REPORT

on

"INAGURATION"

Venue : FUNCTION HALL/VIDEO HALL
Date : 9TH NOVEMBER 2022
Session : 9:30AM-12:30PM

Coordinators

1. Dr. T. Padmavathy, AP/CSE
2. Mrs.V. Radha, AP/CSE

Convener

Dr. R. Anitha, Professor & Head/CSE

Table of Contents

- 1. Circular**
- 2. Invitation & Agenda**
- 3. Speaker details / Profile**
- 4. Reflection Report**
- 5. Attendance Report**
- 6. Feedback from the Speaker**

DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

CIRCULAR

KNOW-i Club of Department of Computer Science and Engineering is very excited to begin the new academic year 2022-2023 with a new group of energetic and dedicated members. We cordially invite you to our inauguration ceremony and eagerly await your participation that will be held on 09th November 2022, at Function Hall. Get dragged into the world of ML with us. The students of III Year will be the target audience. They are permitted to attend the event.

CLUB COORDINATOR

HoD/CSE

INVITATION

SVCCE | Sri Venkateswara
College of
Engineering

Department of Computer Science and Engineering

KNOW-I

Cordially invite you all to the

**INAUGURAL
CEREMONY**
2022-2023

CHIEF GUEST
SUDARSUN SANTHIAPPAN
CHIEF SCIENTIFIC OFFICER
BUDDI AI

9th Nov 2022

9.30am-12.00pm

Video Hall /
Function Hall

Agenda

1. Prayer Song
2. Welcome Address
3. Address by Dr. R. Anitha, HOD/CSE
4. Introduction to the Chief Guest
5. Presentation of 2022-23 **ACL** Annual Report
6. Announcement of Office Bearers 2022-23
7. Inaugural Video Presentation
8. Address by the Chief Guest
9. Vote of Thanks.

Sudarsun Santhiappan

Chief Scientific Officer @ BUDDI AI (A Claritrics Company)
Chennai, Tamil Nadu, India

Summary

An incisive leader with over two decades of invaluable experience in leading AI Research and Development Projects for end-to-end Artificially Intelligent Product Development, System / Software Design, and Development in assignments and deputations. Adroitly managing the AI Research and Product Development Lifecycle from conceptualization, finalization of product specifications, technology selection, client handling, change request management and cross-functional coordination for effective product positioning.

Highly capable of acting as an owner of multiple products and giving expert opinions to the organization/clients concerning the competition. Proven abilities in defining and managing the technical architecture of a software application based on specific client requirements and assessment of technologies. Strong development and technical manager with several years of hands-on experience in adopting Open Source and Proprietary software into the development lifecycle. Strong software design, development, and debugging skills to sustain the entire product lifecycle. Hands-on Scala & C++ veteran programmer with a strong understanding of Functional and Object-Oriented Design and Patterns.

A facilitation manager and research scientist with rich & extensive experience in Predictive Modeling, Informed Decision Making, and Big Data Analytics using Statistical Machine Learning, Soft Computing methods, and Knowledge bases.

A skilled communicator with honed leadership, team building & mentoring capabilities. Possesses strong analytical & mathematical problem-solving and troubleshooting skills. An Industry-Academia joint research facilitator with the experience of successfully executing several research projects with premier academic research institutes.

A strong believer in the "Measure, Analyze & Control (M.A.C)" strategy for solving problems and sustaining consistent performance

improvements. An exemplary leader who is Objective, Transparent, and Explicit in every aspect of professional being.

Experience

BUDDI AI (A Claritrics Company)

Chief Scientific Officer

February 2013 - Present (10 years 6 months)

Chennai Area, India

Research and develop cutting-edge machine learning and deep learning solutions for Revenue Cycle Management (RCM) in the healthcare space. Provide solutions for severe imbalance characteristics of the data. Deal with extreme classification tasks with tens of thousands of classes. Perform smart automatic text generation for Clinical Document Improvement (CDI) problems. Automatically construct and vet Knowledge Graphs from large unstructured data. Develop solutions for Denial Prediction and Avoidance during Claims Processing. Develop human-validated Ontologies for expert systems and decision-making. Automatically generate insights and medical notes from Radiology scan images through the detection and classification of all the regions of interest. Develop dictation solutions for the automatic transcription of physician and nurse notes. EOB processing by understanding the table data through computer vision.

Indian Institute of Technology, Madras

Project Officer

April 2014 - December 2017 (3 years 9 months)

Chennai Area, India

Text Analytics and Predictive Intelligence Modeling.

Multiple Companies

Consulting Research Scientist

July 2013 - May 2016 (2 years 11 months)

Chennai Area, India

I was offering consulting services in Big Data Analytics, Distributed Computing, Architecture and Design for High Performance systems, Text mining, Search Engineering, Performance Optimization, Algorithm Development, Machine Learning Algorithms, Information Retrieval, Information Extraction, Classification & Clustering of large corpora, Feature Identification & Extraction, Music Information Retrieval & Search, Audio Fingerprinting, Multimedia

Classification & Annotation, Document Coding, Trends Analysis, Predictive Intelligence & Statistical Analysis of Large data sets.

Apart from the above, I was also offering assistance with University Teaching, Curriculum Design, Industry Academia Interaction, University Research Facilitation, Training & Mentorship.

Burning Glass Technologies

Director - R&D

August 2003 - July 2013 (10 years)

Steered a team of researchers, engineers and curators for scientific development and applied research on large text data analytics related problems. Designed & implemented distribution computing systems for super fast search and match of text documents with very high semantic matching accuracy. Designed algorithms and systems for multi-dimensional indexing and visualization of big data problems. Developed multi-lingual and cross lingual matching systems. Productized cutting edge Statistical NLP algorithms for information retrieval and information extraction problems on large scale text corpora. Designed algorithms for clustering and classification of multi-lingual text data.

Education

IIT Madras

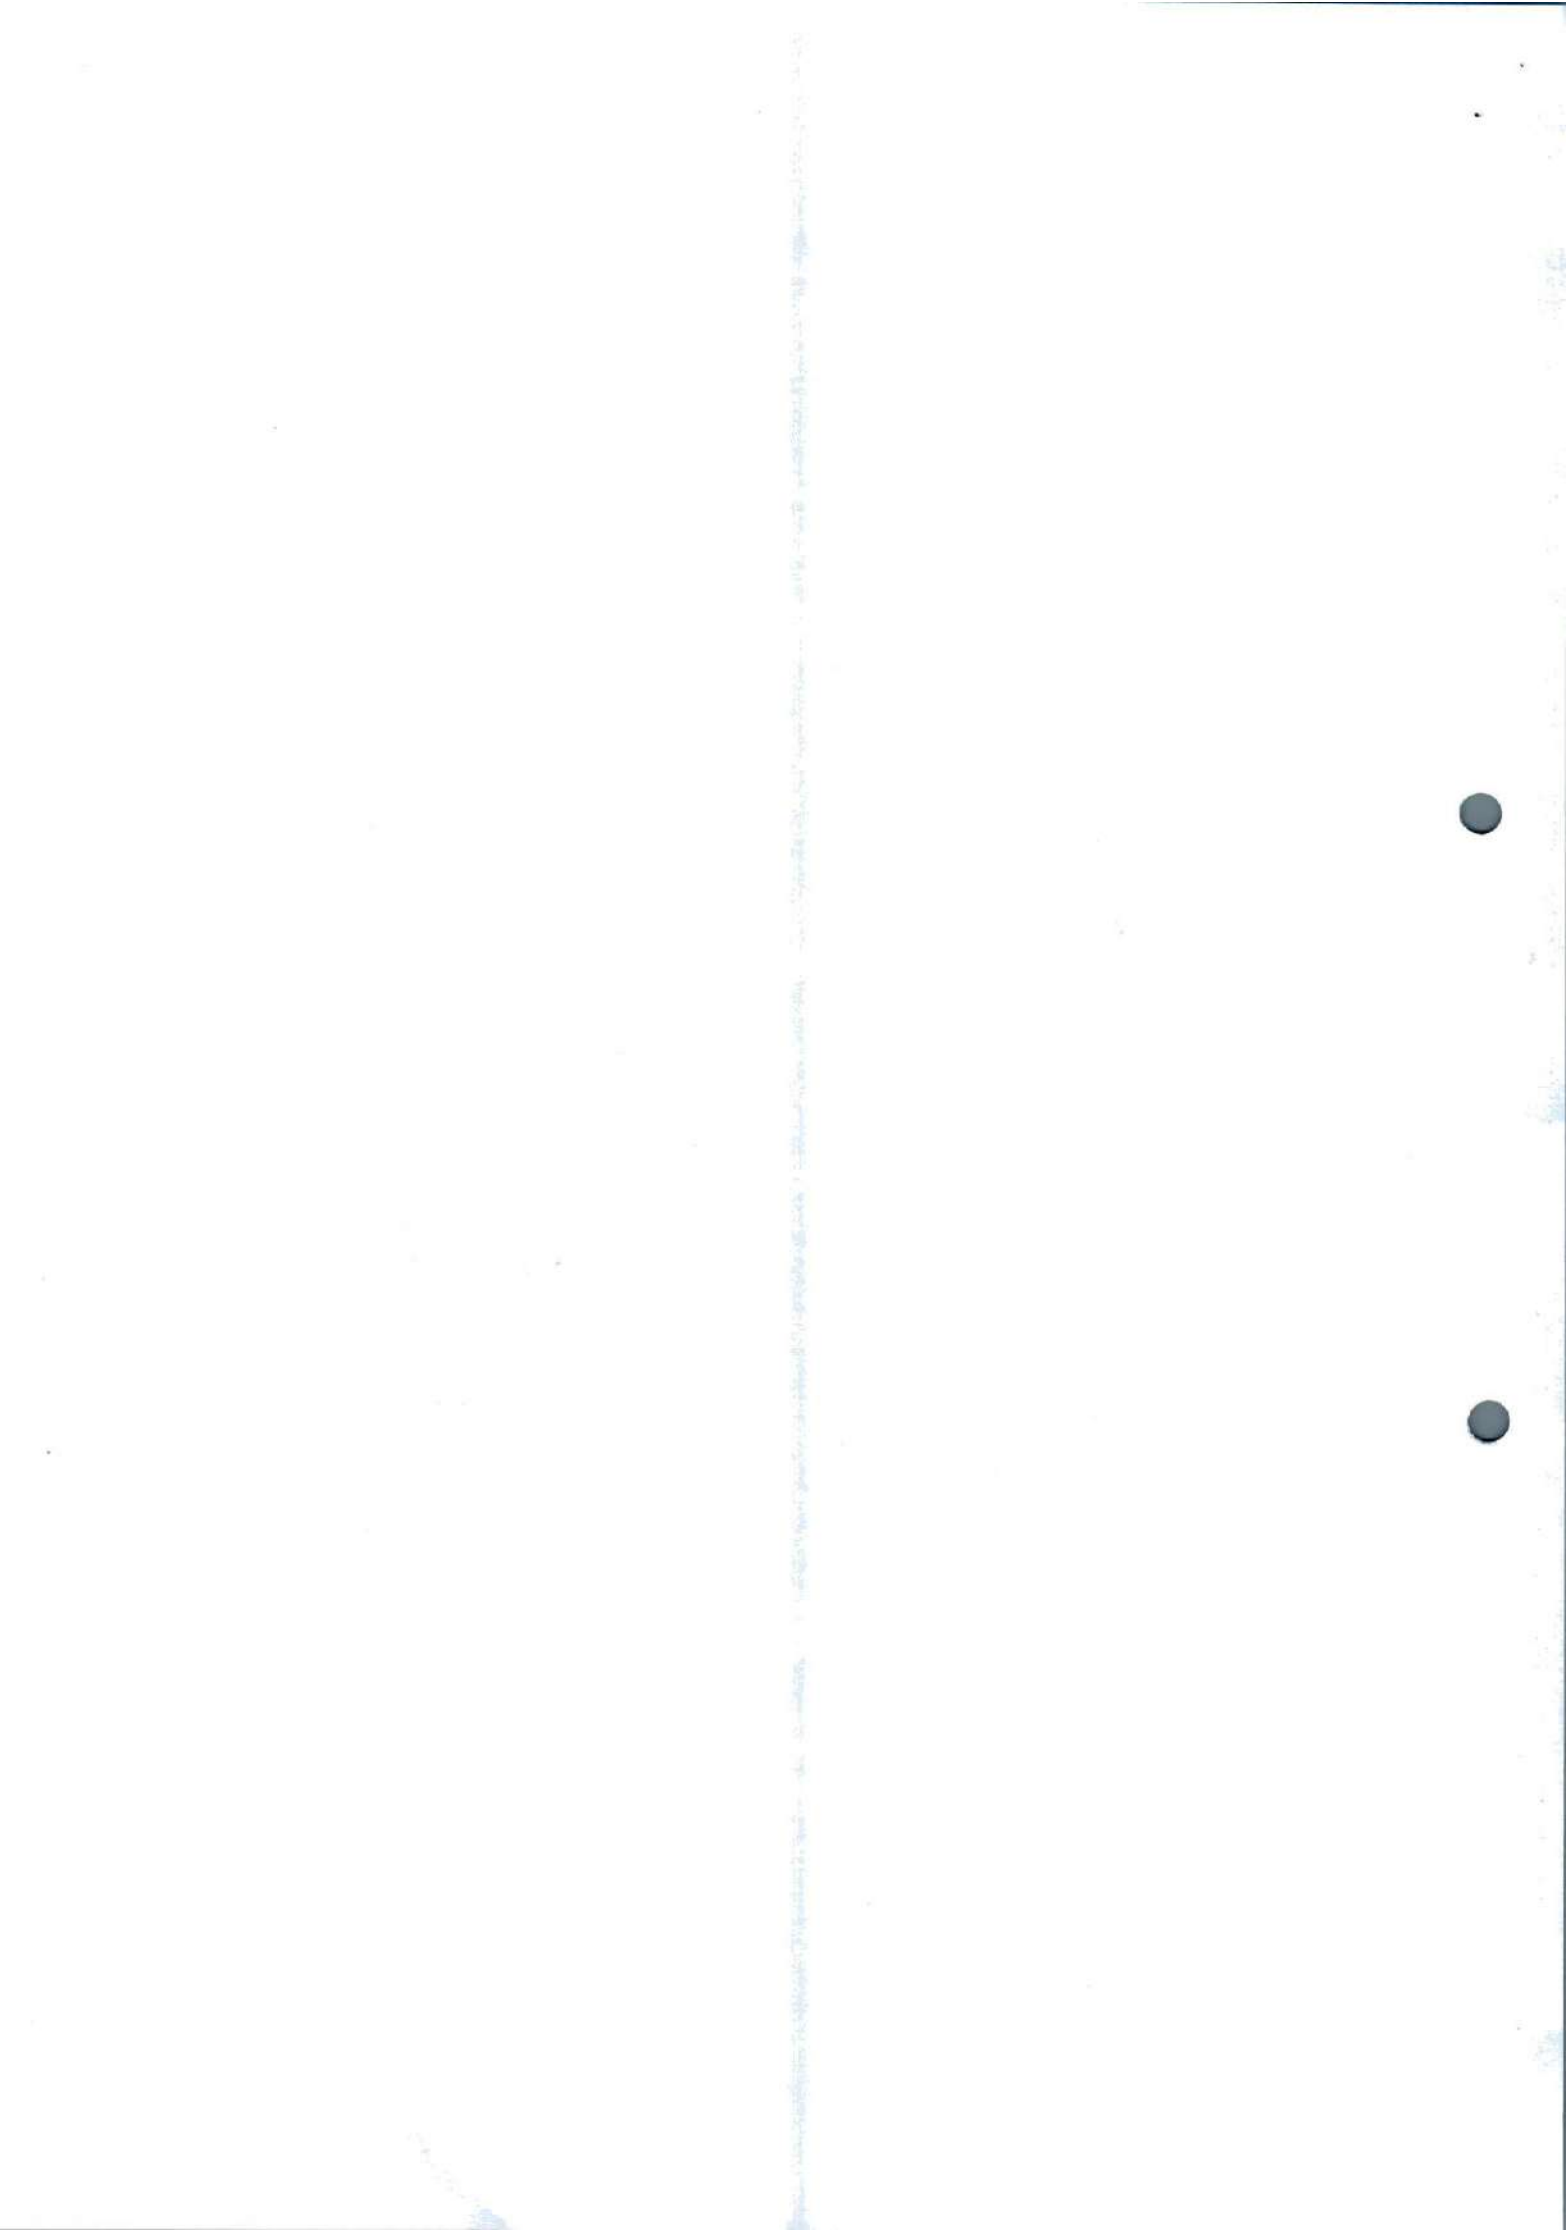

Master of Technology (M.Tech.), Computer Engineering · (1999 - 2001)

Madras University

Bachelor of Engineering (B.E.), Electronics and Instrumentation Engineering · (1995 - 1999)

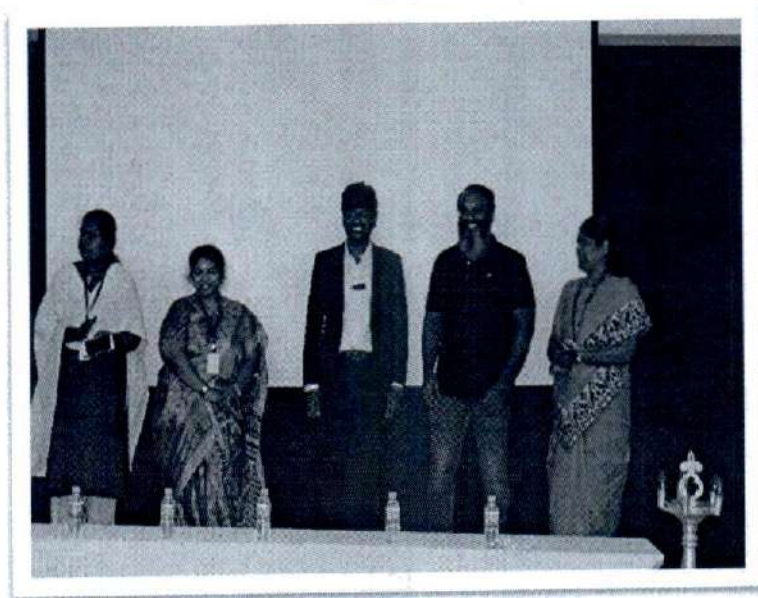

IIT Madras

Doctor of Philosophy (PhD), Computer Engineering · (2013)

REFLECTION REPORT

The Know-I club of the Department of Computer Science and Engineering (CSE), of Sri Venkateswara College of Engineering (SVCE), started off the academic year for 2022- 2023 with an inaugural event on November 9th, 2022.

The Chief Guest presenting the members with badges

The event was attended by Dr. R. Anitha, HOD of CSE Department, Club coordinators Dr.T.Padmavathy and Mrs.V.Radha, Club members and students from the Departments of CSE and AIDS. The event was hosted by planning executive Harshithaa S of CSE department 2nd year. The event began with welcoming of the chief guest MR. SUDARSUN SANTHIAPPAN by the HOD, club coordinators and presidents. Then the welcome speech and an introduction of the chief guest were presented by the host. Then the investiture of the batches to the club members was carried out by the chief guest and the Head of the Department.

It was followed by an guest lecture given by the chief guest on the topic What actually is artificial intelligence?. The chief guest shared his views on some common misconceptions about AI and ML. Then the club's year plan was presented by the club president Vasanth. V of CSE department final year.

KNOW-I TEAM 2022-2023

**The Faculty Coordinator Dr. T. Padmavathy presenting a memento to the chief guest
Mr.Sudharsan santhiappan**

Then an memento was presented to the chief guest by Club coordinator Dr.T.Padmavathy followed by the vote of thanks by Vice president Rakesh E of CSE department final year. Finally the event ended with the national anthem. After the event the chief guest also shared this knowledge about ML and some strategies for the betterment of the club with the club coordinators and members.
