Feedback Report (2018-19, 2019-20, 2020-21)

Feedback Report

SVCE is committed to transform the learners into global contributors and achievers, who are able to meet the growing challenges of industry with ethical values. As a measure of continual improvement, a feedback collection system has been implemented to collect feedback from all stakeholders which provides the base for upgradation.

Student Feedback

S.No.	Attributes	Remarks	Reference
1.	Course is relevant to the current industry needs.	Excellent.	Student feedback analysis for AY18-19, AY19-20 & AY20-21
2-6.	Fulfillment of Course Outcomes	Excellent.	
3	Course enhanced my ability to formulate, analyze and solve problems	Excellent.	
4	Course imparted sufficient technical skills which will help in placement and higher studies	Excellent.	
5	Appropriate textbooks and reference books were quoted and were available in the library	Excellent.	
6	Continuous Assessments (Test, Assignment, MCQ, etc) are relevant to the COs and are effective	Excellent.	

Faculty Feedback

S.No	Attributes	Remarks	Reference
1.	Is the course relevant for the program?	Excellent.	Faculty feedback analysis for AY18-19, AY19-20 & AY20-21
2.	Is the allocation of the credits to the course appropriate?	Excellent.	
3.	Are the course outcomes well defined and clear to the teachers and the students?	Excellent.	
4.	Is the course content adequate in relation to the Course Outcomes (COs)?	Excellent.	
5.	How is the scope for the use of modern / ICT tools and for improved learning?	Excellent.	
6.	Are appropriate textbooks and reference books quoted and are available in the library?	Excellent.	
7.	How well is the course evaluation scheme designed?	Excellent.	
8.	Does the course content enable Participatory Learning?	Excellent.	
9.	Is the course duration adequate?	Excellent.	
10.	Overall satisfaction	Excellent.	

Alumni Feedback

S.No	Attributes	Remarks	Reference
1.	Courses were relevant for the program and met the current industry needs	Very Good. Industry support could be rendered.	Alumni feedback analysis for AY18-19, AY19-20 & AY20-21
2.	Knowledge provided by the courses were useful to the professional practice	Very Good. Sufficient training could be planned.	
3.	The courses enhance the employability potential	Very Good. More insight needed to improve.	
4.	Appropriate textbooks and reference books were quoted and were available in the library	Excellent.	
5.	Courses enabled me to relate theory to practice	Excellent.	
6.	The courses enabled critical thinking and problem-solving skills	Very Good. Design thinking and implementation could be incorporated.	
7.	The courses provided an opportunity to enhance communication and interpersonal skills	Excellent.	
8.	Curriculum and courses inspired lifelong learning	Excellent.	
9.	Rate the evaluation schemes adopted.	Very Good. Evaluation scheme could be modified.	
10.	Overall Satisfaction of the Program	Excellent.	

Employer Feedback

S.No	Attributes	Remarks	Reference
1.	The curriculum addresses the Industries' current needs	Excellent.	Employer feedback analysis for AY18-19, AY19-20 & AY20-21
2.	The curriculum is oriented towards the Organization's Vision & Mission	Excellent.	
3.	The curriculum can serve the Society's requirements	Excellent.	
4.	The Curriculum and Syllabus have imparted useful knowledge needed for professional practice	Excellent.	
5.	The curriculum has provided the competency to relate theory to practice	Very Good. Further focus needed on practice of theoretical subjects.	
6.	Projects emphasize team building and teamwork.	Very Good. Two phases in Project work could be introduced to build team work.	
7.	The co-curricular activities have enhanced organizing and interpersonal skills.	Excellent.	
8.	The curriculum has instilled Professional Ethics in the students	Very Good.	
9.	The curriculum has stimulated continuous learning.	Very Good. Necessary to reach higher levels of employee knowledge.	
10.	Overall Satisfaction on the Curriculum and Syllabus	Excellent.	

With a commitment to transform the learners into global contributors and achievers, SVCE provides continual improvement over curricular aspects with a feedback collection system. The same was collected from various stakeholders followed by a meeting held with them during April 2021.

Based on the feedback received from students studied under Regulation 2016, necessary modifications were performed to promote the curriculum while satisfying students requirements.

Feedback received from faculty confirms the strong relevance of the courses to the programme and course outcomes to the course content. However, allocation of credits and duration of the courses are inadequate could be verified.

Alumni expressed high satisfaction with the curriculum of the programme through feedback. However, they recommended the incorporation of interdisciplinary courses to relate the current trends and technologies with their core programme. It also adds that course content could be altered for further improvement of employability potential and problem-solving skills.

Employer's feedback emphasizes continuous learning which leads to ongoing expansion of knowledge and skill sets while also reinforcing what has been previously learned. It also suggests building Team work skills with more practical insight.

The report observations provide inputs to be considered while framing the curriculum for Regulations 2022.

Action to be taken:

1. Recommended to include suitable value added courses for providing training and online courses for acquiring knowledge in their specific field of interest, conducted by reputed higher technical education bodies and Industries.
2. To include more interdisciplinary courses related to the current trends and technologies with their core programme.
3. Proposed to include theory cum practical courses.
4. Instructed to include Industry supported courses.

Action Taken and Relevant Proofs to implement R2022

16.09.2021

S. No.	Action to be taken	Action taken	Year	Proof
1	Recommended to include suitable value added courses for providing training and online courses for acquiring knowledge in their specific field of interest, conducted by reputed higher technical education bodies and Industries.	Amendment was made to implement the same in R2018 (CBCS). Students will be given more chances to take-up online and value added courses in R2022.	2022	Board of Studies meeting for constructing new Regulations 2022 and curriculum, was initiated in 2021. Extensive discussion was made based on stakeholder's feedback during the Board of Studies meeting of Faculty of Electrical and Electronics Engineering. Reference: BoS meeting minutes held on 12.04.2021 & 15.09.2021
2	To include more interdisciplinary courses related to the current trends and technologies with their core programme.	Many courses were introduced in R2018 and new interdisciplinary courses will be identified to include in R2022	2022	Reference: BoS meeting minutes held on 12.04.2021 & 15.09.2021

S. No.	Action to be taken	Action taken	Year	Proof
3	Proposed to include theory cum practical courses.	It is decided that 'Theory cum practical courses' will be implemented in R2022.	-	Reference: BoS meeting minutes held on 12.04.2021 & 15.09.2021
4	Instructed to include Industry supported courses.	It is decided that 'Industry Designed Courses' will be implemented in R2022. Also, Industry objectives (IO) were updated for improving interactions with industry.	2022	INDUSTRIAL OBJECTIVE (IO) IO1: 30% of students to do industrial relevant final year project work. IO2: Number of faculty members undergoing industrial training in a year should be not less than 30% IO3: Organize workshop / seminar in collaboration with industry at least once in a year by each department IO4: Each department shall generate a minimum of Rs.50, 000/- per year from industrial consultancy work. IO5: Every department shall arrange 3 industrial visits per year. Reference: ISO Quality Manual Pg. 48/90
