The Curriculum under the Regulation 22 will address all the feedback points received from all the stakeholders. The enhancement of problem solving skills of the students can be improved by introducing more Value added courses and Lab integrated courses.

The faculty feedback report reflects the overall curriculum aspect. Faculty need to understand and implement the RBT levels. Teacher needs to be encourage on usage of modern tools and the Participatory learning.

Curriculum of the programme are highly appreciated by the Alumni . Further, they emphasized the incorporation of interdisciplinary courses to relate the current trends and technologies with their core programme with more real time case studies. Considering the above inputs it is decided to introduce subjects focusing on recent trends as electives and to introduce theory cum practice courses.

Action to be taken:

1. To incorporate more interdisciplinary courses related to the current trends and technologies with their core programme.
2. Recommended to include theory cum practical courses.
3. To introduction of Industry supported courses.
