## Department of Electronics and Communication Engineering

### Action Taken Report based on Feedback Report for AY2022-2023

S. No.	Action to be taken	Action taken	Proof
1	Industry Supported Courses: Electronics/Communication industry specific courses shall be introduced in the next revision of curriculum. The courses may be designed in consultation with industry experts and part of courses may be delivered by the industry personnel.	Physical VLSI Design & Embedded and IOT Design courses was included in the curriculum. These courses were framed and shall be handled by the industry experts	Based on stakeholder's feedback industry supported courses are included  <b>Reference:</b> BoS meeting minutes held on 12.09.2023
2	Theory cum Practice course: The undergraduate students of ECE shall be provided with Theory cum Practise courses to inculcate the hands on experience in certain emerging areas.	Machine Learning & Microcontroller System courses were introduced in the R2022 regulation. These courses are designed such that they have theory and practise section in single course.	Based on stakeholder's feedback Theory cum Practice courses are included  <b>Reference:</b> BoS meeting minutes held on 12.09.2023
3	To further strengthen the industry interactions, Guest Lectures of industry experts should be arranged at regular intervals.	It is one of the Industrial Objectives of SVCE – ISO Quality manual.	INDUSTRIAL OBJECTIVE (IO) IO1: 30% of students to do industrial relevant final year project work. IO2: Number of faculty members undergoing industrial training in a year should be not less than 30% IO3: Organize workshop / seminar in collaboration with industry at least once in a year by each department

S. No.	Action to be taken	Action taken	Proof
			IO4: Each department shall generate a minimum of Rs.50,000/- per year from industrial consultancy work. IO5: Every department shall arrange 3 industrial visits per year.  <b>Reference:</b> ISO Quality Manual Pg. 48/90
4	Encourage faculty members to undergo industrial training to enable them to impart industry practices in their domain to student fraternity.	It is one of the Industrial Objectives of SVCE – ISO Quality manual.	<b>INDUSTRIAL OBJECTIVE (IO)</b> IO1: 30% of students to do industrial relevant final year project work. IO2: Number of faculty members undergoing industrial training in a year should be not less than 30% IO3: Organize workshop / seminar in collaboration with industry at least once in a year by each department IO4: Each department shall generate a minimum of Rs.50,000/- per year from industrial consultancy work. IO5: Every department shall arrange 3 industrial visits per year.  <b>Reference:</b> ISO Quality Manual Pg. 48/90
