Report on 05/12/2022

Date: 16/11/2022

Time: 12.30 pm

**Objectives:**

- To establish and enlighten the students of the college with the features and objectives of the club.
- To educate the students about the placement and job opportunities in the IT sector.
- To present a report of the past events and milestones achieved by our club.
- To share a glimpse of the club's future projects and endeavours for the upcoming year.
- To introduce the office bearers of the club for the academic year 2022-2023.

**Speakers:**

- Chief Guest – Mr Babu Manickam (CEO of Qeagle Assurance Pvt Ltd and TestLeaf Software Solutions Pvt Ltd)

**About the program:**

The Compete to Compute inauguration event was held on 16<sup>th</sup> November at the Multi-Purpose Hall inside SVCE campus with about 400+ participants. The event began with the prayer song, along with the greetings for the audience. This was followed by the felicitation of the chief guest Mr Babu Manickam, the CEO of Qeagle Assurance Pvt Ltd and TestLeaf Software Solutions Pvt Ltd. TestLeaf is a training and consulting, educational-technology company that is effectively known for its academic programs in automation testing with over 25000+ learners world wide.

This was further followed by a special speech by our chief guest on the topic "8 steps to crack IT jobs". The audience were intricately made aware of the major steps to be followed to crack IT job interviews. Awards and certificates were distributed by the chief guest to

the volunteers of the club's events for the year 2021-2022. The three hour inauguration event ended with a Vote of Thanks. The audience were impressed and intrigued by the club and the inauguration function and many were interested to be a part of C2C in the upcoming academic year.

Outcomes:

- The audience learn a lot about the functions and key features of the Compete to Compute club and they understood the technical importance of the same.
- They were also provided with exposure and experience with respect to getting jobs and placements in the Information Technology sector.
- The audience were also informed about the past accolades and events conducted by our club, and also were given a peek of the club's future plan for the next academic year and it's potential.
