

Sri Venkateshwara College of Engineering

Mechanical Department

GUEST LECTURE

BY

Dr. SAIKISHAN SURYANARAYANAN

INTRODUCTION:

On 7 November 2023, The Society of Mechanical engineering has conducted a guest lecture on "SUCCESS STORIES THROUGH HIGHER STUDIES". SME is a multidisciplinary technical club that aims to provide several opportunities to the student community of SVCE which include workshops, webinars, events for enrichment of skills & holistic development, helping them in an all-around profile development and enabling them to be future-ready engineers.

The programme was scheduled for 9:00 AM in the library seminar Hall. Nearly 100 students from the 4th year of mechanical department were present at this auspicious occasion.

The programme started off with one of our office bearer Ms. SRIVARTHINI with the welcome address as well as the guest speaker introduction.

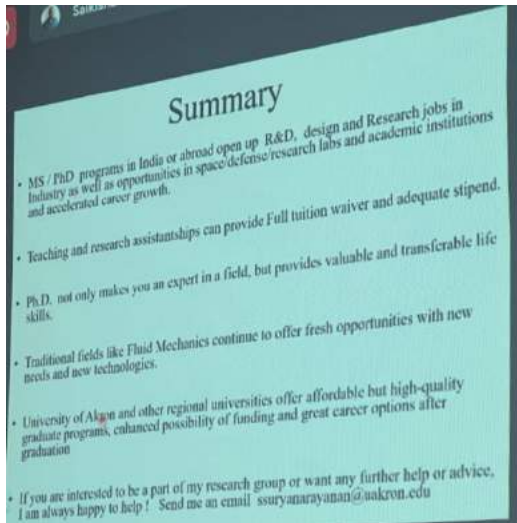

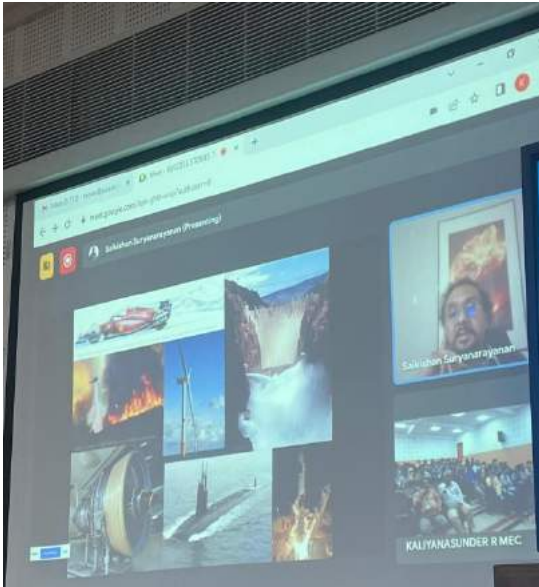

ABOUT CHIEF GUEST:

The chief guest of the programme was Dr. SAIKISHAN SURYANARAYANAN who is the alumnus of SVCE of batch (2003-2007). Later, he completed his MS. Mechanical engineering at Texas A&M. He completed his PhD in JNCSAR, Bengaluru. Currently he is an Asst. professor ,mechanical engineering at UNIVERSITY OF AKRON, USA. Previously he was research associate and lecturer at the aerospace engineering and engineering mechanics at UNIVERSITY OF TEXAS, Austin. His current research is in physics and the control of transitional and turbulent flows.

CAREER THROUGH HIGHER STUDIES:

In this session our honorable chief guest Dr. SAIKISHAN SURYANARAYANAN has shared his experiences and a vivid scenarios about pursuing higher studies i.e., MS / PhD in abroad. He discussed about the reasons to pursue MS/PhD and the various types of application process like GRE, TOFEL, academic performance, research activities and project and many other requirements for choosing the university. Later on, he spoke about his personal journey from being an SVCEian to MS graduate from A&M TEXAS. Not only about his own journey but also about the success stories his batchmates and his current colleagues .

CONCLUSION:

The ceremony ended with Vote of Thanks by one of our office bearer Mr. .

It was an immense pleasure to interact with **Dr. SAIKISHAN** who holds vast expertise in his field.
