Agro Foundation, Sunguvarchatram	The students would aware of environmental maintenance and able to maintain.	GE18251- Environmental Science and Engineering
IV A	07.12.2022	50	Adani Port, Kaatuppalli	The students would able to apply the programs for the automation purposes and quality management.	IT18601-Computational Intelligence, IT18401- Paradigms of Algorithm Design, IT18503- Internet of Things
IV B	23.12.2022	52	Adani Port, Kaatuppalli	The students would able to apply the programs for the automation purposes and quality management.	IT18601-Computational Intelligence, IT18401- Paradigms of Algorithm Design, IT18503- Internet of Things
I A	20.01.2023	53	Arul Devi Paper Mills Pvt Ltd, Kanchipuram	The students able to visualize the real time applications of technical concepts learnt in theory and practical.	IT18503-Internet of Things, IT18401- Paradigms of Algorithm Design
I B	17.02.2023	52	Arul Devi Paper Mills Pvt Ltd, Kanchipuram	The students able to visualize the real time applications of technical concepts learnt in theory and practical.	IT18503-Internet of Things, IT18401- Paradigms of Algorithm Design
VI A	03.02.2023	44	Adani Port, Kaatuppalli	The students would able to experience augmented reality used in simulators	IT18601-Computational Intelligence, IT18401- Paradigms of Algorithm Design, IT18503- Internet of Things
VI B	08.02.2023	57	Adani Port, Kaatuppalli	The students would able to experience augmented reality used in simulators	IT18601-Computational Intelligence, IT18401- Paradigms of Algorithm Design, IT18503- Internet of Things

VIII A & B	13-02-2023	47	Adani Port, Kaatuppalli	The students would be able to experience augmented reality used in simulators	IT18601-Computational Intelligence, IT18401-Paradigms of Algorithm Design, IT18503-Internet of Things
VI A & B	11-04-2023	100	ISRO, SHAR	Students can apply the principle of Data Communication and Networking	IT18501-Data Communication and Networking, IT18303-Information And Coding Theory
