Based on the feedback received from students studied under Regulation 2018, necessary modifications were executed to elevate the curriculum while satisfying requirements of students.

Faculty confirms the strong relevance of the courses to the programme and course outcomes to the course content. However, allocation of credits, duration and some participatory contents may be enriched.

Curriculums of the programme are highly appreciated by the Alumni. Further, they emphasized the incorporation of interdisciplinary courses to relate the current trends and technologies with their core programme with more real time case studies. Considering the above inputs it is decided to introduce subjects focusing on recent trends as electives and to introduce theory cum practice courses.

Action to be taken:

1. To incorporate more interdisciplinary courses related to the current trends and technologies with their core programme.
2. Recommended to include theory cum practical courses.
3. Mandated to include Industry supported courses.
